

2026 High Pass-Rate 100% Free NGFW-Engineer–100% Free Exam Score | Exam Palo Alto Networks Next-Generation Firewall Engineer Bible

P.S. Free 2026 Palo Alto Networks NGFW-Engineer dumps are available on Google Drive shared by ActualtestPDF:
https://drive.google.com/open?id=1XntSH18dTBv_g84bze6LiVhOXII0OvQ3

Our NGFW-Engineer exam question is widely known throughout the education market. Almost all the candidates who are ready for the qualifying examination know our NGFW-Engineer exam questions. Even when they find that their classmates or colleagues are preparing a NGFW-Engineer exam, they will introduce our study materials to you. So, our learning materials help users to be assured of the NGFW-Engineer Exam. Currently, my company has introduced three versions of NGFW-Engineer learning materials, covering almost all the needs of the different customers.

Our Palo Alto Networks NGFW-Engineer practice materials are suitable for exam candidates of different degrees, which are compatible whichever level of knowledge you are in this area. These Palo Alto Networks NGFW-Engineer Training Materials win honor for our company, and we treat Palo Alto Networks NGFW-Engineer test engine as our utmost privilege to help you achieve your goal.

Exam NGFW-Engineer Bible | NGFW-Engineer Exam Actual Tests

ActualtestPDF is an excellent IT certification examination information website. In ActualtestPDF you can find exam tips and materials about Palo Alto Networks certification NGFW-Engineer exam. You can also free download part of examination questions and answers about Palo Alto Networks NGFW-Engineer in ActualtestPDF. ActualtestPDF will timely provide you free updates about Palo Alto Networks NGFW-Engineer exam materials. Besides, the exam materials we sold are to provide the answers. Our IT experts team will continue to take advantage of professional experience to come up with accurate and detailed exam practice questions to help you pass the exam. In short, we will provide you with everything you need about Palo Alto Networks Certification NGFW-Engineer Exam.

Palo Alto Networks Next-Generation Firewall Engineer Sample Questions (Q56-Q61):

NEW QUESTION # 56

For which two purposes is an IP address configured on a tunnel interface? (Choose two.)

- A. Redistribution of User-ID

- B. Tunnel monitoring
- C. Use of peer IP
- D. Use of dynamic routing protocols

Answer: B,D

Explanation:

Use of dynamic routing protocols: An IP address is needed on the tunnel interface to participate in dynamic routing protocols (like OSPF, BGP, etc.) over the tunnel. This allows the firewall to advertise routes and receive updates over the tunnel.

Tunnel monitoring: The IP address on the tunnel interface can also be used for monitoring the tunnel's status. Tunnel monitoring (such as IPSec tunnel monitoring) requires an IP address on the tunnel interface to check the health and availability of the tunnel.

NEW QUESTION # 57

In an active/active high availability (HA) configuration with two PA-Series firewalls, how do the firewalls use the HA3 interface?

- A. To synchronize sessions, forwarding tables, IPSec security associations, and ARP tables between firewalls in an HA pair
- B. To forward packets to the HA peer during session setup and asymmetric traffic flow
- C. To exchange hellos, heartbeats, HA state information, and management plane synchronization for routing and User-ID information
- D. To perform session cache synchronization among all HA peers having the same cluster ID

Answer: B

Explanation:

The HA3 interface, a Layer 2 link using MAC-in-MAC encapsulation, enables packet forwarding between active/active firewalls to handle asymmetric routing and ensure proper session setup when traffic arrives at the non-owner peer.

NEW QUESTION # 58

When integrating Kubernetes with Palo Alto Networks NGFWs, what is used to secure traffic between microservices?

- A. Panorama role-based access control
- B. Ansible automation modules
- C. CN-Series firewalls
- D. Service graph

Answer: C

Explanation:

When integrating Kubernetes with Palo Alto Networks NGFWs, the CN-Series firewalls are specifically designed to secure traffic between microservices in containerized environments.

These firewalls provide advanced security features like Application Identification (App-ID), URL filtering, and Threat Prevention to secure communication between containers and microservices within a Kubernetes environment.

NEW QUESTION # 59

Palo Alto Networks NGFWs use SSL/TLS profiles to secure which two types of connections? (Choose two.)

- A. GlobalProtect Portal
- B. NAT tables
- C. User Authentication
- D. GlobalProtect Gateways

Answer: A,D

Explanation:

Palo Alto Networks Next-Generation Firewalls (NGFWs) use SSL/TLS profiles to secure connections for services such as GlobalProtect Gateways and GlobalProtect Portals. These profiles are used to manage the SSL/TLS encryption and decryption for secure communication between the firewall and clients (such as VPN clients for GlobalProtect). This helps ensure the confidentiality

and integrity of the data during transmission.

NEW QUESTION # 60

An engineer at a managed services provider is updating an application that allows its customers to request firewall changes to also manage SD-WAN. The application will be able to make any approved changes directly to devices via API.

What is a requirement for the application to create SD-WAN interfaces?

- A. XML API's "sdwanprofiles/interfaces" parameter on a Panorama device
- B. XML API's "InterfaceProfiles/sdwan" parameter on a firewall device
- **C. REST API's "sdwanInterfaces" parameter on a firewall device**
- D. REST API's "sdwanInterfaceprofiles" parameter on a Panorama device

Answer: C

Explanation:

To create SD-WAN interfaces through an API, the correct approach is to use the REST API's "sdwanInterfaces" parameter on a firewall device. This parameter allows you to configure SD-WAN interfaces directly on the firewall devices via API, ensuring that the required interfaces are set up and managed for SD-WAN functionality.

NEW QUESTION # 61

.....

Adapt to the network society, otherwise, we will take the risk of being obsoleted. Our NGFW-Engineer qualification test help improve your technical skills and more importantly, helping you build up confidence to fight for a bright future in tough working environment. Our professional experts devote plenty of time and energy to developing the NGFW-Engineer Study Tool. You can trust us and let us be your honest cooperator in your future development. Here are several advantages about our NGFW-Engineer exam for your reference.

Exam NGFW-Engineer Bible: <https://www.actualtestpdf.com/Palo-Alto-Networks/NGFW-Engineer-practice-exam-dumps.html>

The NGFW-Engineer exam prep is produced by our expert, is very useful to help customers pass their exams and get the certificates in a short time, This Palo Alto Networks Exam NGFW-Engineer Bible certification is a valuable credential that is designed to validate your expertise all over the world, Palo Alto Networks NGFW-Engineer Exam Score The difference is that APP (Online Test Engine) is available for all electronic products such as MP4, MP5, Mobile phone, Iwatch, not just for personal computer, Palo Alto Networks NGFW-Engineer Exam Score As qualification exams are difficult to pass, many people may fail many times or give up half way.

Fortunately, you can still get into this folder to wreak havoc if you need to, Mobile Users Tap, The NGFW-Engineer Exam Prep is produced by our expert, is very useful to help customers pass their exams and get the certificates in a short time.

ActualtestPDF NGFW-Engineer Test Questions Prioritize Your Study Time

This Palo Alto Networks certification is a valuable credential NGFW-Engineer Dumps Torrent that is designed to validate your expertise all over the world, The difference is that APP (Online Test Engine) is available for all NGFW-Engineer electronic products such as MP4, MP5, Mobile phone, Iwatch, not just for personal computer.

As qualification exams are difficult to pass, many people may fail many times or give up half way, You may wonder if you don't pass the NGFW-Engineer actual exam, the money is wasted.
