BCS Practitioner Certificate in Business Analysis Practice v5.0 Sample Questions (Q55-Q60):

NEW QUESTION # 55

The customer journey map below was created for Eyes 4'U, a chain of high street opticians. This shows the journey of a person who is 67 years old and retired with a limited pension and active social life. What are the MOST LIKELY statements to be in Box F and Box G?

- A. F: concern at cost; G: provide clearer information on options and pricing
- B. F: worry about choosing the wrong frame; G: introduce virtual frame selection technology
- C. F: provide clearer information on options and pricing; G: concern at cost
- D. F: pleased appointment ending; G: provide clearer information on options and pricing

Answer: A

Explanation:

A customer journey map is a visual representation of the steps and emotions that a customer goes through when interacting with a product or service. It helps to identify the pain points and opportunities for improvement in the customer experience. A customer journey map typically consists of the following elements: stages, actions, thoughts, feelings, touchpoints and opportunities. Therefore, option A is the correct answer, as it matches the elements of the customer journey map for Box F and Box G. Box F represents the feeling of the customer at the stage of choosing a frame. The feeling is concern at cost, as the customer is worried about the price of the frames and lenses. Box G represents the opportunity for improvement at the stage of selecting lenses. The opportunity is to provide clearer information on options and pricing, as this would help the customer to make an informed decision and reduce their anxiety. Option B is not a correct answer, as it does not match the elements of the customer journey map for Box F and Box G. Box F represents the feeling of the customer, not an opportunity for improvement. Box G represents an opportunity for improvement, not a feeling of the customer. Option C is not a correct answer, as it does not match the elements of the customer journey map for Box F and Box G. Box F represents the feeling of the customer, not an opportunity for improvement. Box G represents an opportunity for improvement, not a feeling of the customer. Option D is not a correct answer, as it does not match the elements of the customer journey map for Box F and Box G. Box F represents the feeling of the customer, not an opportunity for improvement. Box G represents an opportunity for improvement, not a feeling of the customer.

NEW QUESTION # 56

Nastya is the CEO of a large technology firm, which develops new and innovative nanotechnology. Below is an email she has sent to her management team:

Dear Team,

Recent media coverage has revealed that our competitors have lower costs. It is important that we get back to our suppliers to see if they can secure a better component price for the next version of our NanoVac range. Let's also consider the energy costs of our labs. I'm mindful that costs are rising due to investment in renewable power. I want us to negotiate with our energy supplier to get a better deal.

I've also been reading reports on social responsibility and sustainability and I'd like a full review of the biodegradability of the packaging of all our products- we don't want media attention for being a technology company that wastes natural resources. Our employment regulations also need revisiting as there have been changes to pension rules and paternity/maternity rights for workers and I want us to be aware of these. Finally, regarding the staff conference I want to launch a new staff development programme, which aims to identify and develop the rising stars in our business. People development should be a key priority in our next annual plan.

Thanks, Nastya."

Which elements of PESTLE are identified in this email?

- A. Socio-Cultural, Technological, Economic
- B. Political, Legal, Economic
- C. Environmental, Political, Socio-Cultural
- D. Economic, Environmental, Legal

Answer: D

Explanation:

Explanation

The elements of PESTLE that are identified in this email are Economic, Environmental and Legal. Economic factors are related to the costs and prices of the business and its competitors. In this email, Nastya mentions that their competitors have lower costs and that they need to secure a better component price and negotiate with their energy supplier (B). Environmental factors are related to the natural resources and sustainability of the business and its impact on the environment. In this email, Nastya mentions that she wants a full review of the biodegradability of the packaging of all their products and that she is mindful of the costs of renewable power (E). Legal factors are related to the laws and regulations that affect the business and its operations. In this email, Nastya mentions that

their employment regulations need revisiting due to changes in pension rules and paternity/maternity rights (L).

NEW QUESTION # 57

Which TWO of the following descriptions apply to a Business Activity Model (BAM)?

- A. Dependencies between the activities are NOT shown
- B. The owner should ALWAYS choose the final BAM
- C. NORMALLY a consensus BAM will be produced
- D. Multiple BAMs COULD be created to reflect different perspectives.
- E. The activities are MOST LIKELY to be shown in boxes

Answer: D,E

Explanation:

A Business Activity Model (BAM) is a technique for modelling business activities within an organisation or project at a high level of abstraction. It helps to understand what an organisation does, how it does it, who does it, where it does it and why it does it. Therefore, options A and D are correct answers, as they apply to a BAM. Option A applies to a BAM, as multiple BAMs could be created to reflect different perspectives of different stakeholder groups within or outside the organisation or project. A BAM is not a single or definitive representation of the business activities, but a subjective and contextual view that depends on the purpose and scope of the analysis. Option D applies to a BAM, as the activities are most likely to be shown in boxes in a BAM. A BAM is typically represented as a diagram that consists of boxes and arrows. The boxes represent the high level activities that the organisation performs or delivers, and the arrows represent the flow or sequence of the activities. Option B does not apply to a BAM, as the owner should not always choose the final BAM. The owner is one of the stakeholder groups that may have a perspective on the business activities, but not the only or ultimate one. The final BAM should be agreed by all relevant stakeholder groups based on their needs and expectations. Option C does not apply to a BAM, as normally a consensus BAM will not be produced. A consensus BAM is a BAM that reflects a common or shared perspective of all stakeholder groups within or outside the organisation or project. A consensus BAM is not realistic or desirable, as different stakeholder groups may have different or conflicting views on the business activities. Option E does not apply to a BAM, as dependencies between the activities are shown in a BAM. Dependencies between the activities are the relationships or connections that indicate how one activity affects or influences another activity. Dependencies between the activities are shown by the arrows in a BAM diagram.

NEW QUESTION # 58

Paula is a business analyst working for a small bespoke furniture manufacturing company. The newly appointed chief executive, Beverly, has asked Paula to lead an initiative to refresh and restate (where necessary) the organization's plan for the next financial year. Paula recently led a planning worksop with senior managers and has made the following notes about issues raised in the workshop:

The company....

- a) Aims to supply 10% of the local bespoke furniture market by the end of the financial year.
 - b) Will Invest In local radio advertising and appoint a creative team to develop an appropriate advertisement
 - c) Will await the final draft of the annual accounts before considering investing in a new range of high-tech chairs.
 - d) Will adopt new 3D printing technologies to gain an advantage when quoting for bespoke furniture designs
 - e) Recognises that bespoke furniture will always be more expensive than mass-produced, standard furniture
- Which of these notes will go into her MOST analysis?

- A. b, c and e.
- B. a, d and e
- C. a, b and d.
- D. a, b and c.

Answer: C

Explanation:

The notes that will go into the MOST analysis are a, b and d, as they correspond to the elements of Mission, Strategy and Tactics. The mission is to supply 10% of the local bespoke furniture market by the end of the financial year (a). The strategy is to adopt new 3D printing technologies to gain an advantage when quoting for bespoke furniture designs (d). The tactics are to invest in local radio advertising and appoint a creative team to develop an appropriate advertisement (b). Note c is not part of the MOST analysis, as it

is not related to any of the elements.

NEW QUESTION # 59

An airline has agreed that the following Key performance indicator (KPI) will help measure one of the airline's Critical Success Factors (CSFs) -customer service. The KPI is the percentage of customers rating our service as excellent in an independently administrator customer survey.

In the current year, the performance objective associated with KPI is 70%. The airline, therefore, aims for at least 70% of customers rating its service as excellent.

Which of the following activities in a Business Activity Model would establish whether the KPI and its associated performance objective is being achieved?

- A. Deliver customer service.
- **B. Monitor customer satisfaction.**
- C. Define customer satisfaction.
- D. Agree performance objective.

Answer: B

Explanation:

The activity 'monitor customer satisfaction' would establish whether the KPI and its associated performance objective is being achieved, as it would involve collecting and analysing the data from the customer survey. The other activities are related to defining, agreeing or delivering customer satisfaction, but not measuring it. Therefore, option A is the correct answer.
