The focus and seriousness of our CSC2 Study Materials gives it a 99% pass rate. Using our products, you can get everything you want, including your most important pass rate. Our CSC2 actual exam is really a good helper on your dream road.

CSI Canadian Securities Course Exam2 Sample Questions (Q136-Q141):

NEW QUESTION # 136

When considering the overall investment objectives of liquid alternatives, what time horizon is the most appropriate for retail investors when investing in these funds?

- A. Short-term
- B. Short-to medium-term
- **C. Long-term**
- D. Medium-term

Answer: C

Explanation:

Liquid alternatives, also known as alternative mutual funds, combine features of traditional mutual funds with hedge fund-like strategies. They provide access to alternative investments such as derivatives, short-selling, and leverage while adhering to stricter regulations for retail investors. These funds are designed to achieve diversification and risk-adjusted returns that are less correlated with traditional stock and bond markets.

When considering liquid alternatives, a long-term investment horizon is most appropriate for retail investors.

The key reasons include:

- * **Volatility and Complexity:** Liquid alternatives can be more volatile than traditional funds due to their use of sophisticated strategies like leverage or derivatives. This requires a long-term outlook to weather short-term fluctuations.
- * **Objective of Absolute Returns:** Liquid alternatives are often structured to provide positive returns over a full market cycle, which typically spans several years.
- * **Diversification Benefits:** The risk mitigation offered by these funds unfolds over time as they reduce the portfolio's overall exposure to specific market conditions.

Investors seeking short-term gains may not benefit as much due to the time required for the strategies employed to materialize their intended results. Long-term objectives align better with the nature of liquid alternatives and their ability to smooth returns.

:

CSC Volume 2, Chapter 20: "Alternative Investments: Strategies and Performance," discusses the structure and time horizon

considerations for liquid alternatives.

NEW QUESTION # 137

The following financial information is available for fund SKE:

Total liabilities	\$100,000
Units outstanding	1,000,000
Book value of assets	\$10,000,000
Current market value of assets	\$12,000,000

What is SKE fund's net asset value per share?

- A. \$12,00
- **B. \$11, 90**
- C. \$9,90
- D. \$10, 00

Answer: B

Explanation:

A white sheet with black text Description automatically generated

To calculate the **Net Asset Value (NAV) per share** of the SKE Fund, use the following formula:

$$\text{NAV per share} = \frac{\text{Current Market Value of Assets} - \text{Liabilities}}{\text{Units Outstanding}}$$

Step-by-step Calculation:

1. **Current Market Value of Assets:** \$12,000,000
2. **Liabilities:** \$100,000
3. **Net Asset Value (NAV)** = \$12,000,000 - \$100,000 = **\$11,900,000**
4. **Units Outstanding:** 1,000,000

Now calculate NAV per share:

$$\text{NAV per share} = \frac{\text{NAV}}{\text{Units Outstanding}} = \frac{11,900,000}{1,000,000} = 11.90$$

Thus, the **NAV per share** is **\$11.90**.

Explanation of Answer Options:

- * Option A (\$9.90): Incorrect; this value does not reflect the subtraction of liabilities.
- * Option B (\$11.90): Correct; it accounts for the subtraction of liabilities and proper division by outstanding units.
- * Option C (\$12.00): Incorrect; it represents the market value of assets per unit without deducting liabilities.
- * Option D (\$10.00): Incorrect; this value does not align with the given data or calculations.

References to Canadian Securities Course Exam 2 Study Materials:

- * Volume 2, Chapter 17- Mutual Funds: Structure and Regulation, Pricing Mutual Fund Units:
 - * Discusses the formula for calculating NAV per share, including the treatment of liabilities and market value of assets.
- * Volume 2, Chapter 22- Other Managed Products:
 - * Covers the concept of valuation for managed funds and its importance for accurate pricing.
- * Volume 1, Chapter 11- Corporations and Their Financial Statements:
 - * Provides foundational knowledge about book and market values used in calculations.
