## Relevant 1Z0-1042-25 Exam Dumps & Reliable 1Z0-1042-25 Dumps Pdf

It is known to us that the error correction is very important for these people who are preparing for the 1Z0-1042-25 exam in the review stage. It is very useful and helpful for a lot of people to learn from their mistakes, because many people will make mistakes in the same way, and it is very bad for these people to improve their accuracy. If you want to correct your mistakes when you are preparing for the 1Z0-1042-25 Exam, the study materials from our company will be the best choice for you.

## Oracle Cloud Infrastructure 2025 Application Integration Professional Sample Questions (Q89-Q94):

### NEW QUESTION # 89

Oracle Integration (OIC) is available in two editions, Standard and Enterprise. Which two OIC Enterprise Edition capabilities are also available in OIC Standard Edition?

- A. B2B Trading Partner Agreements

- B. File Server
- C. Enterprise Application adapters (such as EBS, JDE, SAP, and Siebel)
- D. Process Automation
- E. Visual Builder

**Answer: B,E**

Explanation:

Comprehensive and Detailed Explanation:

Editions:

C, D:True-File Server, Visual Builder in both.

### NEW QUESTION # 90

You need to create an OIC integration that will process many records individually contained within a large file. You have been advised to use an implementation approach that includes using the Download File operation of an FTP adapter in conjunction with the Stage File action's Read File in Segments operation to mitigate issues with memory consumption.

When using this approach, which is a valid consideration regarding the use of the Read File in Segments operation?

- A. You must provide the actual filename because file references cannot be processed by the Read File in Segments operation.
- B. You will need to explicitly configure a Scope action for this operation if you want to add additional actions during the processing of each segment.
- C. The Read File in Segments operation allows you to process the segments sequentially or in parallel.
- D. Segment sizes will default to 50 records but can be configured to any other segment size.

**Answer: C**

Explanation:

The Read File in Segments operation allows you to process file segments sequentially or in parallel, making it an effective method to handle large files without consuming excessive memory.

### NEW QUESTION # 91

You are an Oracle Integration Cloud (OIC) specialist working on a project to integrate two systems using OIC. During testing, you notice that the integration instance fails to execute and returns an error message.

Which step would you take first to troubleshoot the issue?

- A. Check the instance logs for specific error messages and details.
- B. Increase the number of instances to handle the error.
- C. Immediately restart the integration instance.
- D. Contact Oracle Support and wait for a response.

**Answer: A**

Explanation:

Comprehensive and Detailed Explanation:

Troubleshooting in OIC begins with diagnostics:

Option A:Checking instance logs (via the Monitoring or Activity Stream page) provides detailed error messages, stack traces, and context- the first logical step.

Option B:Increasing instances addresses scalability, not root cause identification.

Option C:Restarting might clear transient issues but skips understanding the failure.

Option D:Contacting support is a later step after initial investigation.

Logs are the primary tool for pinpointing issues efficiently.

### NEW QUESTION # 92

Oracle Integration (OIC) integrations can be exported so that later they can be imported into another OIC environment. Which statement is NOT valid regarding the import and export of OIC integrations?

- A. Imported integrations can be reconfigured to use different connection resources by using the OIC REST API.
- B. Exported integrations include all their dependent connection resource information except URLs and credentials.

- C. Imported integrations cannot be immediately activated if their dependent connection resources are not already present in the target OIC environment.
- D. Integration must be exported as a project deployment if you want to import them into another OIC environment.

**Answer: D**

Explanation:

Comprehensive and Detailed Explanation:

Exporting/importing integrations is key for migration or backup. Let's analyze:

A:True-exports (IAR/PAR) include metadata but exclude sensitive data.

B:False-no "project deployment" requirement; individual IAR or PAR files suffice.

C:True-missing connections block activation.

**NEW QUESTION # 93**

A Logger action enables you to log messages at runtime for fault diagnostic purposes. Which is NOT a valid statement concerning Logger action capabilities?

- A. It always logs messages if the integration's tracing level is set to Audit.
- B. You can always specify to log, even when the integration's tracing level is set to Production.
- C. Debug-level messages require the integration's tracing level to be set to Debug.
- D. It logs messages only to the activity stream and diagnostic logs.

**Answer: A**

Explanation:

Comprehensive and Detailed Explanation:

Logger Action:

B:False-not guaranteed at Audit level.

**NEW QUESTION # 94**

.....

It is a common sense that in terms of a kind of Oracle Cloud Infrastructure 2025 Application Integration Professional test torrent, the pass rate would be the best advertisement, since only the pass rate can be the most powerful evidence to show whether the 1Z0-1042-25 guide torrent is effective and useful or not. We are so proud to tell you that according to the statistics from the feedback of all of our customers, the pass rate among our customers who prepared for the exam under the guidance of our Oracle Cloud Infrastructure 2025 Application Integration Professional test torrent has reached as high as 98%to 100%, which definitely marks the highest pass rate in the field. Therefore, the 1Z0-1042-25 Guide Torrent compiled by our company is definitely will be the most sensible choice for you.
