Slack-Admn-201시험대비 덤프 최신자료 - Slack-Admn-201최신버전자료

성공을 위해 길을 찾고 실패를 위해 구실을 찾지 않는다는 말이 있습니다. Salesforce인증 Slack-Admn-201시험이 영어로 출제되어 시험패스가 너무 어렵다 혹은 회사다니느라 공부할 시간이 없다는 등등은 모두 공부하기싫은 구실에 불과합니다. ITDumpsKR의 Salesforce인증 Slack-Admn-201덤프만 마련하면 실패를 성공으로 바꿀수 있는 기적을 체험할수 있습니다.

최신 Salesforce Administrator Slack-Admn-201 무료샘플문제 (Q28-Q33):

질문 # 28
Jose works at Globex and is a Slack administrator and Champion.
He receives several Slack direct messages per day from employees looking for more information on a range of topics, such as how to connect apps to their Slack workspace and where to find training materials.
Jose wants to encourage Slack best practices among employees. Which course of action should Jose take in this situation?

- A. Ask the employees to post their own question in a public #help channel, where Jose and his team will respond in thread.
- B. Respond to each employee via direct message with the answer to their question.
- C. Post their question on their behalf in a public #help channel and respond in thread.
- D. Ask the question, and if they are still unable to find the answer, post their own question in a public #help channel, where Jose and his team will respond in thread.

정답：A

설명：
Slack best practices encourage public discussions to:
"Make answers discoverable to others who might have the same question later, reduce redundant inquiries, and model a culture of openness." By encouraging employees to post their questions in a public help channel, Jose reinforces using public channels and helps build a searchable knowledge base.
(Reference: Slack Administration Study Guide - Promoting Open Communication and Knowledge Sharing)
-

질문 # 29
You're a member of a public Slack Connect channel that is being used to collaborate with members of a partner organization. You can see that one of your primary contacts at the partner organization is already a member of the channel, but they're having trouble locating the channel in their Slack instance.
You send them the channel name in a direct message (DM) so that they can search it in Slack, but they still cannot locate the channel.
What is the reason for this?
(Select the best answer.)

- A. The employee of the partner organization is not a member of the Slack Connect channel.
- B. The Slack Connect channel is private in the partner organization's workspace, so the employee cannot search for it.
- C. The employee of the partner organization does not have posting permissions in the channel.
- D. The Slack Connect channel may have a different name in the partner organization's workspace.

정답：D

설명：
In Slack Connect, the same channel can have different names in each participating organization's workspace:
"Slack Connect channels may appear with different names in each organization. Members need to search by the name it appears in their own workspace." Therefore, even though you sent the channel name from your side, the user on the partner organization side needs to find it by the name assigned in their workspace. It is not an issue of membership (A), posting permissions (C), or privacy settings (B) in this case.
(Reference: Slack Administration Study Guide - Slack Connect Channel Management)

질문 # 30
You're the Grid Owner for your sales company's Slack Enterprise Grid instance. Departments are spread across multiple workspaces and collaborate with their customers through Slack Connect.

Your company is growing quickly, and you want to have more control over external collaboration. You decide to set up an external workspace dedicated to Slack Connect channels. This workspace should include all current users, plus any future users.
What is the easiest and most efficient way to go about adding users to the new workspace? (Select the best answer.)

- A. Use an org-wide default channel to introduce the new workspace and its purpose. Ask all users who are currently using Slack Connect to join the workspace.
- B. Sync all current and future users to the workspace using identity provider (IdP) groups.
- C. Make the workspace a default workspace for all current and future users.
- D. Use the workspace's admin dashboard to add all users within your organization.

정답：**C**

설명：
The most efficient method to ensure all users are automatically added is:
"Make the workspace a default workspace for the Enterprise Grid organization. This way, all current and future members will automatically be added without manual intervention." Syncing IdP groups (Option D) could work but requires additional setup complexity and group management.
(Reference: Slack Administration Study Guide - Default Workspace Management in Enterprise Grid)

질문 # 31
You're an Org Owner hoping to help your admins implement an automated approval process for app and integration requests.
What is the best approach to take?

- A. * Create an ordered list of conditional rules for app and integration approvals.
  * Enable custom approval status notifications to requesters.
  * Create rules at both the Enterprise Grid and workspace level.
- B. * Create a list of trusted members for app and integration approvals.
  * Enable custom approval status notifications to approvers.
  * Create rules at both the Enterprise Grid and workspace level.
- C. * Create rules to approve apps and integrations based on their licensing cost.
  * Enable custom approval status notifications to requesters.
  * Create rules at the workspace level.

정답：**A**

설명：
Slack automation for app approvals suggests:
"Admins can define conditional rules to automatically approve or restrict apps and integrations and notify requesters of the approval status, while creating rules both at the org and workspace level for flexibility." Listing trusted members (B) does not automate the process. Cost-based approvals (C) are too narrow and risky.
(Reference: Slack Administration Study Guide - Automating App and Integration Approvals)

질문 # 32
Lindy leads an internal communications team.
Her team wants to use public channels to gain more transparency in their internal communication. Employees currently tend to default to private channels/direct messages out of habit. Lindy needs to show employees the benefits of public channels.
Which initiative should Lindy proceed with to drive behavioral change?

- A. Solicit the help of Slack admins and champions to plan a Slack Day focused on the benefits of public channels and how they unlock the power of Slack's search capabilities.
- B. Work closely with the executive team, and have them mandate public channel usage.
- C. Encourage executives to model this behavior and communicate in public channels themselves.
- D. Temporarily disallow the creation of private channels through the admin settings, and share an announcement in Slack stating why and describing the benefits of Slack's search capabilities.

정답：**C**

설명：
Slack adoption best practices emphasize:

"Behavior modeled by leadership has the greatest impact on changing how teams communicate. When executives and leaders use public channels, it sets a strong cultural example." Mandating behavior (Option B) or limiting private channel creation (Option A) can cause resistance, while education (Option D) is useful but less impactful than leadership modeling.
(Reference: Slack Administration Study Guide - Building a Public-First Culture)

질문 # 33
