## Salesforce Certified Experience Cloud Consultant Sample Questions (Q134-Q139):

### NEW QUESTION # 134

Universal Containers (UC) maintains multiple customer-facing sites, but only one profile for all customer users. No customer has access to more than one site.

Which step should the UC system administrator take to grant customers access to the appropriate site?

- A. Add user to the All Customer Portal Users public group.
- B. Assign the profile to the site membership.
- C. Create and assign a permission set to the users and site.

- D. Enable the Customer Identity profile or permission set.

**Answer: B**

Explanation:

This option allows UC to grant customers access to the appropriate site. Site membership is a feature that defines which users can access a site and what permissions they have. UC can assign the profile for all customer users to the site membership of each site and specify the default page access and object permissions for that profile. UC can also assign permission sets to the site membership to grant additional permissions to specific users.

#### NEW QUESTION # 135

Northern Trail Outfitters (NTO) is building a digital experience for its independent researchers who will be collaborating with NTO's staff on their research-related submissions.

Which user visibility setting needs to be enabled at a minimum?

- A. Guest User Visibility
- B. Portal User Visibility
- C. None
- D. Site User Visibility

**Answer: D**

Explanation:

Site User Visibility allows users within the same site to see each other, regardless of their role or sharing group membership. This is useful for collaboration between independent researchers and NTO staff on their research-related submissions.

#### NEW QUESTION # 136

Universal Containers (UC) has hired UX designers to help improve brand recognition and has a new style guide it needs to implement to unify branding across all of its Experience sites.

What should UC do to accomplish this?

- A. Reference a shared Bootstrap CSS file in all of the sites.
- B. Create a custom template to apply to all Experience sites.
- C. Send the style guide to Experience managers to implement.
- D. Create a custom theme to apply to all Experience sites.

**Answer: D**

Explanation:

To implement the new style guide and unify branding across all of its Experience sites, UC should create a custom theme and apply it to all sites. A theme is a collection of branding assets and style settings that define the look and feel of your site. You can create a custom theme that matches your style guide and apply it to multiple sites using the Theme Management feature in Experience Builder.

#### NEW QUESTION # 137

DreamHouse Reality (DR) is looking to enter the insurance business. After discussing with business advisor, DR has decided to use independent agents to manage claims.

Which two features are available for DR to implement a solution involving insurance agent persona?

Choose 2 answers

- A. Insurance agent permission set license
- B. Insurance Agent Portal Lightning template
- C. Financial Services Lightning template
- D. Financial Services Community permission set license

**Answer: B,D**

Explanation:

Financial Services Community permission set license is a license type that allows users to access Financial Services Cloud objects

and features, such as policies, claims, referrals, and goals. Insurance Agent Portal Lightning template is a template that is designed for insurance agents who need to manage their leads, opportunities, policies, claims, and referrals. These two features are available for DR to implement a solution involving insurance agent persona.

#### NEW QUESTION # 138

Ursa Major Solar would like the navigation menu in the customer portal to be vertical.

Which two options make this possible?

Choose 2 answers

- A. Write custom code
- B. Download an app from AppExchange
- C. Edit the default navigation
- D. Fix the header's Position.

**Answer: A,B**

Explanation:

Two options that make it possible to have a vertical navigation menu in the customer portal are B and D. A navigation menu is a component that allows users to navigate through different pages and sections of your Experience Cloud site. By default, the navigation menu is horizontal, but you can change it to vertical by using different options. One option is to download an app from AppExchange, which is a marketplace where you can find and install apps, components, and solutions for your Experience Cloud site. Another option is to write custom code, which allows you to create your own custom components and layouts for your Experience Cloud site.
