C11 Pdf Exam Dump & Valid C11 Exam Cost

The IIC C11 desktop exam simulation software works only on Windows but the web-based C11 practice test is compatible with all operating systems and browsers. This is also an effective format for C11 Test Preparation. The C11 PDF dumps is an easily downloadable and printable file that carries the most probable IIC C11 actual questions.

IIC Principles and Practice of Insurance Sample Questions (Q95-Q100):

NEW QUESTION # 95

John convinces Louise to sign a contract for room and board at his house in Montreal in exchange for \$1,000.

When Louise prepares to move in, John informs her that she will be staying in a room at a run-down hotel he owns. Which cause of nullity is Louise MOST LIKELY to employ to cause the contract to be of no effect?

- A. Lesion
- B. Error
- C. Violence
- D. Fraud

Answer: D

Explanation:

Under contract law principles referenced in Principles and Practice of Insurance, a contract is only valid when both parties give free, informed, and genuine consent. Fraud occurs when one party intentionally misleads another through deception, false representation, or concealment to induce consent. In this scenario, John intentionally misrepresented the nature of the accommodation—promising his private residence while intending to place Louise in a different, inferior property.

Because Louise agreed based on a material misrepresentation, the contract is voidable due to fraud, meaning she can invoke nullity and have the contract deemed without effect. Fraud differs from error in that the misinformation was deliberately created by John. It is not lesion (which relates to unfair disadvantage in value) nor violence (which involves physical or psychological coercion). Therefore, the correct answer is B. Fraud.

NEW QUESTION # 96

Maritime Insurance has met all requirements to be incorporated as an insurance company in Canada. Why would it prefer to incorporate under the Nova Scotia provincial statute rather than the federal statute?

- A. It requires no capitalization
- B. Another company with the same name is already federally licensed
- C. It intends to only do business in Nova Scotia
- D. It plans to sell insurance nationally but operate out of one Nova Scotia office

Answer: C

Explanation:

A company chooses provincial incorporation when it intends to operate only within that specific province.

This minimizes regulatory complexity because only the provincial Superintendent of Insurance regulates its operations. If Maritime Insurance plans to conduct business exclusively in Nova Scotia, incorporation under the Nova Scotia Insurance Act is simpler, less expensive, and avoids federal-level compliance requirements.

Option A is incorrect because capitalization is required under both federal and provincial laws. Option C may create confusion about naming conflicts, but name disputes do not determine the appropriate jurisdiction of incorporation. Option D is incorrect because selling insurance nationally requires federal licensing; a provincially incorporated insurer cannot operate beyond its home province unless licensed separately in each province—an inefficient approach.

Thus, the insurer would choose Nova Scotia incorporation only if it intends to operate solely within Nova Scotia, making B correct.

NEW QUESTION # 97

Which statement reflects how an insurer invests their capital?

- A. Insurers are compelled by regulations to invest in non-liquid assets
- B. Provincial regulations allow insurers to invest in foreign bond markets
- C. Government regulations specify the types of investments not permitted to insurers
- D. There are no restrictions as to how an insurer can invest their capital

Answer: C

Explanation:

Insurers in Canada are heavily regulated in the way they invest their capital because they must remain financially strong to pay future claims. Government regulations-federal for federally regulated insurers and provincial for provincially regulated insurers-set out specific investment restrictions, including prohibiting certain high-risk or illiquid investments. These rules protect policyholders by ensuring insurers maintain solvency and liquidity.

Insurers must invest prudently in order to meet long-term obligations, and therefore regulators specify the classes of investments deemed too risky or unsuitable. This includes limits on speculative investments or holdings that could jeopardize stability.

Option A is incorrect because insurers are not required to invest in non-liquid assets; in fact, liquidity is important.

Option B is incorrect; although some foreign investments may be allowed, the statement is not a broad principle of regulation.

Option C is incorrect because insurers face significant restrictions, not complete freedom.

Thus, D is the correct answer.

NEW QUESTION # 98

What is needed to change older statutes that tend to be all-inclusive statements of law on a particular subject?

- A. Vote by the populace
- **B. Act of legislature**
- C. Bill presented by a member of the congress
- D. Approval from the Supreme Court of Canada

Answer: B

Explanation:

Statutes-especially older, comprehensive ones-can only be amended or repealed by an act of the legislative authority that created them. In Canada, this means a provincial or federal legislature must formally pass a new act or amendment. Legislatures are the bodies responsible for enacting, revising, or modernizing statutory law to reflect new legal, social, or commercial developments.

Option B is incorrect because Canada does not change statutes through public votes (referenda), except in rare constitutional matters. Option C is incorrect and uses U.S. terminology ("congress"), which does not apply to the Canadian system. Even if compared to Parliament, a bill alone does not change a statute until it is passed into law by the legislature. Option D is incorrect because the Supreme Court interprets law, but does not rewrite statutes.

Thus, only an act of legislature can formally alter statutory law, making A the correct answer.

NEW QUESTION # 99

When one reinsurer cedes part of its business to another reinsurer, what is the second reinsurer called?

- A. Cessionaire
- B. Primary Insurer
- C. Alternate Insurer
- **D. Retrocessionaire**

Answer: D

Explanation:

In the structure of reinsurance practices explained in Principles and Practice of Insurance, a retrocessionaire is the reinsurer that accepts risk from another reinsurer. This occurs through a process called retrocession, where a reinsurer (the retrocedent) transfers a portion of its assumed risk to another reinsurer to further spread exposure and maintain solvency stability.

The terminology is important:

The primary insurer issues the original policy to the insured.

The reinsurer (cessionaire) accepts risk from the primary insurer.

When that reinsurer then cedes part of the risk again, the receiving party is the retrocessionaire.

Retrocession is essential in risk-management frameworks because it allows reinsurers to diversify exposures and avoid concentration risks from catastrophic events. Therefore, the correct term for the second reinsurer is C. Retrocessionaire.

NEW QUESTION # 100

.....

The evergreen field of IIC is so attractive that it provides non-stop possibilities for the one who passes the IIC C11 exam. So, to be

there on top of the IIC sector, earning the Principles and Practice of Insurance (C11) certification is essential. Because of using outdated C11 study material, many candidates don't get success in the Principles and Practice of Insurance (C11) exam and lose their resources.
