

New HPE2-B08 Study Notes - HPE2-B08 Valid Exam Voucher

We never concoct any praise but show our capacity by the efficiency and profession of our HPE2-B08 practice materials. Besides, the pollster conducted surveys of public opinions of our HPE2-B08 study engine and get desirable outcomes that more than 98 percent of exam candidates feel rewarding after using our HPE2-B08 Actual Exam. And we enjoy their warm feedbacks to show and prove that we really did a good job in this career. You can totally rely on us!

Don't waste time, buy the latest HPE2-B08 pdf questions and practice tests from PracticeDump and get successful. You can free download the demo of any format of HP HPE2-B08 test questions before purchase. You can claim a refund if you don't pass the HP HPE2-B08 Certification Exam after using these actual HP HPE2-B08 exam dumps.

HPE2-B08 Valid Exam Voucher & HPE2-B08 Exam Dumps Provider

Whatever HPE2-B08 Exam, you are taking; the study guides of PracticeDump are there to help you get through the exam without any hassle. The questions and answers are absolutely exam oriented, focusing only the most essential part of your exam syllabus. Thus they save your time and energy going waste in thumbing through the unnecessary details.

HPE Private Cloud AI Solutions Sample Questions (Q34-Q39):

NEW QUESTION # 34

When a developer deploys an AI model using an NVIDIA Inference Microservice (NIM) on HPE Private Cloud AI, the NIM automatically detects the underlying NVIDIA GPU hardware.

The developer sees the following status message upon deployment:

...

NIM Status:

- Model: mistral-7b-instruct-v0.2

- Status: Running

- Engine Profile: Selected 'TensorRT-LLM FP8' for optimal latency on detected Hopper-class GPU.

...

What does the selection of the 'TensorRT-LLM FP8' engine profile indicate?

- A. The NIM container is running on a CPU-only node and is emulating a GPU.
- **B. The underlying GPU supports the Hopper architecture, and NIM has optimized the model using a lower precision format for faster performance.**
- C. The NIM container has failed because it requires an FP32 profile to run.
- D. The model is being automatically fine-tuned by the NIM using the TensorRT framework.

Answer: B

NEW QUESTION # 35

An architect is comparing two different models for a text summarization task.

Model A: A Convolutional Neural Network (CNN)

*Model B: A Transformer-based model

Why is the Transformer-based model (Model B) fundamentally better suited for this task?

- A. CNNs can only process images, not text.
- **B. Transformers use an attention mechanism to understand the contextual relationships between all words in the text, which is critical for summarization.**
- C. CNNs require significantly more training data than Transformers.
- D. Transformers can be trained without GPUs, unlike CNNs.

Answer: B

NEW QUESTION # 36

A customer needs a solution for their deployed customer service chatbot. They state: "We don't need to change the model itself, but we need the chatbot to answer questions using our product documentation, which is updated every night. The answers must be fast and based on the latest documents." How would you categorize this workload?

- A. A model development and experimentation workload.
- B. A classic AI inferencing workload.
- C. A large-scale model training workload.
- **D. A RAG (Retrieval-Augmented Generation) inferencing workload.**

Answer: D

NEW QUESTION # 37

A data analytics team is running workloads on an HPE Private Cloud AI solution. They observe that a data ingestion job is not meeting performance expectations, suspecting a CPU bottleneck. They believe the application is not correctly leveraging GPUDirect Storage (GDS), forcing data to be copied through the server's main memory before reaching the GPU.

Which are valid reasons why GDS might not be functioning correctly? (Choose 3.)

- A. The HPE GreenLake for File Storage array is using SATA SSDs instead of NVMe SSDs.
- **B. The network switches are not configured for lossless operation (e.g., PFC is disabled).**
- **C. The NVIDIA peer memory driver has not been installed on the guest VM.**
- D. The NVIDIA GPUs have been configured with Multi-Instance GPU (MIG), which enhances GDS performance.
- **E. The application is using a standard TCP/IP socket for data transfer instead of an RDMA-based library.**

Answer: B,C,E

NEW QUESTION # 38

An architect is designing a distributed training solution using HPE Private Cloud AI. The solution involves multiple HPE ProLiant DL380a servers, each with four NVIDIA H100 GPUs.

Review the logical network topology:

```
...  
[HPE ProLiant Server 1] \  
- GPU 0 <--> GPU 1 (Internal)  
- GPU 2 <--> GPU 3 (Internal)  
\  
[NVIDIA Spectrum Switch (RoCE)] <--> [HPE GreenLake for File Storage]  
/  
[HPE ProLiant Server 2] /  
- GPU 0 <--> GPU 1 (Internal)  
- GPU 2 <--> GPU 3 (Internal)  
...
```

Which interconnect technology facilitates the highest-bandwidth communication path labeled "(Internal)" for scaling the training job across the GPUs within a single server?

- A. RDMA over Converged Ethernet (RoCE)
- B. GPUDirect Storage (GDS)
- C. PCI Express (PCIe) Gen5
- **D. NVIDIA NVLink Bridge**

Answer: D

NEW QUESTION # 39

.....

Will you feel nervous for the exam? If you do, we can relieve your nerves if you choose us. HPE2-B08 Soft test engine can stimulate the real exam environment, so that you can know procedures of the real exam environment, and it will build up your confidence. In addition, HPE2-B08 exam materials are verified by the experienced experts, and therefore the quality can be guaranteed. We offer you free demo to have a try before buying, so that you can have a better understanding of what you are going to buy. If you buy HPE2-B08 Exam Materials from us, we also pass guarantee and money back guarantee if you fail to pass the exam.

HPE2-B08 Valid Exam Voucher: https://www.practicedump.com/HPE2-B08_actualtests.html

If you have any questions about the HPE2-B08 learning materials, do not hesitate and ask us in your anytime, we are glad to answer your questions and help you use our HPE2-B08 study questions well, HP New HPE2-B08 Study Notes With working in IT industry and having IT dream, you don't expect to be caught up by other people which need you to improve your IT skills to prove your ability, One the other hand, the learning process in our HPE2-B08 Valid Exam Voucher sure certkingdom cram is of great convenience for the customers.

Email Apps and Spam, By learning just a few of the fine points of this HPE2-B08 Exam Dumps Provider technology, you can decrease the number of wasted shots and get results that look like what you had in mind when you captured the image.

Famous HPE2-B08 Test Learning Guide: HPE Private Cloud AI Solutions has high pass rate - PracticeDump

If you have any questions about the HPE2-B08 Learning Materials, do not hesitate and ask us in your anytime, we are glad to answer your questions and help you use our HPE2-B08 study questions well.

With working in IT industry and having IT dream, you don't HPE2-B08 expect to be caught up by other people which need you to improve your IT skills to prove your ability.

One the other hand, the learning process in our Hybrid Cloud sure certkingdom HPE2-B08 Reliable Exam Simulator cram is of great convenience for the customers, The value of professional qualification has been shown to rise with time.

The content is self-explanatory and therefore you need not any further coaching.
