NEW QUESTION # 375
What is a description of a leadership activity within a project?

- A. Creating a stage plan and product descriptions for the products to be created in the next stage
- B. Understanding and working with different departments outside of the project team
- C. Ensuring that a co-located project team uses the agreed communication methods
- D. Agreeing a work package with a tear manager to deliver products using specific tools

Answer: B

Explanation:
A key leadership activity within a project involves understanding and effectively working with different departments outside of the
project team. This includes managing stakeholder expectations, ensuring alignment with broader organizational goals, and facilitating
cross-functional collaboration, which are essential for the successful delivery of project outcomes.

NEW QUESTION # 376
Which is a factor when deciding the duration of a management stage?

- A. The number of products to be produced in the project
- B. The cost of the stage
- C. The work packages to be delivered
- D. The level of risk in the project

Answer: C

Explanation:
When deciding the duration of a management stage in PRINCE2, one key factor is the work packages to be delivered during the
stage. The content and complexity of these work packages can significantly influence the length of the stage, as they define the scope
and volume of work to be completed before the next stage review.
