- A. 3 months
- **B. month**
- C. 12 months
- D. 6 months

正解: B

解説:

Under the CISI UAE Financial Rules and Regulations, brokers are required to submit regular statements of account to clients. These statements must include the client's balance of securities and cash, as well as details of all transactions executed. The statement must be submitted on a monthly basis, unless a different arrangement is specifically agreed upon between the broker and the client. This ensures transparency, allowing clients to stay informed about their investment portfolios and the status of their accounts. Regular monthly reporting is a fundamental requirement for protecting client interests and ensuring that financial institutions operate with the highest standards of accountability and client service.

- A. Listed joint-stock companies, licensed brokers and any other type of business entity
- B. Listed joint-stock companies and licensed brokers
- C. Licensed brokers
- D. Listed joint-stock companies, licensed brokers and other listed entities

正解: D

解説:

Under the UAE regulatory framework, membership of an Authority-regulated market is obligatory for listed joint-stock companies, licensed brokers, and other listed entities. This requirement ensures that all entities involved in public trading or listed on the market adhere to the regulatory standards set by the market's governing body. It provides a structured environment for trading and market oversight, promoting transparency and fairness. The inclusion of licensed brokers and other listed entities ensures that all market participants are subject to the same rules, helping to maintain integrity and stability in the market.

質問 # 81

When updating their money laundering compliance framework, firms involved in crypto assets are required to take into account the recommendations of which body?

- A. Bank for International Settlements
- B. United Nations Office on Drugs and Crime
- C. World Bank
- D. Financial Action Task Force

正解: D

解説:

Under the UAE's Anti-Money Laundering (AML) and Combating the Financing of Terrorism (CFT) framework, firms, including those involved in crypto assets, are required to align their compliance practices with international standards. The Financial Action Task Force (FATF) provides the global framework and recommendations to combat money laundering and terrorism financing. Firms must adhere to these recommendations to update and maintain their AML compliance programs effectively, ensuring that they remain in line with the best global practices and avoid involvement in illicit activities. The FATF's guidelines specifically address the risks posed by crypto assets and set standards for monitoring, reporting, and controlling potential misuse of such assets for money laundering purposes.

## 質問 # 82

A good-till-cancelled order on the DFM will remain available for execution unless it is cancelled by:

- A. the investor
- B. the broker
- C. the clearing member
- D. the market committee

正解: A

解説:

On the Dubai Financial Market (DFM), a good-till-cancelled (GTC) order remains active and available for execution until explicitly cancelled by the investor who placed it. This means the investor maintains control over the order's lifespan, allowing it to persist through trading sessions unless they choose to withdraw it.

Brokers or clearing members do not have authority to unilaterally cancel GTC orders, ensuring investor autonomy. The market committee also does not intervene in the cancellation of individual orders under normal circumstances. This design supports investor flexibility and orderly market functioning.
