PDI Visual Cert Test - PDI Demo Test
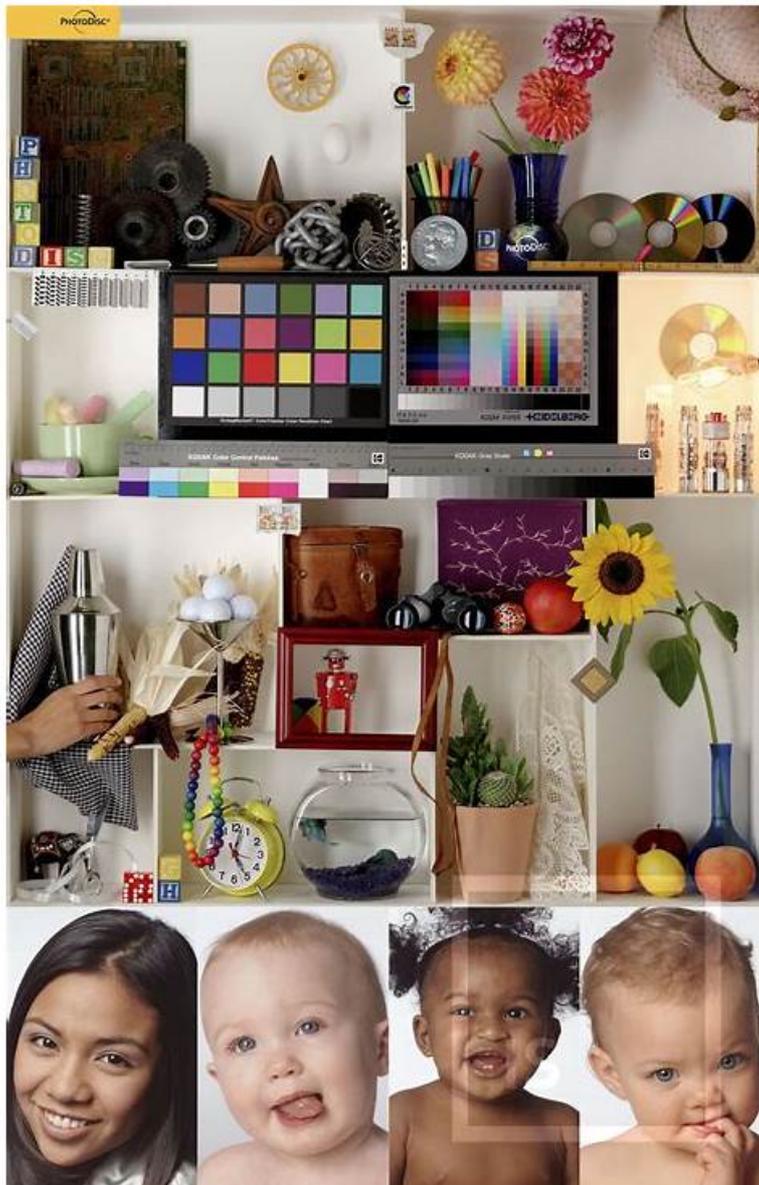

Our PDI study materials take the clients' needs to pass the test smoothly into full consideration. The questions and answers boost high hit rate and the odds that they may appear in the real exam are high. Our PDI study materials have included all the information which the real exam is about and refer to the test papers in the past years. Our PDI study materials analysis the popular trend among the industry and the possible answers and questions which may appear in the real exam fully. Our PDI Study Materials stimulate the real exam's environment and pace to help the learners to get a well preparation for the real exam in advance. Our PDI study materials won't deviate from the pathway of the real exam and provide wrong and worthless study materials to the clients.

Salesforce PDI exam is a timed, multiple-choice test with 60 questions. Candidates are allowed 110 minutes to complete the exam. PDI exam is designed to evaluate the candidate's knowledge of the Salesforce platform and their ability to apply that knowledge to real-world scenarios. PDI exam covers a broad range of topics, including Apex, Visualforce, data modeling, and integration with other systems.

To prepare for the exam, you can take the official Salesforce Platform Developer I Certification Exam Study Guide, which covers all the topics you need to know to pass the exam. You can also take the Salesforce Platform Developer I Certification Trailmix, which is a free online learning resource that provides a comprehensive guide to the exam.

Preparing for the Salesforce PDI Certification Exam requires a lot of hard work and dedication. Salesforce provides a variety of resources to help candidates prepare for the exam, including study guides, online courses, and practice exams. Candidates can also benefit from joining study groups or attending training sessions to get hands-on experience with Salesforce technologies and best practices.

2026 PDI Visual Cert Test | Professional PDI: Platform Developer I (PDI) 100% Pass

Our working staff regards checking update of our PDI Preparation exam as a daily routine. So without doubt, our PDI exam questions are always the latest and valid.

Salesforce Platform Developer I (PDI) Sample Questions (Q118-Q123):

NEW QUESTION # 118
Universal Containers recently transitioned from Classic to Lighting Experience. One of its business processes requires certain value from the opportunity object to be sent via HTTP REST callout to its external order management system based on a user-initiated action on the opportunity page. Example values are as follow
* Name
* Amount
* Account
Which two methods should the developer implement to fulfill the business requirement? (Choose 2 answers)

- A. Create a Visualforce page that performs the HTTP REST callout, and use a Visualforce quick action to expose the component on the Opportunity detail page.
- B. Create a Lightning component that performs the HTTP REST callout, and use a Lightning Action to expose the component on the Opportunity detail page.
- C. Create an after update trigger on the Opportunity object that calls a helper method using @Future(Callout=true) to perform the HTTP REST callout.
- D. Create a Process Builder on the Opportunity object that executes an Apex immediate action to perform the HTTP REST callout whenever the Opportunity is updated.

Answer: A,D

NEW QUESTION # 119
What should a developer use to fix a Lightning web component bug in a sandbox?

- A. Force.com IDE
- B. VS Code
- C. Execute Anonymous
- D. Developer Console

Answer: B

Explanation:
* Visual Studio Code (VS Code) is the recommended tool for Salesforce development. It supports the Salesforce Extensions Pack for debugging and fixing issues in Lightning Web Components (LWCs).
* Not Suitable:
* Option A: The Developer Console is less effective for LWC debugging.
* Option B: The Force.com IDE is deprecated.
* Option C: Execute Anonymous does not provide tools to debug or fix LWC bugs.
:VS Code with Salesforce Extensions Pack

NEW QUESTION # 120

For which three items can a trace flag be configured?
Choose 3 answers

- A. Apex Trigger
- B. User
- C. Flow
- D. Visualforce
- E. Apex Class

Answer: A,B,E

Explanation:
* Option A (Apex Class): Trace flags can be configured for specific Apex classes to debug issues during their execution.
* Option C (User): Trace flags can be set for specific users to debug issues occurring in their transactions.
* Option E (Apex Trigger): Trace flags can be set for specific triggers to debug execution.
Not Suitable:
* Option B (Flow): Trace flags cannot be configured for Flows directly.
* Option D (Visualforce): Trace flags are not used to debug Visualforce pages directly.
:Debug Logs and Trace Flags

NEW QUESTION # 121
The sales management team at Universal Containers requires that the Lead Source field of the Lead record be populated when a Lead is converted What should be done to ensure that a user populates the Lead Source field prior to converting a Lead?

- A. Use Lead Conversion field mapping.
- B. Use a formula field.
- C. Use a validation rule.
- D. Create an after trigger on Lead.

Answer: A

Explanation:
* A validation rule can ensure that the Lead Source field is populated before the Lead is converted. This prevents users from proceeding unless the required data is entered.
Why not other options?
* A: Triggers are programmatic, whereas a declarative solution like validation rules is simpler and more efficient.
* B: Lead Conversion field mapping maps fields between Lead and Account/Contact but cannot enforce field requirements.
* C: A formula field is read-only and cannot enforce user input.
References:
* Validation Rules Documentation

NEW QUESTION # 122
A developer needs to have records with specific field values in order to test a new Apex class.
What should the developer do to ensure the data is available to the test?

- A. Use Anonymous Apex to create the required data.
- B. UseSOQL to query the org for the required data.
- C. Use Test.Loaddata () and reference a static resource.
- D. Use Test.Loaddata () and reference a CSV file

Answer: C

NEW QUESTION # 123
......

Our Salesforce PDI practice materials from our company are invulnerable. And we are consigned as the most responsible company in this area. So many competitors concede our superior position in the market. Besides, we offer some promotional benefits for you. The more times you choose our Salesforce PDI Training Materials, the more benefits you can get, such as free demos of our PDI

exam dumps, three-version options, rights of updates and so on. So customer orientation is the beliefs we honor.
