## 100% Pass Infoblox - Reliable NIOS-DDI-Expert - Infoblox Qualified NIOS DDI Expert - INE Actual Exams

Almost every Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) test candidate nowadays is confused about the Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) study material. They don't know where to download updated NIOS-DDI-Expert questions that can help them prepare quickly for the Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-

Expert) test. Some rely on outdated Infoblox Qualified NIOS DDI Expert - INE (NIOS-DDI-Expert) questions and suffer from the loss of money and time.

## Infoblox Qualified NIOS DDI Expert - INE Sample Questions (Q77-Q82):

### NEW QUESTION # 77

An administrator redirects audit log output to syslog on an Infoblox appliance. This audit log output will be logged on any defined remote syslog servers.

- A. False
- **B. True**

**Answer: B**

Explanation:

Comprehensive and Detailed In-Depth Explanation: Audit log redirection in NIOS:

\* Setup: In Grid Manager (Administration > Logs > Syslog), enable "Redirect audit log to syslog." Audit events (e.g., config changes) merge into syslog.

\* Behavior: If remote syslog servers are defined (Grid > Grid Properties > Syslog Servers), all syslog data-including audit logs-is sent there.

\* Why True: Redirection ensures audit logs reach all configured remote servers alongside local syslog.

\* Practical Example: In an INE lab, redirect audit logs, change a DNS record, verify syslog on a remote server, and troubleshoot logging. References: Infoblox NIOS Administrator Guide - Logging Configuration; INE Course Content: NIOS DDI Grid Troubleshooting.

### NEW QUESTION # 78

What sends the email messages for Workflow Approval notifications in NIOS?

- A. NIOS Grid Master Candidate (GMC)
- B. NIOS SuperAdmin
- C. NIOS Grid Master (GM) and the NIOS Grid Master Candidate (GMC)
- **D. NIOS Grid Master (GM)**

**Answer: D**

Explanation:

Comprehensive and Detailed In-Depth Explanation: Workflow Approval notifications:

\* A: The Grid Master (GM) sends emails via its configured SMTP settings (Grid > Grid Properties > Email), as it manages Grid-wide tasks. Correct.

\* B: GMC is a standby, not active unless promoted-doesn't send emails. Incorrect.

\* C: Only GM sends, not both-GMC is passive. Incorrect.

\* D: SuperAdmin is a role, not a process-no sending capability. Incorrect.

\* Practical Example: In an INE lab, configure SMTP on the GM, test approval emails, and troubleshoot delivery from GM logs. References: Infoblox NIOS Administrator Guide - Workflow Notifications; INE Course Objective: NIOS DDI Grid Deployment.

### NEW QUESTION # 79

When configuring Authentication Policy, an administrator should always choose a group for "Assign users to this group if remote admin group cannot be found".

- A. True
- **B. False**

**Answer: B**

Explanation:

Comprehensive and Detailed In-Depth Explanation: The Authentication Policy in NIOS (Administration > Authentication) governs remote authentication (e.g., LDAP, RADIUS). The "Assign users to this group if remote admin group cannot be found" option is a fallback mechanism:

- \* Purpose: If a user's remote group (e.g., from AD) isn't mapped to an NIOS group, this setting assigns them to a default group with predefined permissions.
- \* Requirement: It's optional-not mandatory. Leaving it unset means unmatched users are denied access unless individually mapped, enhancing security in some cases.
- \* Why False: "Always" implies it's required, but NIOS allows flexibility. For strict environments, admins might skip this to prevent unauthorized access, relying on explicit mappings.
- \* Options Analysis:
  - \* A: Suggests a mandatory setting, but documentation and UI show it's a choice. Incorrect.
  - \* B: Correctly reflects that it's not always necessary-optional based on policy. Correct.
- \* Practical Example: In an INE lab, you'd configure LDAP without a fallback group, test an unmapped user's denial, and troubleshoot authentication logs, reinforcing Grid security concepts. References: Infoblox NIOS Administrator Guide - Authentication Policy; INE Course Objective: NIOS DDI Grid Deployment.

### NEW QUESTION # 80

You need to reset the database on a Grid member and disconnect it from the Grid, but you would like it to preserve its current network settings. What command can you use to do this?

- A. reset all
- **B. reset database**
- C. reset member
- D. It is possible to reset without losing network settings

**Answer: B**

Explanation:

Comprehensive and Detailed In-Depth Explanation: Resetting a Grid member's database while retaining network settings requires a targeted CLI command:

\* Requirements: Clear DNS/DHCP/Grid data, disconnect from the Grid, keep IP/hostname for reconnection or standalone use.

\* Commands:

\* reset database: Wipes the NIOS database (zones, leases, Grid membership), leaving network settings (IP, gateway, etc.) intact. The member becomes standalone, requiring rejoining if needed.

\* set factory: Full reset to factory defaults, erasing everything (database, network, licenses).

\* Options:

\* A (reset all): Not a valid command (see Q28). Incorrect.

\* B (reset database): Meets all criteria-clears database, disconnects, preserves network. Correct.

\* C (reset member): Not a specific CLI command; vague term. Incorrect.

\* D: Misinterprets the question as a statement-it's possible with B, but this isn't a command.

Incorrect.

\* Practical Example: In an INE lab, you'd run reset database on a test member, verify its IP persists via show network, and troubleshoot rejoining the Grid. References: Infoblox NIOS CLI Reference Guide - Reset Commands; INE Course Content: NIOS DDI Grid Troubleshooting.

### NEW QUESTION # 81

What command clears the NIOS database but preserves system logs and other licensed features such as reporting?

- A. reset all
- B. reset config
- C. reset all licenses
- **D. reset database**

**Answer: D**

Explanation:

Comprehensive and Detailed In-Depth Explanation: Clearing the NIOS database requires a precise CLI command:

\* B (reset database): Wipes DNS zones, DHCP leases, and Grid membership, but retains:

\* System logs (e.g., syslog, infoblox.log).

\* Licenses (e.g., reporting, DNSSEC).

\* Network settings (IP, hostname). Correct.

\* A: "reset all" isn't valid (see Q28). Incorrect.

- \* C:'reset config' isn't a command-closest is set factory, which wipes everything. Incorrect.
- \* D:reset all licenses clears licenses only, not the database. Incorrect.
- \* Practical Example: In an INE lab, you'd run reset database, verify logs persist via show log, and reconfigure, testing Grid recovery. References: Infoblox NIOS CLI Reference Guide - Reset Commands; INE Course Content: NIOS DDI Grid Troubleshooting.

## NEW QUESTION # 82

.....

Our NIOS-DDI-Expert exam questions are supposed to help you pass the exam smoothly. Don't worry about channels to the best NIOS-DDI-Expert study materials so many exam candidates admire our generosity of offering help for them. Up to now, no one has ever challenged our leading position of this area. The existence of our NIOS-DDI-Expert learning guide is regarded as in favor of your efficiency of passing the exam.

**NIOS-DDI-Expert Latest Test Labs:** <https://www.examdumpsvce.com/NIOS-DDI-Expert-valid-exam-dumps.html>

The questions and answers of our NIOS-DDI-Expert test question are chosen elaborately and to simplify the important information to make your learning relaxing and efficient, So you can rest assured the pass rate of our NIOS-DDI-Expert Latest Test Labs valid dumps, IN MY OPINION, THE NIOS-DDI-Expert PRACTICE TEST IS ONE OF THE BEST MATERIAL, Infoblox NIOS-DDI-Expert Actual Exams Our candidates don't need to bother about getting cold calls or phone scams.

Instant Access to the Real and Updated Infoblox NIOS-DDI-Expert Questions & Answers: ExamDumpsVCE is committed to update the exam databases on regular basis to add the latest questions & answers.

Configuration Session Lock, The questions and answers of our NIOS-DDI-Expert Test Question are chosen elaborately and to simplify the important information to make your learning relaxing and efficient.

## Infoblox NIOS-DDI-Expert Actual Exams Exam Latest Release | Updated NIOS-DDI-Expert Latest Test Labs

So you can rest assured the pass rate of our DDI Professional valid dumps, IN MY OPINION, THE NIOS-DDI-Expert PRACTICE TEST IS ONE OF THE BEST MATERIAL, Our candidates don't need to bother about getting cold calls or phone scams.

We make promise that you will not regret if you buy our NIOS-DDI-Expert : Infoblox Qualified NIOS DDI Expert - INE latest exam dumps.
