Reliable Nutanix NCP-EUC Exam Dumps & New NCP-EUC Exam Duration

As a market leader, our company is able to attract quality staff; it actively seeks out those who are energetic, persistent, and professional to various NCP-EUC certificate and good communicator. Over 50% of the account executives and directors have been with the Group for more than ten years. The successful selection, development and NCP-EUC training of personnel are critical to our company's ability to provide a high standard of service to our customers and to respond their needs. That's the reason why we can produce the best NCP-EUC exam prep and can get so much praise in the international market..

The NCP-EUC certification exam is a challenging exam that tests your knowledge and skills in EUC. NCP-EUC exam consists of 60 multiple-choice questions that must be completed within 90 minutes. To pass the exam, you must score at least 300 out of 500 points. NCP-EUC Exam is computer-based, and you can take it at any Pearson VUE testing center around the world.

Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam Sample Questions (Q148-Q153):

NEW QUESTION # 148

A company is planning to implement Citrix Virtual Apps and Desktops on Nutanix clusters running AHV. The initial implementation will be sized for 1000 virtual desktops with Windows 11, Microsoft Office 2021 and Adobe Creative Cloud All Apps installed.

What is the correct prerequisite to implement a successful installation of the Nutanix AHV MCS Plug-in?

- A. The user running Nutanix AHV MCS installer must have administrator privileges on the Citrix Broker.
- B. The user running Nutanix AHV MCS installer must have administrator privileges on the Citrix Storefront.
- C. Nutanix cluster virtual IP address is reachable.

- D. Nutanix data services IP address is reachable.

Answer: A

Explanation:

The Nutanix AHV MCS Plug-in is a tool that enables Citrix Virtual Apps and Desktops Delivery Controllers (also called Brokers) to create and manage Citrix-provisioned VMs in a Nutanix AHV infrastructure environment. The plug-in is based on the Citrix-defined plug-in framework².

To install the Nutanix AHV MCS Plug-in, you need to meet some prerequisites, such as:

The Delivery Controller version must be 7.15 LTSR CU3 or later.

The Delivery Controller must be able to communicate with Prism Element (PE) using HTTPS port 9440.

The Delivery Controller must have PowerShell 5.1 or later installed.

The user running the installer must have administrator privileges on the Delivery Controller².

NEW QUESTION # 149

An administrator is using Citrix Studio to configure policies for their existing CVAD environment on to a Nutanix Files share. The administrator would like to use Citrix Director to reset user profiles.

How should the user profiles be configured?

- A. Redirect user's Desktop, Documents and Favorites to a Nutanix Files home share.
- B. use Nutanix Files standard shares
Deploy Citrix Profile Management user stores inside the user's top-level directory
- C. Redirect user's Desktop, Documents and Favorites to a Nutanix Files general share.
- D. use Nutanix Files distributed shares. Deploy Citrix Profile Management user stores inside the user's top-level directory.

Answer: D

Explanation:

This is because this option will allow the administrator to use Citrix Director to reset user profiles on a Nutanix Files share that provides high performance, scalability, and resilience³.

Citrix Profile Management is a solution that allows administrators to manage user profiles and settings across different devices and sessions¹². Nutanix Files is a software-defined file storage solution that provides high performance and scalability for file data¹².

Nutanix Files supports all forms of profile management with efficient metadata caching techniques that optimize for faster VDI logon times¹². Nutanix Files offers two types of shares: standard shares and distributed shares³. Standard shares are hosted on a single file server, while distributed shares are hosted on multiple file servers for load balancing and high availability³.

NEW QUESTION # 150

In Frame, what occurs when the minimum value in the capacity settings is set to less than the Quick Publish value specified?

- A. A user will not be able to launch their Frame Desktop or Application
- B. The administrator will receive an error notification.
- C. Regular publish value settings are ignored and Quick Publish values are performed.
- D. Quick Publish value settings are ignored, and regular publishing is performed.

Answer: D

Explanation:

Nutanix Frame allows administrators to configure capacity settings for their virtual machines (VMs) that run virtual apps and desktops.

Capacity settings include:

Default capacity, which defines how many VMs are turned on when there is no user activity on the account. This setting helps reduce costs by turning off unused VMs.

Active capacity, which defines how many VMs are turned on when there is user activity on the account. This setting helps improve performance by ensuring enough VMs are available for user sessions.

Quick Publish, which defines how many VMs are updated with the latest changes when publishing a new version of an app or desktop. This setting helps speed up the publishing process by updating only a subset of VMs instead of all of them.

According to Nutanix Frame documentation¹, Quick Publish value should be equal to or less than the active capacity value for each instance type.

If Quick Publish value is set higher than active capacity value, then Frame will ignore Quick Publish value and perform regular publishing instead.

NEW QUESTION # 151

A Windows IO VM fails to power on With an NVIDIA vCPU profile in ESXi 7. The VM is configured with NVIDIA profile by selecting Shared PCI Device, adding the NVIDIA GRID vCPU device. and selecting the Profile under VM settings.

The following error message is displayed in the vSphere web client:

```
An error was received from the ESX host while powering on VM win10.  
Failed to start the virtual machine  
Module 'DevicePowerOn' power on failed.  
Could not initialize plugin '/usr/lib64/vmware/plugin/libnvidia-vgx.so' for vGPU 'grid_m60-4q'  
No graphics device is available for vGPU 'grid_m60-4q'.
```

What should be done to resolve this issue?

- A. Switch the GPU mode to compute mode using gpumodeswitch command.
- B. Change the Graphics mode of the host from Shared to Shared Direct
- **C. Switch the GPU mode to graphics mode using gpumodeswitch command.**
- D. Change the Graphics mode of the host from Shared to Shared Direct
- E. change the Graphics mode of the host from Shared Direct to Shared.

Answer: C

Explanation:

gpumodeswitch is a command-line tool that is used to switch supported NVIDIA GPUs between compute and graphics mode.

Compute mode allows multiple VMs to share a GPU for CUDA workloads. Graphics mode allows a single VM to use a GPU for graphics workloads¹².

NEW QUESTION # 152

An administrator would like to apply a group of base settings to Citrix-based VDI users at each logon. which user profile type would best fit the scenario?

- **A. Mandatory Profiles**
- B. Virtual disk-based Profiles
- C. Roaming Profiles
- D. Local Profiles

Answer: A

Explanation:

A mandatory profile is a type of roaming profile that is read-only and does not save any changes made by users during their sessions.

A mandatory profile can be applied to a group of users who share a common desktop environment and do not need to customize their settings or preferences.

A mandatory profile can ensure that a group of base settings are applied to Citrix-based VDI users at each logon, regardless of any changes they make during their sessions. A mandatory profile can also improve performance, security, and consistency of the VDI environment.

To use a mandatory profile with Citrix Virtual Apps and Desktops, you need to create a template profile on a reference machine, rename its NTUSER.DAT file to NTUSER.MAN, and copy it to a network share. Then you need to configure Profile Management policies or Active Directory settings to point to the network share location for your users².

NEW QUESTION # 153

.....

It is acknowledged that high-quality service after sales plays a vital role in enhancing the quality of our NCP-EUC learning engine. Therefore, we, as a leader in the field specializing in the NCP-EUC exam material especially focus on the service after sales. In order to provide the top service on our NCP-EUC training prep, our customer agents will work 24/7. So if you have any doubts about the NCP-EUC study guide, you can contact us by email or the Internet at any time you like.
