NEW QUESTION # 333

The senior user needs to ensure that the outputs will be used effectively to achieve the outcomes and realize the benefits.

Which element of effective business case management is the senior user applying?

- **A. Planning benefit reviews during the project**
- B. The business case lifecycle
- C. Aligning products to business objectives and tolerances
- D. Establishing business justification

Answer: A

Explanation:

When the senior user ensures that the outputs will be effectively used to achieve the outcomes and realize the benefits, they are applying the element of "Planning benefit reviews during the project" within effective business case management. This involves scheduling and conducting reviews to assess how the project's outputs are being used and whether the expected benefits are being realized, ensuring alignment with the project's business case. NEW QUESTION # 334

Which is a benefit of applying the 'tailor to suit the project' principle?

- A. The number of outputs is reduced
- **B. Project management becomes less bureaucratic**
- C. The capability of leadership is strengthened
- D. The project environment complexity is reduced

Answer: B

Explanation:

Applying the 'tailor to suit the project' principle in PRINCE2 helps make project management less bureaucratic by allowing for adaptations based on the project's size, complexity, environment, and stakeholders' needs. This flexibility reduces unnecessary overhead and ensures that the project management approach is both effective and efficient, enhancing overall project delivery without being overly constrained by rigid processes.
