## Exam 220-1201 Outline | 220-1201 New Braindumps Ebook

When preparing for the 220-1201 exam, a good source of information is what candidates need most, and the price of the materials is one of the important factors to be considered when a candidate choosing. In contrast to most exam preparation materials available online, our 220-1201 exam materials of Free4Dump can be obtained at a reasonable price so that each candidate who prepares to take the 220-1201 exam can afford it. It will not let any one of the candidates be worried about the price issue, and its quality and

advantages exceed all our competitors' similar products. We will never reduce the quality of our 220-1201 Exam Questions because the price is easy to bear by candidates and the quality of our exam questions will not let you down. They will prove the best choice for your time and money.

## CompTIA A+ Certification Exam: Core 1 Sample Questions (Q197-Q202):

### NEW QUESTION # 197

Which of the following would prevent a virtual machine from communicating with any endpoints on a network or the internet?

- A. Private cloud
- B. VDI
- C. Sandbox
- D. Type 1 hypervisor

**Answer: C**

Explanation:

A sandbox is an isolated virtual environment used to test or run applications securely without risk to the host or network. It prevents the VM from communicating with external systems, making it ideal for testing malware or suspicious software.

Option A (VDI): Virtual Desktop Infrastructure allows network communication; it does not restrict it.

Option B (Private cloud): Refers to a cloud deployment model, not a communication barrier.

Option D (Type 1 hypervisor): Runs VMs directly on hardware and does not inherently block communication.

CompTIA A+ Core 1 Exam Objective Reference:

Objective 4.1: Compare and contrast cloud computing concepts.

### NEW QUESTION # 198

Which of the following storage options would a technician most likely recommend to have large amounts of affordable capacity without concern for read times on a desktop computer?

- A. 2TB SATA 3.5" 5,400rpm HDD
- B. 2x 1TB PCIe SSD in RAID 1
- C. 750GB NVMe M.2 SSD
- D. 4TB SAS 2.5" 15,000rpm HDD

**Answer: A**

Explanation:

Comprehensive and Detailed In-Depth Explanation:

If performance is not a primary concern and the user requires large, cost-effective storage, a 2TB 5400rpm SATA HDD is ideal. It offers high capacity at a lower price point than SSDs and faster HDDs.

\* Option A: NVMe drives offer exceptional speed but are significantly more expensive per GB and not necessary when read/write speed is not a concern.

\* Option B: RAID 1 improves redundancy but cuts usable capacity in half and uses expensive SSDs.

\* Option D: SAS drives are fast and reliable but are enterprise-grade and expensive - overkill for desktop use.

CompTIA A+ Core 1 Exam Objective Reference:

\* Objective 1.3: Given a scenario, install and configure storage devices.

### NEW QUESTION # 199

A customer has contacted you about building two new desktops. The first desktop will be a gaming workstation. The customer requirements include:

Playing the newest games at a high frame rate

Fast game load times

Enough storage to have several games installed at once

High-end audio

No concern about cost

Running the current Windows OS

The second workstation will be a family workstation. The requirements include:

Capability for word processing, videoconferencing, and basic web surfing  
Minimal cost, as long as it meets the requirements  
Running

the current Windows OS

Answer:

Explanation:

Explanation:

A computer tower with a hard drive and a hard drive AI-generated content may be incorrect.

A computer tower with a computer and a hard drive AI-generated content may be incorrect.

#### NEW QUESTION # 200

Which of the following connectors supports High-bandwidth Digital Content Protection (HDCP)?

- A. VGA
- B. DVI-A
- C. DisplayPort
- D. F-type

**Answer: C**

Explanation:

DisplayPort is a fully digital video interface that supports HDCP (High-bandwidth Digital Content Protection), a digital rights-management protocol used to protect copyrighted content such as movies, streaming video, and Blu-ray playback. The CompTIA A+ study guide notes that DisplayPort and HDMI support HDCP, while analog connections like VGA and DVI-A do not support HDCP because analog signals cannot enforce digital content protection.

F-type connectors are used for coaxial cabling (cable TV, satellite), not digital video output. DisplayPort's support for encrypted high-definition video streams makes it the correct answer and aligns with CompTIA's coverage of display connectors and digital content protection technologies.

#### NEW QUESTION # 201

A small company wants the ability to print in full color but needs to pay a minimal initial purchase price for the printer. Which of the following is the best option?

- A. Dot matrix printer
- B. Laser printer
- C. Thermal printer
- D. Inkjet printer

**Answer: D**

Explanation:

Inkjet printers are the best choice for a small company seeking full-color printing with a minimal initial cost. While they have higher operating costs (due to ink), they are affordable and capable of high-quality color output.

Why Not A (Thermal printer): Thermal printers are not designed for color printing and are typically used for labels or receipts.

Why Not C (Dot matrix printer): Dot matrix printers are outdated, noisy, and do not support full-color printing.  
 Why Not D (Laser printer): Laser printers have lower running costs but a higher initial purchase price, especially for color models.  
 CompTIA A+ Exam Reference: Core 2 (220-1102), Section 4.6, printer types.

## NEW QUESTION # 202

.....

Different from other similar education platforms, the 220-1201 quiz guide will allocate materials for multi-plate distribution, rather than random accumulation without classification. How users improve their learning efficiency is greatly influenced by the scientific and rational design and layout of the learning platform. The CompTIA A+ Certification Exam: Core 1 prepare torrent is absorbed in the advantages of the traditional learning platform and realize their shortcomings, so as to develop the 220-1201 test material more suitable for users of various cultural levels. If just only one or two plates, the user will inevitably be tired in the process of learning on the memory and visual fatigue, and the 220-1201 test material provided many study parts of the plates is good enough to arouse the enthusiasm of the user, allow the user to keep attention of highly concentrated.
