Latest UiAAAv1 Exam Registration - Pass UiPath Agentic Automation Associate Forever

As is known to us, the quality is an essential standard for a lot of people consuming movements, and the high quality of the UiAAAv1 study materials is always reflected in the efficiency. We are glad to tell you that the UiAAAv1 study materials from our company have a high quality and efficiency. If you decide to choose our study materials as your first study tool, it will be very possible for you to pass the UiAAAv1 Exam successfully, and then you will get the related certification in a short time.

UiPath Agentic Automation Associate Sample Questions (Q42-Q47):

NEW QUESTION # 42

Scenario: A Citrix Administrator needs to configure StoreFront to allow external users access to internal resources. The external users will authenticate on StoreFront. Which StoreFront authentication method can the administrator configure?

- A. HTTP Basic
- B. Username and password
- C. Pass-through from NetScaler Gateway
- D. Smart card

Answer: C

Explanation:

For external access, authentication is typically performed at Citrix NetScaler (now Citrix ADC).

StoreFront must then be configured with the "Pass-through from NetScaler Gateway" authentication method, allowing StoreFront to accept and trust the authentication performed externally.

NEW QUESTION # 43

Which layer contains the Site database in a Citrix Virtual Apps and Desktops Architecture model?

- A. Control
- B. Resource
- C. User
- D. Access

Answer: D

NEW QUESTION # 44

A Citrix Administrator is concerned about the TCP overhead associated with Citrix HDX connections. There are concerns about latency and TCP overhead associated with setting up a connection to Virtual Delivery Agent (VDA) resources. What technology should be deployed to move connections to UDP and improve the quality of the user experience?

- A. Microsoft Teams Optimization
- B. Browser Content Redirection
- C. HDX Adaptive Transport
- D. Citrix Optimizer

Answer: C

Explanation:

HDX Adaptive Transport uses Citrix's Enlightened Data Transport (EDT) protocol, which runs over UDP instead of TCP. This reduces latency, minimizes TCP overhead, and improves the quality and responsiveness of HDX sessions, especially in high-latency or lossy network conditions.

NEW QUESTION # 45

Scenario: A Citrix Administrator needs to power-manage a group of Server OS Virtual Delivery Agent (VDA) machines that are all in the same Delivery Group. The administrator needs all the machines to be restarted once a week during the weekend. Additionally, a subset of the machines should be restarted every day during non-peak hours. Which feature must the administrator change from the default values in order to fulfill the requirements?

- A. Weekday and weekend hours
- B. Peak and non-peak hours
- C. Tag restrictions
- D. Restart duration

Answer: C

Explanation:

Tag restrictions allow administrators to apply different power management schedules to subsets of machines within the same Delivery Group. By tagging certain Server OS VDAs, the administrator can configure weekly restarts for all machines and daily restarts for only the tagged subset during non-peak hours.

NEW QUESTION # 46

Scenario: A Citrix Administrator is configuring the Citrix Workspace app to allow users to access their applications and desktops. Management requires that users can log on to the environment from any device without having to remember the server address. What should the administrator do to meet these requirements?

- A. Configure a DNS Service Record for the Citrix Workspace app.
- B. Configure the Citrix Workspace app using a Group Policy Template File.
- C. Deploy and configure the Citrix Workspace app using scripts.
- D. Allow users to download the configuration from Citrix.com

Answer: A

Explanation:

By configuring a DNS SRV record pointing to the StoreFront or Citrix Gateway address, users can log on to Citrix Workspace without manually entering a server address. This allows seamless access from any device while meeting management's requirement for ease of use.

NEW QUESTION # 47

.....

Our delivery speed is also highly praised by customers. Our UiAAAv1 exam dumps won't let you wait for such a long time. As long as you pay at our platform, we will deliver the relevant UiAAAv1 test prep to your mailbox within 5-10 minutes. Our company attaches great importance to overall services, if there is any problem about the delivery of UiAAAv1 Test Braindumps, please let us know, a message or an email will be available. We are pleased that you can spare some time to have a look for your reference about our UiAAAv1 test prep.
