New Microsoft MB-700 Exam Fee, Exam MB-700 Material

Our Microsoft MB-700 practice exam software will record all the attempts you have made in the past and display any modifications

or improvements made in each attempt. This Microsoft Dynamics 365: Finance and Operations Apps Solution Architect (MB-700) exam simulation software enables you to track your progress and quantify how much you have improved.

Microsoft Dynamics 365: Finance and Operations Apps Solution Architect Sample Questions (Q136-Q141):

NEW QUESTION # 136

You need to select the code package for the loyalty program.
Which package should you recommend?

- A. Platform update package
- B. Application and Platform Binary update package
- C. Data package
- D. AOT deployable package

Answer: D

NEW QUESTION # 137

A company implements Dynamics 365 Finance in a self-service environment. The company plans to deploy code changes to the production environment.

You need to recommend methods to deploy the changes.

What should you recommend? To answer, drag the appropriate deployment methods to the correct code types of changes. Each deployment method may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE Each correct selection is worth one point.

Answer:

Explanation:

NEW QUESTION # 138

A company is implementing Dynamics 365 Supply Chain Management. The company is enrolled in the FastTrack program.

A project manager who is building a project plan needs to know which workshops discuss specific topics.

You need to identify the workshops in which each topic discussed.

Which workshop is used for each topic? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Topic	Workshop
Business process	<div style="border: 1px solid black; padding: 2px;">▼</div> <div style="border: 1px solid black; padding: 2px;">Go-live Readiness</div> <div style="border: 1px solid black; padding: 2px;">Implementation</div> <div style="border: 1px solid black; padding: 2px;">Solution Blueprint Review</div>
Integration	<div style="border: 1px solid black; padding: 2px;">▼</div> <div style="border: 1px solid black; padding: 2px;">Go-live Readiness</div> <div style="border: 1px solid black; padding: 2px;">Solution Blueprint Review</div>
Cutover	<div style="border: 1px solid black; padding: 2px;">▼</div> <div style="border: 1px solid black; padding: 2px;">Go-live Readiness</div> <div style="border: 1px solid black; padding: 2px;">Implementation</div> <div style="border: 1px solid black; padding: 2px;">Solution Blueprint Review</div>

Answer:

Explanation:

Topic	Workshop
Business process	<div style="border: 1px solid gray; padding: 5px;"> <div style="background-color: #f0f0f0; padding: 2px;">▼</div> <div style="padding: 2px;">Go-live Readiness</div> <div style="padding: 2px;">Implementation</div> <div style="border: 2px dashed green; padding: 2px;">Solution Blueprint Review</div> </div>
Integration	<div style="border: 1px solid gray; padding: 5px;"> <div style="background-color: #f0f0f0; padding: 2px;">▼</div> <div style="border: 2px dashed green; padding: 2px;">Go-live Readiness</div> <div style="padding: 2px;">Solution Blueprint Review</div> </div>
Cutover	<div style="border: 1px solid gray; padding: 5px;"> <div style="background-color: #f0f0f0; padding: 2px;">▼</div> <div style="padding: 2px;">Go-live Readiness</div> <div style="border: 2px dashed green; padding: 2px;">Implementation</div> <div style="padding: 2px;">Solution Blueprint Review</div> </div>

Explanation

Box 1: Solution Blueprint Review

A Solution Blueprint Review workshop serves as the starting point of Success by Design.

The Solution Blueprint Review workshop covers the following topics:

Program strategy

Application strategy

Data strategy

Integration strategy

Test strategy

*-> Business process strategy

Security strategy

Application lifecycle management strategy

Environment and capacity strategy

Intelligence strategy

Box 2: Go-live Readiness

The Go-live Readiness workshop is designed to help guarantee a successful go-live for Dynamics 365 projects.

Here are some of the topics the workshop is likely to cover:

Confirmation of the go-live date and scope

Solution acceptance and user training

Performance

*-> Integrations

Code management

Configuration management

Review of blocking issues

Cutover plan and final data migration

Risk and mitigation review

Customer go/no-go criteria

Support process and hyper-care plan

Box 3: Implementation

Cutover is part of Implementation.

Note: Cutover strategy

Ensure that the cutover strategy provides a good approach and plan to deliver a well-defined, well-tested, reliable, and safe transition from current systems to the new production systems.

Agenda topics:

Cutover vision and strategy

Cutover project plan

Go-live cutover plan

Post go-live plan

Mandatory attendees are cutover lead, solution architect, data migration lead, and project manager roles.

Recommended attendees include stakeholders from the customer and partner teams.

NEW QUESTION # 139

A company with multiple legal entities implements Dynamics 365 Finance.

The company's financial controller needs a single global report that displays vendor aging across all companies.

The report must meet the following requirements:

- * Leverage standard functionality as much as possible.
- * Minimize development time.
- * Minimize configuration time.

You must identify a tool to create the report Which tool should you use?

- A. SQL Server Reporting Services (SSRS)
- B. Financial Reporter
- C. **Electronic reporting tool**
- D. Business document management

Answer: C

NEW QUESTION # 140

A company is implementing these Microsoft solutions;

- * Dynamics 365 Finance
- * Dynamics 365 Supply Chain Management
- * Dynamics 365 Commerce
- * Power Apps

All users will require finance capabilities, but the other solutions will vary per user.

You need to identify the license types required to build a quote.

What should you select? To answer, drag the appropriate license types to the correct solutions. Each license type may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

License types	Answer Area
Base only	
Attach only	
Base or Attach	
Add-ons	

Solution	License type
Power Apps	
Dynamics 365 Commerce	

Answer:
