Latest Cloud-Deployment-and-Operations Questions | Cloud-Deployment-and-Operations Unlimited Exam Practice

P.S. Free & New Cloud-Deployment-and-Operations dumps are available on Google Drive shared by GuideTorrent: https://drive.google.com/open?id=1YL5mN3aKGXfEkmH9MoB177_TqCnO8EVX

Our Cloud-Deployment-and-Operations practice materials are suitable for exam candidates of different degrees, which are compatible whichever level of knowledge you are in this area. These Cloud-Deployment-and-Operations training materials win honor for our company, and we treat Cloud-Deployment-and-Operations test engine as our utmost privilege to help you achieve your goal. Meanwhile, you cannot divorce theory from practice, but do not worry about it, we have stimulation Cloud-Deployment-and-Operations Test Questions for you, and you can both learn and practice at the same time.

Dear, if you are preparing for the Cloud-Deployment-and-Operations exam test, you cannot miss GuideTorrent Cloud-Deployment-and-Operations dumps torrent. Cloud-Deployment-and-Operations pdf torrent is the best valid and reliable study material you are looking for. The content of Cloud-Deployment-and-Operations training vce are edited and compiled by the professional experts who have all been worked in the IT industry for decades. The authority and reliability are without any doubt. With the help of WGU Cloud-Deployment-and-Operations Free Download Pdf, you will get high scores in your actual test.

Cloud-Deployment-and-Operations Unlimited Exam Practice - Cloud-Deployment-and-Operations Test Answers

The GuideTorrent offers latest WGU Cloud Deployment and Operations Cloud-Deployment-and-Operations exam questions and answers, with WGU Cloud-Deployment-and-Operations exam practice test questions you can ace your WGU Cloud-Deployment-and-Operations exam preparation simply and quickly and pass the final Cloud-Deployment-and-Operations Exam easily. The WGU Cloud-Deployment-and-Operations exam practice test questions will assist you in WGU Cloud-Deployment-and-Operations exam preparation.

WGU Cloud Deployment and Operations Sample Questions (Q32-Q37):

NEW QUESTION # 32
(What needs to be configured in Systems Manager to run Automation documents on schedule?)

- A. Rate control
- B. Resource groups

- C. Session preferences
- D. Maintenance window

Answer: D

Explanation:
To run Automation documents on a schedule in AWS Systems Manager, a maintenance window must be configured. Maintenance windows define the time periods during which automated tasks, including the execution of Automation documents, can run. The WGU Cloud Deployment and Operations Study Guide (Section 5.2, Maintenance Windows) explains that maintenance windows are used to schedule and control the execution of Systems Manager tasks, ensuring they align with operational windows. Rate control, session preferences, and resource groups are not used for scheduling automation tasks.

NEW QUESTION # 33
(Which two languages are used by CloudFormation to define infrastructure? Choose 2 answers.)

- A. C#
- B. YAML
- C. JSON
- D. XML

Answer: B,C

Explanation:
Comprehensive and Detailed Explanation From Exact Extract:
AWS CloudFormation uses YAML and JSON languages to define infrastructure as code (IaC) templates, specifying resources, parameters, and configurations. These formats are human-readable and support the creation of stacks for provisioning AWS resources. The WGU Cloud Deployment and Operations Study Guide (Section 5.3, CloudFormation) states, "CloudFormation templates can be written in YAML or JSON, both of which are supported for defining infrastructure resources like EC2 instances and S3 buckets." XML and C# are not supported languages for CloudFormation templates.

NEW QUESTION # 34
(A company manages a containerized application by manually deploying AWS compute instances. Which solution should be used to optimize the cost of the application?)

- A. EFS
- B. Fargate
- C. Aurora
- D. RDS

Answer: B

Explanation:
AWS Fargate should be used to optimize the cost of a containerized application by eliminating the need for manual instance management, as it provides serverless container orchestration that automatically scales and charges only for resource usage. The WGU Cloud Deployment and Operations Study Guide (Section 7.5, Fargate) states, "Fargate optimizes costs for containerized applications by removing the overhead of managing EC2 instances, scaling automatically, and billing based on vCPU and memory usage, reducing manual deployment expenses." Aurora, RDS, and EFS are database or storage solutions not designed for container cost optimization.

NEW QUESTION # 35
(A company has implemented multifactor authentication (MFA) for access to its AWS tenant. Which API call is needed to perform MFA before accessing a resource?)

- A. GetSessionToken
- B. GetCallerIdentity
- C. DecodeAuthorizationMessage
- D. GetFederationToken

Answer: A

Explanation:
The `GetSessionToken` API call is needed to perform MFA before accessing a resource, as it generates temporary security credentials for an IAM user after MFA validation. This ensures secure access to AWS resources. The WGU Cloud Deployment and Operations Study Guide (Section 6.2, IAM and MFA) states,
"The `GetSessionToken` API is used with MFA to obtain temporary credentials, requiring a valid MFA code to authenticate the user before resource access is granted." GetCallerIdentity, GetFederationToken, and DecodeAuthorizationMessage serve different purposes and do not handle MFA authentication.

NEW QUESTION # 36
(An administrator needs to create Systems Manager Automation documents to take action based on AWS Config rules. Which two file formats should be used? Choose 2 answers.)

- A. YAML
- B. JSON
- C. XML
- D. CSV

Answer: A,B

Explanation:
Systems Manager Automation documents can be created using JSON or YAML file formats to define workflows and actions based on AWS Config rules. These formats allow administrators to specify the steps and parameters for automation tasks, such as remediation actions triggered by Config rule evaluations. The WGU Cloud Deployment and Operations Study Guide (Section 5.1, Systems Manager Automation) states that both JSON and YAML are supported formats for writing Automation documents, providing flexibility in scripting automation logic. XML and CSV are not supported formats for this purpose.

NEW QUESTION # 37
......

Everything needs a right way. The good method can bring the result with half the effort, the same different exam also needs the good test method. Our Cloud-Deployment-and-Operations study materials in every year are summarized based on the test purpose, every answer is a template, there are subjective and objective exams of two parts, we have in the corresponding modules for different topic of deliberate practice. To this end, our Cloud-Deployment-and-Operations Study Materials in the qualification exam summarize some problem- solving skills, and induce some generic templates.

Cloud-Deployment-and-Operations Unlimited Exam Practice: https://www.guidetorrent.com/Cloud-Deployment-and-Operations-pdf-free-download.html

All in all, our Cloud-Deployment-and-Operations pass test really helps you a lot if you want to obtain the certification, Confirm Your Success With Our Latest & Updated WGU Cloud-Deployment-and-Operations Exam Dumps, According to the statistics shown in the feedback chart, the general pass rate for latest Cloud-Deployment-and-Operations test prep is 98%, Therefore if you choose Cloud-Deployment-and-Operations study materials of us, we will help you pass the exam and get the certificate successfully.

We are proud to say that about passing Cloud-Deployment-and-Operations we are the best, Filter Title like Manager* or, All in all, our Cloud-Deployment-and-Operations pass test really helps you a lot if you want to obtain the certification.

100% Pass Quiz WGU - Pass-Sure Cloud-Deployment-and-Operations - Latest WGU Cloud Deployment and Operations Questions

Confirm Your Success With Our Latest & Updated WGU Cloud-Deployment-and-Operations Exam Dumps, According to the statistics shown in the feedback chart, the general pass rate for latest Cloud-Deployment-and-Operations test prep is 98%.

Therefore if you choose Cloud-Deployment-and-Operations study materials of us, we will help you pass the exam and get the certificate successfully, We are doing our utmost to provide services with Cloud-Deployment-and-Operations high speed and efficiency to save your valuable time for the majority of candidates.
