

N16302GC10 Test Braindumps - Exam N16302GC10 Success

The great advantage of the APP online version is if only the clients use our N16302GC10 certification guide in the environment with the internet for the first time on any electronic equipment they can use our N16302GC10 test materials offline later. So the clients can carry about their electronic equipment available on their hands and when they want to use them to learn our qualification test guide. So the clients can break through the limits of the time and environment and learn our N16302GC10 Certification guide at their own wills. This is an outstanding merit of the APP online version.

Oracle N16302GC10 Exam Syllabus Topics:

Topic	Details
Topic 1	• Data Security: This section of the exam measures skills of Security Administrators and focuses on data access and permission management in NetSuite. It includes understanding the implications of user permissions, recommended practices for creating custom roles, and managing data manipulation in bulk. The emphasis is on protecting system integrity and controlling data visibility across users and departments.
Topic 2	• Platform: This section of the exam measures the skills of NetSuite Developers and covers using SuiteFlow and SuiteScript to automate business processes. It includes configuring workflows, using custom fields and forms, implementing advanced PDF layouts, and understanding SuiteBundler. The focus is on customizing and extending NetSuite functionality while following best practices for stable, maintainable configurations.

Topic 3	Record to Report: This section of the exam measures the skills of Financial Analysts and covers how to configure NetSuite features and preferences to meet client-specific reporting and accounting needs. It includes understanding the setup of the chart of accounts, segment usage, and best practices for period-end close. Candidates must know how journal entries, exchange rates, and tax configurations operate within NetSuite to maintain accurate financial reporting.
Topic 4	Design to Build: This section of the exam measures the skills of Inventory Control Managers and focuses on product and inventory management within NetSuite. It includes identifying appropriate item types, managing assemblies, pricing, and item costing. Candidates must understand how inventory transactions and settings affect costing and how to configure inventory management for optimal business performance.
