질문 # 27

Gray, an independent Certified Fraud Examiner (CFE), was hired by Green, president of the ABC Corporation, to investigate allegations that one of ABC's employees is taking kickbacks. During the investigation, Gray teams that Green is involved in an unrelated fraud. Under the ACFE Code of Professional Ethics, Gray should:

- A. Tell the company's board of directors about Green.
- B. Resign from the engagement
- C. Report Green to law enforcement
- D. Not disclose the information about Green.

정답: A

설명:

Professional Responsibility Under ACFE Code of Ethics: The ACFE Code of Professional Ethics requires Certified Fraud Examiners (CFEs) to disclose material information to the proper authorities. When fraud is discovered, the CFE must act in the best interest of the organization while adhering to ethical standards.

* In this scenario, Gray must report Green's involvement in unrelated fraud to ABC Corporation's board of directors. This ensures transparency and accountability without breaching client confidentiality unnecessarily.

Relevant Principles from ACFE Code of Ethics:

* Integrity: CFEs must act honestly and report findings to the appropriate parties.

* Objectivity: The CFE must avoid conflicts of interest and ensure impartiality in all findings and disclosures.

Board Reporting Responsibility:

* Reporting to the board is appropriate because they are responsible for corporate governance and oversight. Law enforcement involvement should follow organizational protocols unless laws explicitly mandate direct reporting.

* Once punishment ceases, the behavior often resurfaces.

* Analysis of Options:

- * A. Increase in behavior: This contradicts findings; punishment reduces behavior temporarily.
 - * B. No effect: Punishment does affect behavior but typically in the short term.
 - * D. Permanent suppression: Rarely achieved without reinforcement of alternative behaviors.
 - * Conclusion: Punishment results in temporary suppression of undesired behavior.

질문 # 30

- B. Fraud assessment questioning techniques are most appropriately used as part of the normal audit process

질문 # 31

Benjamin, a Certified Fraud Examiner (CFE), was contacted regarding an engagement to investigate a complex money laundering case spanning numerous international jurisdictions and involving multiple cutting-edge technologies. Benjamin had previously attended a seminar on investigating money laundering schemes, but he had no other training or experience in such cases. However, he accepted the engagement and chose to conduct the work himself. Benjamin's conduct would likely be a violation of the ACFE Code of Professional Ethics.

- A. False
- B. True

정답: B

설명:

Understanding the ACFE Code of Professional Ethics: The ACFE Code of Professional Ethics requires Certified Fraud Examiners to demonstrate competence and due care in their professional services. Specifically:

Rule 2 states that CFEs must "perform all professional engagements with due diligence." Rule 4 emphasizes that CFEs must "avoid conduct that discredits the profession or the Association." Competence and Due Care:

Benjamin, despite his attendance at a seminar on money laundering, lacks the requisite expertise or experience in investigating complex money laundering cases. Accepting an engagement of this nature without possessing adequate training, knowledge, or resources indicates a failure to exercise due care.

The Code emphasizes the importance of competence, meaning professionals must decline engagements that exceed their expertise unless they involve qualified individuals or teams.

Violation Assessment:

By choosing to conduct the investigation alone, Benjamin disregards the ethical requirement to ensure competence and quality in professional work. This likely jeopardizes the investigation's integrity and results.

This conduct could lead to suboptimal outcomes, legal liabilities, and reputational harm, which discredit the profession, violating the ACFE ethical framework.

Conclusion: Benjamin's decision is a breach of the ACFE Code of Professional Ethics because he failed to ensure adequate preparation, skills, and resources for the engagement.
