Salesforce Certified Experience Cloud Consultant Sample Questions (Q149-Q154):

NEW QUESTION # 149

Dreamscape Flowers needs to create a digital experience that meets the following requirements:

- * It allows for collaboration between customer and partner users.
- * Self-service for customer users is available.
- * Partner users create or resolve cases for their customers and need to see case data on a dashboard.
- * Partner users do not manage Leads, Opportunities, or Campaigns.

Which license type should a Salesforce Admin use for these partner users?

- A. Customer Community Plus
- B. Partner Community
- C. Employee Community
- D. Customer Community

Answer: A

Explanation:

Customer Community Plus licenses allow users to access standard CRM objects, such as cases and accounts, and custom objects. They also allow users to collaborate with other users through Chattergroups, files, and topics. Customer Community Plus licenses are suitable for partner users who need to create or resolve cases for their customers and see case data on a dashboard, but do not manage leads, opportunities, or campaigns.

NEW QUESTION # 150

Northern Trail Outfitters would like to display a different Hero component on the Home page for United States and EMEA. How should an administrator accomplish this?

- A. Use the same page variation for EMEA and include multiple targeted HTML components.
- B. Create a page variation for EMEA, configure the Theme, and include a different Hero component.
- C. Use the same page variation for EMEA, include multiple Hero components, and target each component.
- **D. Create a page variation for EMEA, configure the flexible page layout, and include a different Hero component.**

Answer: D

Explanation:

Page variations allow you to create different versions of a page for different audiences. You can use the flexible page layout to customize the components and layout of each page variation. You can also target each page variation to a specific audience based on criteria such as location, profile, or record type.

NEW QUESTION # 151

Universal Containers (UC) works with a large retainer network. UC wants these retailers to start registering deals and work with UC to convert them into sales.

Which user license should the Experience Cloud consultant recommend?

- A. Platform Portal
- **B. Partner Community Plus**
- C. Partner Community
- D. Commerce Portal

Answer: B

Explanation:

This user license allows partners to register deals and work with UC on sales opportunities. It also provides access to reports and dashboards, campaigns, orders, price books, and products. Partner Community Plus users can also access standard and custom objects, such as accounts, contacts, cases, and leads.

NEW QUESTION # 152

A consultant is in the process of designing the sharing and visibility model for Cloud (CK) new hiking site built on Experience Cloud. The consultant knows that CK plans to use the Customer Community License type.

What limitations should the consultant consider related to sharing and visibility for this license type?

- A. Any site users that require access to specific records have the proper Sharing Rule.
- **B. All site users that require access to certain records for certain objects have the proper Sharing set.**
- C. All site users that require access to all records across all objects have the proper Sharing Set.
- D. All site users have the appropriate role assigned.

Answer: B

Explanation:

The limitation that the consultant should consider related to sharing and visibility for the Customer Community license type is A. The Customer Community license type is a license type that allows external users to access your Experience Cloud site through a customer account. Customer Community users have limited access and visibility to data in your Salesforce org, and they cannot use roles or sharing rules to share records. To share records with Customer Community users, you need to use Sharing Sets, which are

features that allow you to share records based on common account or contact fields.

NEW QUESTION # 153

The Cloud Kicks (CK) site administrator is onboarding a new partner to its Experience Cloud site. They have created the partner as an Account, added the required Contacts, and ensured that the Welcome Email selection is checked. However, upon review, the site administrator has found that none of the partner users were able to register.

What should the site administrator do to ensure they are able to set up partner users correctly?

- **A. Ensure that the Contacts under the Account are enabled as partner users.**
- B. Ensure that the Account has been enabled as a partner Account.
- C. Double-check that the partner profile has been added to the CK site.
- D. Double-check that the provided email addresses are correct.

Answer: A

Explanation:

To ensure that the partner users are able to register, the site administrator should enable the Contacts under the Account as partner users. This will allow the site administrator to assign a username, password, and profile to each Contact and send them a welcome email with a link to activate their account and log in to the site.
