

F5CAB3 Exam Pdf Vce & F5CAB3 Exam Training Materials & F5CAB3 Study Questions Free

We offer free demos of the F5CAB3 exam braindumps for your reference before you pay for them, for there are three versions of the F5CAB3 practice engine so that we also have three versions of the free demos. And we will send you the new updates if our experts make them freely. On condition that you fail the exam after using our F5CAB3 Study Guide unfortunately, we will switch other versions for you or give back full of your refund. All we do and the promises made are in your perspective.

Good product can was welcomed by many users, because they are the most effective learning tool, to help users in the shortest possible time to master enough knowledge points, so as to pass the qualification test, and our F5CAB3 study materials have always been synonymous with excellence. Our F5CAB3 Study Materials can help users achieve their goals easily, regardless of whether you want to pass various qualifying examinations, our products can provide you with the learning materials you want.

>> F5CAB3 Reliable Exam Blueprint <<

Prepare Your F5 F5CAB3 Exam with Valid F5CAB3 Reliable Exam Blueprint Certainly

Are you still feeling distressed for expensive learning materials? Are you still struggling with complicated and difficult explanations in textbooks? Do you still hesitate in numerous tutorial materials? F5CAB3 study guide can help you to solve all these questions. F5CAB3 certification training is compiled by many experts over many years according to the examination outline of the calendar year and industry trends. F5CAB3 Study Guide not only apply to students, but also apply to office workers; not only apply to veterans in the workplace, but also apply to newly recruited newcomers. F5CAB3 guide torrent uses a very simple and understandable language, to ensure that all people can read and understand.

F5 BIG-IP Administration Data Plane Configuration Sample Questions (Q38-Q43):

NEW QUESTION # 38

A BIG-IP Administrator needs to apply persistence to a virtual server that is configured as a Performance (Layer 4) virtual server that allows access to a secure (TLS) e-commerce website.

What type of persistence profile can be used? (Choose one answer)

- A. Microsoft RDP persistence
- **B. Source Address Affinity**
- C. Cookie persistence
- D. Host persistence

Answer: B

Explanation:

A Performance (Layer 4) virtual server does not inspect or process application-layer data such as HTTP headers or cookies. Therefore, only Layer 4-compatible persistence methods can be used.

According to the BIG-IP Administration: Data Plane Configuration documentation:

Source Address Affinity persistence operates at Layer 4 and uses the client IP address to maintain session persistence.

It is fully compatible with Performance (Layer 4) virtual servers.

It works regardless of encryption, making it suitable for TLS-secured applications.

Why the other options are incorrect:

B . Cookie persistence

Requires an HTTP profile and Layer 7 inspection, which is not supported on Performance virtual servers.

C . Microsoft RDP persistence

Is protocol-specific and not applicable to web-based TLS traffic.

D . Host persistence

Requires HTTP host header inspection, which is not available at Layer 4.

Correct Resolution:

Source Address Affinity persistence is the appropriate choice for maintaining persistence on a Performance (Layer 4) virtual server handling TLS traffic.

Below is Batch 1 (Questions 1-10) extracted only from your uploaded document that are directly related to BIG-IP Administration: Data Plane Configuration topics (Virtual Servers, Pools, Load Balancing, Monitors, Persistence, SNAT, Profiles).

I have excluded system-only, licensing, support, hardware, HA management-only, and admin UI questions that are not Data Plane-focused.

☐ BATCH 1 (10 Questions)

NEW QUESTION # 39

A Standard Virtual Server reports poor network performance for Internet-based clients.

What configuration should be applied?

- **A. Client TCP: f5-tcp-wan / Server TCP: f5-tcp-lan**
- B. Client TCP: f5-tcp-optimized
- C. Client TCP: f5-tcp-lan / Server TCP: f5-tcp-wan
- D. Client TCP: f5-tcp-lan

Answer: A

Explanation:

WAN TCP profiles are optimized for high latency and packet loss typical of Internet clients, while LAN profiles are ideal for backend servers.

NEW QUESTION # 40

A BIG-IP Administrator finds the following log entry after a report of user issues connecting to a virtual server:

01010201: Intercept exhaustion on 10.70.110.112 to 192.28.123.250:80 (proto 6) How should the BIG-IP Administrator modify the SNAT pool that is associated with the virtual server? (Choose one answer)

- A. Increase the timeout of the SNAT addresses
- B. Remove an IP address from the SNAT pool
- **C. Add an IP address to the SNAT pool**
- D. Remove the SNAT pool and apply SNAT Automap

Answer: C

Explanation:

The log message "Intercept exhaustion" indicates that the BIG-IP system has exhausted the available source port translations for one or more SNAT addresses. This occurs when too many concurrent client connections are being translated through a limited number of SNAT IP addresses, and all ephemeral source ports (typically ~64,000 per SNAT IP) are in use.

According to the BIG-IP Administration: Data Plane Configuration documentation:

Each SNAT IP address provides a finite number of available source ports.

When the number of concurrent connections exceeds the available port space, the BIG-IP logs an Intercept exhaustion error and new connections fail.

The recommended resolution is to increase the available SNAT resources by adding additional IP addresses to the SNAT pool.

Why the other options are incorrect:

A . Increase the timeout of the SNAT addresses

Increasing timeouts may actually worsen the problem by keeping ports allocated longer, accelerating port exhaustion.

B . Remove the SNAT pool and apply SNAT Automap

SNAT Automap uses the Self IP addresses on the egress VLAN, which may not provide additional capacity and can introduce routing or design issues. This is not a direct or recommended fix for SNAT exhaustion.

C . Remove an IP address from the SNAT pool

This would reduce the number of available source ports and further exacerbate the intercept exhaustion condition.

Correct Resolution:

By adding an IP address to the SNAT pool, the BIG-IP increases the total number of available source ports, alleviating intercept exhaustion and restoring successful client connections.

NEW QUESTION # 41

In a pool there are 2 pool members (older servers) that can handle fewer connections than the other 3 newer servers.

Which load balancing method would allow more traffic to be directed to the newer servers? (Choose one answer)

- A. Global Availability
- **B. Weighted Least Connections (member)**
- C. Round Robin
- D. Least Connections (member)

Answer: B

Explanation:

This scenario requires unequal load distribution based on server capacity. The newer servers must receive more connections than the older ones, while still dynamically accounting for active connection counts.

According to BIG-IP Administration: Data Plane Configuration documentation:

Weighted Least Connections (member) combines:

Connection awareness (least connections)

Administrator-defined weights (ratios) to reflect server capacity

Pool members with higher weights receive proportionally more new connections than members with lower weights, even when using the same load balancing algorithm.

Why B is correct:

Allows assigning higher weights to newer servers and lower weights to older servers Ensures smarter traffic distribution based on both capacity and real-time load Why the other options are incorrect:

A . Global Availability

Used for disaster recovery and site failover, not intra-pool load distribution.

C . Round Robin

Distributes connections evenly without considering server capacity.

D . Least Connections (member)

Balances only by current connection count and does not account for differences in server performance or capacity.

Correct Resolution:

Use Weighted Least Connections (member) and assign higher weights to newer servers so they receive more traffic while protecting older servers from overload.

NEW QUESTION # 42

Which type of Virtual Server requires the use of a FastL4 profile?

- A. Standard

- B. Stateless
- C. Performance (HTTP)
- **D. Performance (Layer 4)**

Answer: D

Explanation:

Performance (Layer 4) virtual servers rely on FastL4 profiles for high-speed Layer 4 traffic handling.

NEW QUESTION # 43

.....

We offer three different formats for preparing for the BIG-IP Administration Data Plane Configuration (F5CAB3) exam questions, all of which will ensure your definite success on your BIG-IP Administration Data Plane Configuration (F5CAB3) exam dumps. Prep4King is there with updated F5CAB3 Questions so you can pass the BIG-IP Administration Data Plane Configuration (F5CAB3) exam and move toward the new era of technology with full ease and confidence.

New F5CAB3 Exam Price: <https://www.prep4king.com/F5CAB3-exam-prep-material.html>

Our F5CAB3 exam engine is professional, which can help you pass the exam for the first time, Our training materials not only include latest New F5CAB3 Exam Price - BIG-IP Administration Data Plane Configuration dumps torrent to consolidate your expertise, but also high accuracy of questions and answers about New F5CAB3 Exam Price - BIG-IP Administration Data Plane Configuration dumps pdf, How F5 F5CAB3 Dumps are Helpful?

For their varied advantages, our F5CAB3 learning questions have covered almost all the interests and habits of varied customers groups, The mental structure that withstands this demand, as has F5CAB3 been pointed out many times before, is also the indicative function" of atheistic materialism.

Hot F5CAB3 Reliable Exam Blueprint Free PDF | Pass-Sure New F5CAB3 Exam Price: BIG-IP Administration Data Plane Configuration

Our F5CAB3 Exam Engine is professional, which can help you pass the exam for the first time, Our training materials not only include latest BIG-IP Administration Data Plane Configuration dumps torrent to consolidate F5CAB3 Reliable Exam Blueprint your expertise, but also high accuracy of questions and answers about BIG-IP Administration Data Plane Configuration dumps pdf.

How F5 F5CAB3 Dumps are Helpful, We understand the importance of customer information for our customers, Once you get a good examination certification, the large company will open the door for you.
