Microsoft Dynamics 365 Supply Chain Management Functional Consultant

Sample Questions (Q440-Q445):

NEW QUESTION # 440

A company allows negative inventory because they ship outbound orders before receipts are processed for items.

On-hand inventory for an item has the following setup:

- * Coverage planning for site, warehouse, and location
- * Location A = 10 on hand
- * Location B = -11 on hand
- * Minimum quantity = 20
- * Maximum quantity = 30

Which quantity will be reordered when Planning Optimization is run?

Select only one answer.

- A. 0
- B. 1
- C. 2
- **D. 3**
- E. 4

Answer: D

NEW QUESTION # 441

You are a functional consultant for a company named Contoso Entertainment System USA (USMF).

USMF recently experienced issues with a transport company. Many packages were returned because the boxes were opened during delivery.

Users in the sales department are creating sales order returns for the returned open boxes.

You need to configure the system to ensure that the sales department users can select a predefined description of Open Box for each sales order return.

To complete this task, sign in to Dynamics 365 portal.

Answer:

Explanation:

See explanation below.

Explanation

You need to configure a Return Reason Code.

- * Click Sales and marketing Return reason codes.
- * Press CTRL + N to create a new return reason code line.
- * In the Return reason code field, enter text to identify this code (enter Open Box).
- * In the Description field, enter text to describe the return reason code.
- * Use the Return reason code group drop-down list to add the code to a return reason code group.

NEW QUESTION # 442

A company orders parts from a vendor. The vendor frequently ships more units than the company orders.

An approving manager must receive notification when the quantity of units received is more than 10 percent above the number of units ordered.

You have an existing notification workflow.

You need to ensure that the notification is generated.

How should you configure the system? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Answer Area	Requirement	Action
	Configure overdelivery/underdelivery percent.	<ul style="list-style-type: none"> On the Purchase order form, purchase order lines fast tab, configure the overdelivery field. On the Purchase order form, purchase order lines fast tab, configure the underdelivery field. On the Sales order form, sales order line fast tab, configure the overdelivery field. On the Sales order form, sales order line fast tab, configure the underdelivery field.
	Notify user about required approval.	<ul style="list-style-type: none"> Register the product and post the receipt list. Register the product on a purchase order line and post a receipt. Receive a product on a transfer order. Register the product on an Arrival journal and post a journal.

Answer:

Explanation:

Answer Area	Requirement	Action
	Configure overdelivery/underdelivery percent.	<ul style="list-style-type: none"> On the Purchase order form, purchase order lines fast tab, configure the overdelivery field. On the Purchase order form, purchase order lines fast tab, configure the underdelivery field. On the Sales order form, sales order line fast tab, configure the overdelivery field. On the Sales order form, sales order line fast tab, configure the underdelivery field.
	Notify user about required approval.	<ul style="list-style-type: none"> Register the product and post the receipt list. Register the product on a purchase order line and post a receipt. Receive a product on a transfer order. Register the product on an Arrival journal and post a journal.

Explanation:

Requirements	Action
Configure overdelivery/underdelivery percent.	<ul style="list-style-type: none"> On the Purchase order form, purchase order lines fast tab, configure the overdelivery field. On the Purchase order form, purchase order lines fast tab, configure the underdelivery field. On the Sales order form, sales order line fast tab, configure the overdelivery field. On the Sales order form, sales order line fast tab, configure the underdelivery field.
Notify user about required approval.	<ul style="list-style-type: none"> Register the product and post the receipt list. Register the product on a purchase order line and post a receipt. Receive a product on a transfer order. Register the product on an Arrival journal and post a journal.

NEW QUESTION # 443

A company employee is in charge of warehouse operations and controlling inventory adjustments through journals.

The employee needs to add inventory for samples at a specific cost. The samples were shipped by a vendor without a purchase order. The employee needs to be sure that the inventory value goes to a ledger account so that the value of the samples is not mixed in with another inventory value.

You need to ensure that the employee is able to correctly add the inventory.

What should you do?

- A. Create an arrival journal, add the cost, and specify the offset ledger account on the line.
- B. Create a transfer journal, transfer to a different warehouse, and then adjust the cost.
- C. Create an adjustment journal, add the cost, and specify the offset ledger account on the line.
- **D. Create a movement journal, add the cost, and specify the offset ledger account on the line.**

Answer: D

NEW QUESTION # 444

A distribution company uses Dynamics 365 Supply Chain Management

Users in the warehouse must have the ability to create process transfer orders from a mobile device.

You need to complete setup.

Which areas should you configure?

Areas	Answer Area	Area
Warehouse management setup	Prerequisite Process warehouse app events.	
Feature management	Create transfer orders from the warehouse app.	
	Confirm outbound shipments from batch jobs.	
	Configure the mobile device menu item.	

Answer:

Explanation:

Areas	Answer Area	Area
Warehouse management setup	Prerequisite Process warehouse app events.	Feature management
Feature management	Create transfer orders from the warehouse app.	Warehouse management setup
	Confirm outbound shipments from batch jobs.	Warehouse management setup
	Configure the mobile device menu item.	Feature management

Explanation:

Prerequisite	Area
Process warehouse app events.	Feature management
Create transfer orders from the warehouse app.	Warehouse management setup
Confirm outbound shipments from batch jobs.	Warehouse management setup
Configure the mobile device menu item.	Feature management

NEW QUESTION # 445

.....
