

Pass Guaranteed Quiz 2026 CWNP Perfect Related CWDP-305 Exams

What's more, part of that Prep4sures CWDP-305 dumps now are free: https://drive.google.com/open?id=1zhrTYBrYqC7FvSi5GkACJ3KuU9J_UzHR

Having a CWNP Certification CWDP-305 Exam certificate can help people who are looking for a job get better employment opportunities in the IT field and will also pave the way for a successful IT career for them.

We provide several sets of CWDP-305 test torrent with complicated knowledge simplified and with the study content easy to master, thus limiting your precious time but gaining more important knowledge. Our CWDP-305 guide torrent is equipped with time-keeping and simulation test functions, it's of great use to set up a time keeper to help adjust the speed and stay alert to improve efficiency. Our expert team has designed a high efficient training process that you only need 20-30 hours to prepare the CWDP-305 Exam with our CWDP-305 certification training.

CWDP-305 Test Questions Answers & CWDP-305 Practice Engine

Our CWDP-305 learning question can provide you with a comprehensive service beyond your imagination. CWDP-305 exam guide has a first-class service team to provide you with 24-hour efficient online services. Our team includes industry experts & professional personnel and after-sales service personnel, etc. Industry experts hired by CWDP-305 exam guide helps you to formulate a perfect learning system, and to predict the direction of the exam, and make your learning easy and efficient. Our staff can help you solve the problems that CWDP-305 Test Prep has in the process of installation and download. They can provide remote online help whenever you need. And after-sales service staff will help you to solve all the questions arising after you purchase CWDP-305 learning question, any time you have any questions you can send an e-mail to consult them. All the help provided by CWDP-305 test prep is free. It is our happiest thing to solve the problem for you. Please feel free to contact us if you have any problems.

CWNP CWDP-305 Exam Syllabus Topics:

Topic	Details
-------	---------

Topic 1	<ul style="list-style-type: none"> • Validate and Optimize the WLAN: This section of the exam measures the skills of a WLAN Optimization Specialist and assesses the ability to test, validate, and fine-tune wireless networks post-deployment. Key tasks include RF validation surveys, performance testing, troubleshooting connectivity and security issues, and applying appropriate physical or RF adjustments. It also involves client testing and final project handover, including documentation, knowledge transfer, and meetings to ensure long-term WLAN success.
Topic 2	<ul style="list-style-type: none"> • Deploy the WLAN: This section of the exam measures the skills of a WLAN Implementation Specialist and involves overseeing the deployment phase of wireless networks. It focuses on understanding deployment procedures for various WLAN architectures, configuring supporting infrastructure, and verifying proper installation. The section also addresses physical installation checks, documentation handover, and quality assurance practices during ongoing installations.
Topic 3	<ul style="list-style-type: none"> • Design the WLAN: This section of the exam measures the skills of a WLAN Design Engineer and covers the process of selecting configurations, architecture types, and wireless components to meet business and technical requirements. It includes using design software, selecting access points and antennas, and applying methodologies such as predictive or measured design. Candidates must demonstrate the ability to produce effective documentation and configure features like QoS, roaming security, and network services for different types of client devices and applications.
Topic 4	<ul style="list-style-type: none"> • Define Specifications for the WLAN: This section of the exam measures the skills of a Wireless Network Planner and focuses on gathering business and technical requirements needed for designing wireless LANs. It includes understanding user needs, regulatory and safety constraints, and environmental factors. Candidates are expected to identify critical elements such as coverage, capacity, security, and device compatibility, and to analyse existing infrastructure and documentation to ensure a successful design strategy.

CWNP Certified Wireless Design Professional Sample Questions (Q90-Q95):

NEW QUESTION # 90

After designing and deploying a WLAN infrastructure, you realized the CCI is causing poor performance in the 2.4 GHz band. Primarily, you've designed the WLAN for 5 GHz and 2.4 GHz as a best effort. You found out that the implementers didn't follow your guidelines when configuring the WLAN infrastructure. What can you do to minimize as much as possible the CCI impact in the 2.4 GHz band?

- A. Use all channels available in the 2.4 GHz band
- **B. Turn-off 2.4 GHz radios on some APs**
- C. Add more APs to the infrastructure
- D. Increase the transmit power on all APs

Answer: B

NEW QUESTION # 91

What should always be done before connecting an AP to the production network?

Response:

- A. Increase in output power.
- B. Disabling SSID broadcasting.
- C. Reduction of output power.
- **D. Baseline configuration that prevents the introduction of security issues to the network on initial connection.**

Answer: D

NEW QUESTION # 92

When preparing a floor plan graphic for use in predictive and manual site surveying, what calibration method will lead to the most accurate and reliable RF data?

- A. Calibrate the ceiling height of the floor plan first, then the survey software should be able to auto- calibrate the X and Y planes of the graphic.
- B. Use the known size of a small object, such as a ceiling tile, and use a single instance of this object (e.g. a single ceiling tile) to scale the floor plan.
- C. Measure the width of an actual office doorway with a tape measure and use this value to calibrate against a doorway graphic.
- D. Use the longest available measurement (like a straight exterior wall) to calibrate the graphic's scale.

Answer: D

NEW QUESTION # 93

While planning for a VoWLAN deployment requiring 25 dB SNR, you measure the noise floor at -88 dBm. What is the minimum RSSI needed to meet the system's performance requirements?

- A. -70 dBm
- B. -67 dBm
- C. -63 dBm
- D. -65 dBm

Answer: C

NEW QUESTION # 94

One of your customers plans on providing wireless coverage to a warehouse facility. After performing an initial walkthrough, you collect the following information:

The central part of the warehouse is between 400 and 600 feet (122 to 183 meters) from the warehouse switches mounted on the walls.

#The warehouse storage is composed of metallic racks with varying inventory levels and contents, from electronics and plastic toys to food pallets and juice bottles.

#Workers need basic data coverage from their working location, and are not highly mobile. They usually work from one single aisle, and their laptop is on a cart with wheels.

What would be your one recommendation to provide coverage to the central area of the warehouse?

- A. Position APs along the walls, and equip the APs with Yagi antennas to cover the central area.
- B. Install APs for client access in the central area and use a mesh backhaul link to connect to the DS.
- C. In this case, extend the cable length just beyond 328 feet (100 m) and position APs as close as possible to the central area of the warehouse.
- D. Equip workers laptops with a directional antenna and install APs less than 328 feet (100m) away from the switch.

Answer: C

NEW QUESTION # 95

.....

The Certified Wireless Design Professional (CWDP-305) exam questions are being offered in three different formats. The names of these formats are CWDP-305 desktop practice test software, web-based practice test software, and PDF dumps file. The CWDP-305 desktop practice test software and web-based practice test software both give you real-time CWNP CWDP-305 exam environment for quick and complete exam preparation.
