PMI PMP certification is a globally recognized credential that validates a professional's knowledge and skills in project management. The updated version of the exam in 2023 will reflect the latest trends and best practices in the field and ensure that PMP credential holders are equipped with the highest level of project management expertise. Obtaining the PMP certification is a significant achievement for any project management professional and opens up new career opportunities and enhances earning potential.

To be eligible for the PMP Certification Exam, candidates must have a minimum of three years of project management experience, with at least 4,500 hours leading and directing projects. They must also have a bachelor's degree or higher, or a secondary degree with at least five years of project management experience. The updated version of the exam will have new eligibility requirements, which will be announced closer to the launch date.
