Salesforce B2B Commerce for Administrators Accredited Professional Sample Questions (Q26-Q31):

NEW QUESTION # 26
Which permission set is needed for a user in the storefront to review carts within the same account?

- A. Buyer Plus

- B. Buyer Manager Plus
- C. Buyer Manager
- D. Buyer

Answer: C

Explanation:
For a user in the storefront to review carts within the same account, they would need the C. Buyer Manager permission set. This permission set grants users the ability to manage and review orders and carts for their account, enabling oversight and control over purchasing activities within the organization.

NEW QUESTION # 27

An Administrator is setting up email templates that will be automatically sent to customers after performing different actions.
How should the Administrator ensure that the emails will all be sent from a "no-reply" email address?

- A. Create an Org-Wide Email Address in Setup.
- B. Create a No-Reply Email Address in Setup.
- C. Create a System Email Address in the Store Manager.
- D. Create a Domain Email Address in the Store Manager.

Answer: A

Explanation:
To ensure that all automated emails are sent from a "no-reply" email address, the Administrator should:
B) Create an Org-Wide Email Address in Setup: This allows for the configuration of a default email address (such as a "no-reply" address) that will be used for all outgoing emails from the Salesforce org, ensuring consistency and controlling the reply behavior.

NEW QUESTION # 28

Which two workspaces are in the Commerce app? 4im 18s

- A. Product
- B. Pricing
- C. Content Management
- D. Commerce Reports
- E. Search

Answer: A,C

Explanation:
Within the Commerce app, the two workspaces available are Product (A) and Content Management (E). The Product workspace is dedicated to managing product catalogs, details, and variations, providing tools for Administrators to curate and organize their product offerings. Content Management is a workspace focused on the creation, management, and deployment of content across the commerce site, including marketing materials, informational content, and other web content. While Search (B), Commerce Reports (C), and Pricing (D) are critical aspects of B2B Commerce, they are typically managed through other sections or setups rather than being categorized as separate workspaces within the Commerce app.

NEW QUESTION # 29

An Administrator has a customer that will go live without an external tax provider until some complex regional requirements are solidified. They will start using a flat tax on a per country and per region basis in the meantime.
The customer has provided the data in a CSV file with three columns: country, region, taxRate.
Which two actions should the Administrator take to use the tax data?

- A. Use Data Loader to import the CSV file to the Cart Tax object.
- B. Use the Import feature in the Commerce App to load the tax data.
- C. Have a developer modify the tax code used in the checkout flow.
- D. Create a custom object.

Answer: A,B

Explanation:
To utilize the tax data provided in a CSV file for flat tax rates per country and region, the Administrator should:
B) Use Data Loader to import the CSV file to the Cart Tax object: Data Loader is a client application for the bulk import or export of data. Using it to import the CSV file into the Cart Tax object allows for the application of the specified tax rates during checkout based on the country and region.
C) Use the Import feature in the Commerce App to load the tax data: The Commerce App's import feature can facilitate the bulk upload of tax rates directly into the system, ensuring that the correct tax rates are applied during transactions based on the specified criteria.

NEW QUESTION # 30
Which two potential risks can a company encounter when turning on Digital Experiences during B2B Commerce setup? 09m 56s

- A. Digital Experiences extends internal org access to external members.
- B. Digital Experiences extends portal access to external members.
- C. External members may have permissions to view records they should not be able to view.
- D. External members are provided read access to all objects in the org by default.

Answer: B,C

Explanation:
When turning on Digital Experiences during B2B Commerce setup, two potential risks include Digital Experiences extending portal access to external members (A) and the possibility of external members having permissions to view records they should not be able to view (B). Proper configuration and management of access rights and permissions are crucial to mitigate these risks, ensuring that external members only have access to appropriate information and functionalities.
