Latest Health-Cloud-Accredited-Professional Braindumps Questions & Valid Health-Cloud-Accredited-Professional Exam Sims

In the information era, IT industry is catching more and more attention. In the society which has a galaxy of talents, there is still lack of IT talents. Many companies need IT talents, and generally, they investigate IT talents's ability in according to what IT related authentication certificate they have. So having some IT related authentication certificate is welcomed by many companies. But these authentication certificate are not very easy to get. Salesforce Health-Cloud-Accredited-Professional is a quite difficult certification exams. Although a lot of people participate in Salesforce Health-Cloud-Accredited-Professional exam, the pass rate is not very high.

Salesforce Health Cloud Accredited Professional Sample Questions (Q53-Q58):

NEW QUESTION # 53
A pharma company wants the ability to:
* Upload a patient's insurance card, including automatic Member Plan record creation
* Run a benefits verification check
* Schedule on behalf of the patient with a provider
Which set of Health Cloud capabilities should enable the company to build this business process?

- A. Virtual Care, Intelligent Appointment Management, Intelligent Document Automation, Intelligent Document Reader
- B. Intelligent Document Automation, Intelligent Appointment Management, Intelligent Document Reader, Benefits Verification
- C. Utilization Management, Care Management, Intelligent Document Automation, Intelligent Appointment Management
- D. Intelligent Appointment Management, Benefits Verification, Intelligent Document Automation, eFax Integration

Answer: B

Explanation:
The set of Health Cloud capabilities that should enable the company to build this business process are Intelligent Document Automation, Intelligent Appointment Management, Intelligent Document Reader, and Benefits Verification. Intelligent Document Automation allows the company to upload a patient's insurance card and automatically create a Member Plan record. Intelligent Appointment Management allows the company to schedule on behalf of the patient with a provider. Intelligent Document Reader allows the company to extract data from the insurance card and populate the Member Plan fields. Benefits Verification allows the company to run a benefits verification check using a third-party service.

NEW QUESTION # 54
In which three ways can users access Provider Management standard objects? (Choose three)

- A. By assigning Health Cloud Foundation Permission set.
- B. By assigning the Provider Permission set.
- C. By assigning Health Cloud Platform Permission set licenses.
- D. By using Service Cloud
- E. By using Health Cloud.

Answer: A,C

Explanation:
Explanation
Health Cloud Foundation
Assigns read access to additional Health Cloud platform capabilities, including the Provider Management data model.
The Health Cloud Provider Network Management permission set grants access to provider management objects so users can

manage credentialing and recruiting.
To use the Provider Network Management features of Health Cloud, assign both the Provider Network Management permission set and the Health Cloud permission set to your users

NEW QUESTION # 55
In which three ways does Health cloud meet compliance and regulatory requirements? (Choose three.)

- A. Health cloud is HIPAA certified
- B. Health cloud is HL-7 Compliant
- C. Health cloud is GDPR certified
- D. Health cloud is HITRUST certified
- E. Health Cloud helps HLS organization achieve HIPAA Compliance

Answer: A,B,E

NEW QUESTION # 56
A healthcare organization is launching a new gene therapy program, and an administrator needs to leverage Advanced Therapy Management.
In which two ways does Advanced Therapy Management assist the healthcare organization with its complex scheduling requirements?

- A. Schedule a telehealth appointment.
- B. Book multi-step appointments.
- C. Reschedule part of the appointment chain.
- D. Optimize appointment chain with Einstein.

Answer: B,C

Explanation:
Advanced Therapy Management assists the healthcare organization with its complex scheduling requirements by allowing them to reschedule part of the appointment chain and book multi-step appointments. Rescheduling part of the appointment chain enables the organization to adjust the dates and times of individual appointments within a chain without affecting the rest of the chain. Booking multi-step appointments enables the organization to create a series of related appointments that follow a predefined sequence and duration.

NEW QUESTION # 57
What are three requirements for implementing patients or members in Health Cloud?
Choose 3 answers

- A. Ensure 1-to-1 Account to Contact relationship.
- B. Ensure the Parent Account field is blank.
- C. Ensure the Parent Contact object is blank.
- D. Ensure the Person Account object Is used.
- E. Ensure the Account is the Parent to Household Accounts.

Answer: A,D,E
