ASIS PSP Certification for Physical Security Professionals

Emblez Longoria, a senior security consultant at Verizon Communications in New Jersey, has more than 15 years of experience and a wealth of knowledge in the field. Emblez Longoria earned a variety of security certificates throughout his career, including the ASIS International Physical Security Professional (Certified Protection Professional) and Certified Protection Professional (Certified Protection Professional). The Professional Certification Board was also his seat.

ASIS International is a non-profit organization that aims to improve security worldwide. It offers four certification programs for security professionals. ASIS accreditation recognizes and verifies security management knowledge, which can lead to better salaries and career advancement.

The Certified Protection Professional (CPP), title in the security industry, is widely considered the highest standard. Candidates must demonstrate a thorough understanding of all aspects in security management to be eligible for the Certified Protection Professional (CPP) title. To be eligible for a CPP, applicants must have a minimum three-year experience in security management.

ASIS International also offers three other distinctions: the Professional Certified Investigator (PCI), Associate Protection Professional (APP), and the Physical Security Professional (PSP). PSP, which is for investigators with experience in case management and evidence
