The SPLK-1003 exam questions are the perfect form of a complete set of teaching material, teaching outline will outline all the knowledge points covered, comprehensive and no dead angle for the SPLK-1003 candidates presents the proposition scope and trend of each year, truly enemy and know yourself, and fight. Only know the outline of the SPLK-1003 Exam, can better comprehensive review, in the encounter with the new and novel examination questions will not be confused, interrupt the thinking of users.

Splunk is a powerful data analytics platform that helps businesses extract valuable insights from their machine data. As organizations continue to rely on data-driven decision making, the demand for Splunk professionals who can manage and administer the platform has grown significantly. The Splunk Enterprise Certified Admin certification (SPLK-1003) is designed to validate your knowledge and skills in deploying, managing, and troubleshooting Splunk Enterprise.

To prepare for the SPLK-1003 exam, candidates can take the Splunk Enterprise Administration course or study the Splunk Enterprise Admin manual. Additionally, there are various online resources available such as Splunk's official documentation, online forums, and practice exams.

The SPLK-1003 Exam is intended for system administrators, network administrators, security analysts, and other IT professionals who are responsible for deploying and managing Splunk Enterprise instances. Candidates should have a solid understanding of system administration, networking, and security concepts, as well as experience working with Linux and Windows operating systems.

Splunk Enterprise Certified Admin Sample Questions (Q15-Q20):

NEW QUESTION # 15
All search-time field extractions should be specified on which Splunk component?

- A. Universal forwarder
- B. Deployment server
- C. Search head
- D. Indexer

Answer: C

Explanation:
Explanation
Search-time field extractions are the process of extracting fields from events after they are indexed.
Search-time field extractions are specified on the search head, which is the Splunk component that handles searching and reporting.
Search-time field extractions are configured in props.conf and transforms.conf files, which are located in the etc/system/local directory on the search head. Therefore, option D is the correct answer. References: Splunk Enterprise Certified Admin | Splunk, [About fields - Splunk Documentation]

NEW QUESTION # 16
Which of the following are required when defining an index in indexes. conf? (select all that apply)

- A. coldPath
- B. thawedPath
- C. homePath
- D. frozenPath

Answer: A,B,C

NEW QUESTION # 17
What is the default value of LINE_BREAKER?

- A. \r\n
- B. ([\r\n]+)
- C. (\r\n+)
- D. \r+\n+

Answer: B

Explanation:
Reference:
Line breaking, which uses the LINE_BREAKER setting to split the incoming stream of data into separate lines. By default, the LINE_BREAKER value is any sequence of newlines and carriage returns. In regular expression format, this is represented as the following string: ([\r\n]+). You don't normally need to adjust this setting, but in cases where it's necessary, you must configure it in the props.conf configuration file on the forwarder that sends the data to Splunk Cloud Platform or a Splunk Enterprise indexer. The LINE_BREAKER setting expects a value in regular expression format.

NEW QUESTION # 18

Which of the following configuration files are used with a universal forwarder? (Choose all that apply.)

- A. outputs.conf
- B. monitor.conf
- C. inputs.conf
- D. forwarder.conf

Answer: A,C

Explanation:
https://docs.splunk.com/Documentation/Forwarder/8.0.5/Forwarder/Configuretheuniversalforwarder
--Key configuration files are: inputs.conf controls how the forwarder collects data. outputs.conf controls how the forwarder sends data to an indexer or other forwarder server.conf for connection and performance tuning deploymentclient.conf for connecting to a deployment server Reference:
Configuretheuniversalforwarder

NEW QUESTION # 19

After an Enterprise Trial license expires, it will automatically convert to a Free license. How many days is an Enterprise Trial license valid before this conversion occurs?

- A. 7 days
- B. 90 days
- C. 14 days
- D. 60 days

Answer: D

Explanation:
