

# VMware Professional Exam Dumps 2V0-32.24 Collection—Pass 2V0-32.24 First Attempt

P.S. Free 2025 VMware 2V0-32.24 dumps are available on Google Drive shared by 2Pass4sure: [https://drive.google.com/open?id=1ed5ploY\\_NL1zerQfao76J4JT1iD9-02e](https://drive.google.com/open?id=1ed5ploY_NL1zerQfao76J4JT1iD9-02e)

All exam materials in 2V0-32.24 learning materials contain PDF, APP, and PC formats. They have the same questions and answers but with different using methods. If you like to take notes randomly according to your own habits while studying, we recommend that you use the PDF format of our 2V0-32.24 Study Guide. And besides, you can take it with you wherever you go for it is portable and takes no place. So the PDF version of our 2V0-32.24 exam questions is convenient.

## VMware 2V0-32.24 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"> <li>• <b>Troubleshooting and Repairing:</b> This section of the exam measures skills of Support Engineers and covers the diagnosis and resolution of common performance and configuration issues in vRealize Operations, Log Insight, and Lifecycle Manager. It also includes cluster management options, log bundle generation, password handling, and changing authentication settings, equipping professionals to ensure system reliability.</li> </ul>
Topic 2	<ul style="list-style-type: none"> <li>• <b>VMware Products and Solutions:</b> This section of the exam measures the skills of Cloud Engineers and covers the components, integrations, and use cases for various VMware Cloud Management solutions. It includes tools like vRealize True Visibility Suite, Skyline, Federated Analytics, vRealize AI Cloud, and Log Insight Cloud. Candidates also explore deployment tools such as Remote Collectors and Cloud Proxies to understand their role in scalable cloud operations.</li> </ul>
Topic 3	<ul style="list-style-type: none"> <li>• <b>Administrative and Operational Tasks:</b> This section of the exam measures skills of Cloud Administrators and covers daily operational tasks such as content and environment management in vRealize Suite Lifecycle Manager. It also includes managing licensing, alert systems, dashboards, metrics, cost assessments, capacity optimization, workload planning, and system monitoring. Additionally, it explores access control, patching, and retention settings in vRealize Log Insight, ensuring ongoing operational excellence across VMware tools.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>• <b>Performance-tuning, Optimization, and Upgrades:</b> This section has no testable objectives and therefore is not directly assessed in the exam.</li> </ul>

Topic 5	<ul style="list-style-type: none"> <li>• <b>Installing, Configuring, and Setting Up:</b> This section of the exam measures skills of Implementation Specialists and covers the end-to-end setup process for vRealize Suite Lifecycle Manager, vRealize Operations, and Log Insight. It includes prerequisites, installation steps (manual and automated), identity and access configuration, environment settings, data sources, content packs, and system integrations to enable a functional cloud management platform.</li> </ul>
Topic 6	<ul style="list-style-type: none"> <li>• <b>Architecture and Technologies:</b> This section of the exam measures the skills of Cloud Architects and covers the core differences between VMware Cloud Management offerings, focusing on SaaS versus on-premises deployments. It introduces the capabilities of vRealize Suite Lifecycle Manager, vRealize Operations, and vRealize Log Insight, helping professionals understand the foundational technologies that support VMware's cloud ecosystem.</li> </ul>

## 2V0-32.24 Learning Mode - 2V0-32.24 New Study Materials

Knowledge of the 2V0-32.24 real study dumps contains are very comprehensive, not only have the function of online learning, also can help the user to leak fill a vacancy, let those who deal with qualification exam users can easily and efficient use of the 2V0-32.24 question guide. By visit our website, the user can obtain an experimental demonstration, free after the user experience can choose the most appropriate and most favorite 2V0-32.24 Exam Questions download. Users can not only learn new knowledge, can also apply theory into the actual problem, but also can leak fill a vacancy, can say such case selection is to meet, so to grasp the opportunity!

### VMware Cloud Operations 8.x Professional V2 Sample Questions (Q14-Q19):

#### NEW QUESTION # 14

When creating a vRealize Operations content endpoint in vRealize Suite Lifecycle Manager what should an administrator configure on the vRealize Operations appliance?

- A. A configuration file with the vRealize Suite Lifecycle Manager server details
- B. A local user account with the relevant permissions to allow ssh access
- C. A content management agent for capturing the supported types of content
- D. A new file system partition that is shared for storing content exports

**Answer: A**

Explanation:

When creating a vRealize Operations content endpoint in vRealize Suite Lifecycle Manager (vRSLCM), an administrator must configure a configuration file that includes the vRealize Suite Lifecycle Manager server details. This allows vRealize Operations to communicate with vRSLCM and facilitates the management of content within vRealize Operations using the Lifecycle Manager.

#### NEW QUESTION # 15

What is the purpose of using Collector Groups in vRealize Operations?

- A. Achieve adapter resiliency when the remote collector experiences network interruption or becomes unavailable.
- B. Achieve adapter load distribution by distributing the number of monitored objects across different remote collectors.
- C. Expand vRealize Operations cluster capacity by adding more data storage and compute power.
- D. Collect and upload environment data to VMware for customer experience improvement.

**Answer: B**

Explanation:

Collector Groups in vRealize Operations are used to distribute the load of monitored objects across different remote collectors. This helps balance the workload and ensures that no single collector becomes overwhelmed. By distributing the monitoring tasks, Collector Groups improve performance, scalability, and overall efficiency in large environments.

### NEW QUESTION # 16

An administrator has been tasked with deploying vRealize Operations using vRealize Suite Lifecycle Manager (vRSLCM). Which two options are steps in the process? (Choose two.)

- A. Verify that the vRealize Suite or vRealize Operations license is Advanced Edition or Enterprise Edition.
- B. Download the PAK file for the vSAN Management Pack.
- C. Verify that you obtained the vRealize Suite or vRealize Operations license with a quantity that fulfills the requirements of this design.
- D. Verify that the destination vSphere Cluster Datastore resides on an all flash vSAN.
- E. Verify that the vRealize Operations product binary is available in vRealize Suite Lifecycle Manager.

**Answer: C,E**

Explanation:

Verify that the vRealize Operations product binary is available in vRealize Suite Lifecycle Manager: Before deploying vRealize Operations through vRSLCM, you must ensure that the vRealize Operations binary is available in vRSLCM for deployment. Verify that you obtained the vRealize Suite or vRealize Operations license with a quantity that fulfills the requirements of this design: It's essential to ensure that the appropriate license for vRealize Operations is available and meets the required capacity for the deployment.

### NEW QUESTION # 17

An administrator updated the alert and symptom definitions. The administrator now wants to complete an upgrade to the latest version of vRealize Operations.

Which two actions can be done to preserve the customized content? (Choose two.)

- A. Backup the customized content as a YAML file
- B. Backup the customized content by cloning it
- C. Select the checkbox 'Preserve Custom Content' when performing the upgrade
- D. Select the checkbox 'Reset Default Content' when performing the upgrade
- E. Import your custom content

**Answer: B,C**

Explanation:

Select the checkbox 'Preserve Custom Content' when performing the upgrade: During the upgrade process, you can select the "Preserve Custom Content" option to ensure that any custom content, including alerts and symptoms, is retained during the upgrade to the latest version of vRealize Operations.

Backup the customized content by cloning it: Before upgrading, it's a good practice to backup customized content by cloning it. This ensures that you have a copy of the custom configurations in case they are lost or need to be restored after the upgrade.

### NEW QUESTION # 18

An administrator would like to monitor third-party storage array metrics in vRealize Operations.

Which three steps should the administrator take to complete this objective? (Choose three.)

- A. Download the Content Pack from VMware Marketplace
- B. Download the PPK file from VMware Marketplace
- C. Download the Management Pack from the VMware Marketplace to the local system
- D. Verify that the Management Pack is supported for the specific vRealize Operations version/edition from the VMware Compatibility Guide
- E. Install and configure the Management Pack
- F. All Management Packs are installed & configured by default when installing the vRealize Operations

**Answer: A,C,E**

Explanation:

Download the Content Pack from VMware Marketplace: To monitor third-party storage arrays, you need to obtain the relevant content pack, which contains predefined dashboards, reports, and other resources.

Download the Management Pack from the VMware Marketplace to the local system: The necessary management pack, which includes the integrations required to monitor third-party storage arrays, must be downloaded from the VMware Marketplace.
