We make Virginia-Life-Annuities-and-Health-Insurance exam prep from exam candidate perspective, and offer high quality practice materials with reasonable prices but various benefits.

Virginia Insurance Virginia Life, Annuities, and Health Insurance Examination Series 11-01 Sample Questions (Q83-Q88):

NEW QUESTION # 83

Ambulatory care centers are most often used by patients who require:

- A. Wellness centers
- B. Overnight accommodations
- C. Physical therapy
- D. Outpatient surgical procedures

Answer: D

Explanation:

Virginia Code § 38.2-3407 et seq. covers health services, where ambulatory care centers (e.g., outpatient clinics) specialize in same-day procedures like outpatient surgical procedures (option C-e.g., cataract surgery). Option A (physical therapy) may occur there but isn't the primary use; therapy clinics differ. Option B (wellness centers) focuses on prevention, not procedures. Option D (overnight accommodations) contradicts "ambulatory," meaning walk-in/walk-out care. The study guide likely defines this in a health facilities section, with examples like knee arthroscopy, making C the most frequent use.

NEW QUESTION # 84

Claims settlement practices of insurers are regulated by:

- A. Claims adjusters
- B. State insurance departments
- C. The National Association of Insurance Commissioners
- D. The Internal Revenue Service

Answer: B

Explanation:

Virginia Code § 38.2-510 regulates unfair claim settlement practices, enforced by the State Corporation Commission's Bureau of Insurance—a state insurance department (option D). This includes timely claim processing and fair payment, with penalties for violations. Option A (IRS) oversees tax compliance, not insurance claims. Option B (NAIC) develops model laws and guidelines (e.g., Unfair Claims Settlement Practices Act), but lacks enforcement power; states adopt and regulate these standards. Option C (claims adjusters) are practitioners, not regulators. The study guide likely emphasizes Virginia's Bureau as the authority, citing examples like investigating delayed claims, aligning with state-level oversight under § 38.2-200 et seq., making D the correct regulator.

NEW QUESTION # 85

To be complete, an application for health insurance must contain all of the following EXCEPT:

- A. Applicant's signature
- B. Initial premium
- C. Applicant's name and address
- D. Date of application

Answer: B

Explanation:

Virginia Code § 38.2-3501 requires health insurance applications to include essential details for underwriting and contract formation: the applicant's name and address (option A), signature (option B) to affirm accuracy, and date (option C) to establish timing. These are mandatory for a complete application. Option D (initial premium) is not required on the application itself; while payment may accompany it to bind coverage (e.g., via a conditional receipt), it's a separate transaction, not an application component. The study guide likely lists these elements in a sample application, noting that premium submission is optional until acceptance, making D the exception.

NEW QUESTION # 86

An IRA owner names the spouse as beneficiary. Which is true if the owner dies before any distributions are made?

- A. Distributions must begin in the year after the deceased would have reached age 70½
- B. Distributions must begin within six months of the decedent's death
- **C. The surviving spouse can roll the account into another IRA**
- D. All future distributions are forfeited

Answer: C

Explanation:

Detailed Answer in Step-by-Step Solution:

* If an IRA owner dies before distributions, the surviving spouse beneficiary can roll the IRA into their own IRA (B), treating it as their own and delaying distributions until their required beginning date.

* Option A (forfeited) is false; assets pass to the beneficiary. Options C and D apply to non-spouse beneficiaries under older rules, not spousal rollovers.

The Virginia study guide, per IRS rules, allows a surviving spouse to roll an inherited IRA into their own, avoiding immediate taxation or forced distributions. Reference: Virginia Life, Annuities, and Health Insurance study guide, section on "Retirement Plans."

NEW QUESTION # 87

The overall authority of an insurance agent includes all of the following EXCEPT:

- A. Apparent authority
- B. Express or specific authority
- **C. Residual authority**
- D. Implied authority

Answer: C

Explanation:

Virginia insurance law (Title 38.2, Chapter 18) recognizes three types of agent authority: express, implied, and apparent. Express authority (option B) is explicitly granted by the insurer in the agency agreement (e.g., soliciting policies), per Virginia Code § 38.2-1800 et seq. Implied authority (option C) is unwritten power to perform incidental acts necessary for express duties (e.g., collecting premiums). Apparent authority (option A) arises when a third party reasonably believes the agent has authority based on the insurer's actions (e.g., providing branded materials), binding the insurer legally. Option D (residual authority) is not a recognized term in Virginia insurance or agency law; "residual" might relate to markets or benefits elsewhere, but not agent authority. The study guide likely outlines these three authorities with examples, excluding D as a fabricated or irrelevant concept, making it the exception.

NEW QUESTION # 88
