2026 Trustable COH-285 Reliable Study Plan | COH-285 100% Free Sample Test Online

As you all know that practicing with the wrong preparation material will waste your valuable money and many precious study hours. So you need to choose the most proper and verified preparation material with caution. Preparation material for the Cohesity Certified Protection Professional – NetBackup Appliances (COH-285) exam questions from Lead2Passed helps to break down the most difficult concepts into easy-to-understand examples. Also, you will find that all the included questions are based on the last and updated COH-285 exam dumps version.

Cohesity COH-285 Exam Syllabus Topics:

Topic	Details
Topic 1	• Tune NetBackup: This section of the exam measures skills of system engineers and focuses on analyzing performance related factors in a NetBackup environment. It introduces performance assessment and optimization practices to help candidates identify bottlenecks and improve overall efficiency. Tuning NetBackup includes making adjustments that lead to more stable and faster backup and recovery operations.
Topic 2	• Troubleshoot NetBackup: This section of the exam measures skills of NetBackup administrators and focuses on resolving issues that occur during backup and recovery operations. It covers the interpretation of status codes and job details to diagnose failed jobs. The section also explains how to troubleshoot devices and media and how to validate connectivity between primary servers, media servers, and client systems. Candidates learn to address common problems in disaster recovery situations, including tasks related to recovering the NetBackup catalog.

Topic 3	• Configure NetBackup: This section of the exam measures the skills of system administrators and focuses on the configuration tasks required to set up and manage a NetBackup environment. It covers the setup of primary, media, and client settings along with essential host properties, including the use of security certificates. The section explains how to configure disk storage, cloud storage, and storage unit groups to support stable backup operations. It also includes the configuration of standard and advanced backup policies and protection plans. Candidates are expected to understand specialized backup solutions such as synthetic backups, True Image Restore, multiple data streams, checkpoint restart, and different duplication methods that involve storage lifecycle policies, disk staging, and replication features.
Topic 4	• Monitor and Maintain NetBackup: This section of the exam measures skills of operations personnel and focuses on the monitoring and maintenance tasks necessary to keep a NetBackup environment healthy. The topics include the core concepts of image management and the use of the NetBackup Administration Console to verify images, expire them, import backup data, and perform manual duplication. The section explains how to manage both disk and cloud storage within NetBackup and highlights the use of reports for verification and monitoring. It also covers administrative controls for running, cancelling, suspending, resuming, and prioritizing backup or duplication jobs. Candidates learn how to initiate and monitor restore operations and understand the security management features such as role based access control and host ID certificates.

Cohesity Certified Protection Professional – NetBackup Appliances Sample Questions (Q222-Q227):

NEW QUESTION # 222
Which servers are listed when selecting the client package during the creation of a new deployment policy?

- A. only media servers
- B. media servers and client servers
- C. media servers and primary servers
- D. only client servers

Answer: D

NEW QUESTION # 223
How can an administrator determine the storage and database paths for an MSDP?

- A. run the Configure Disk Storage Server wizard for the MSDP
- B. view Storage Unit > View Properties for the MSDP storage unit
- C. view Disk Pool > Disk volumes for the MSDP disk pool
- D. view Storage Server > Properties for the storage server

Answer: D

NEW QUESTION # 224
An administrator navigates to NetBackup Management > Catalog, and selects Action: Import. After clicking the Search Now button, the following message appears:
INF - Found no images matching the selection criteria that were ready for phase 2 import.
Which step must the administrator perform in order to get search results?

- A. increase the "Catalog cleanup wait time" in the Clean-up host property
- B. run the "Recover the catalogs" wizard
- C. run the Initiate Import command in the Catalog > Action menu
- D. enable Catalog > Override default priority, and increase the Job Priority value

Answer: C

NEW QUESTION # 225

An administrator configures a policy to perform file system backups of multiple client systems using the "Allow multiple data streams" feature. All other policy attributes are at default settings.

Which master server host property must be configured to enable the backup job from all clients to run concurrently?

- A. Global Attributes > Maximum jobs per client
- B. Client Attributes > Maximum data streams
- C. Policy storage unit > Maximum concurrent jobs
- D. Policy storage unit > Enable multiplexing

Answer: A

NEW QUESTION # 226

An administrator is configuring a new device and receives the following error message:
Unable to determine robot type
What are two possible solutions? (Choose two.)

- A. download a new device_mapping file from the Cohesity Support website
- B. verify compatibility for the library with NetBackup
- C. perform a rescan of the available tape drives
- D. ensure the tape drive is closed and ready for use
- E. select the correct device type for the drives

Answer: A,B

NEW QUESTION # 227

......

Perhaps the path to successful pass the COH-285 is filled variables, but now there is only one possibility to successfully obtain a COH-285 certification. That is to download and use our COH-285 study materials. Trying to become a COH-285 certified professional. Then join our preparation kit. COH-285 is an excellent platform that provides an COH-285 study materials that are officially equipped by an expert. Our COH-285 Exam Material can be studied and passed quickly within one week of the exam. Our COH-285 exam materials will give you the best knowledge of the contents of the COH-285 exam certification course outline. Our COH-285 materials provide you with the best learning prospects and give you more than you expect by adopting minimal effort.
