Quality notes from the Daily Log

The Director of Information Technology Division (DIT) has been asked to ensure that any changes to the outsourced staff employment contracts adhere to employment law. The DIT will review future job descriptions of the transferred staff before the final contract is signed with the selected service provider.

The service level agreement between MFH and the selected service provider will specify the type and quality of service required. The selected service provider must follow the industry standards for providing outsourced services.

MFH has a quality management system which contains a document control procedure for all its documentation, however this does not include change management.

All project documents will be subject to a quality review. Nominated products will require a formal approval record signed-off by the quality review chair.

Extract from the draft Quality Management Strategy (may contain errors) Introduction

1. This document defines the approach to be taken to achieve the required quality levels during the project.
2. The Project Board will have overall responsibility for the Quality Management Strategy.
3. Project Assurance will provide assurance on the implementation of the Quality Management Strategy.

Quality management procedure - Quality standards

4. The selected service provider will operate to industry standards for providing outsourced services.

5. MFH document standards will be used.

Records

6. A Quality Register will be maintained to record the planned quality events and the actual results from the quality activities.

7. Configuration Item Records will be maintained for each product to describe its status, version and variant.

8. Approval records for products that require them will be stored in the quality database.

Roles and responsibilities

9. The DIT will check that the employment contracts for outsourced staff adhere to employment law.

10. Team Managers will provide details of quality checks that have been carried out.

11. Team Managers will ensure that the Quality Register is updated with the names of team members who are involved in the review process.

12. The Senior User will review the Product Descriptions of the products to be produced by the selected service provider to ensure that they can be achieved.

The service level agreement contains a number of technical terms that are missing from its glossary of terms.

- A. Obtain agreement from the Director of Facilities Division to add these into the glossary of terms within the remaining +2 days' tolerance.

Additional Information

Chief Executive Officer (CEO): He started the company 25 years ago and knows his job very well. He injured his leg two years ago which has restricted his visits to the engineering area. As CEO he has an overall perspective of the business strategic requirements and the authority to commit resources as required.

Marketing Director: She has been with the company for three years, following a successful career with a publicity company. She has the ability to represent the needs of the business, particularly as this is a marketing project. She has the authority to commit the annual business marketing budget, from which the project will be funded, as she sees appropriate. She will be responsible for monitoring the expected benefits of the calendar, in particular the improvement of the company's image.

Engineering Manager: He has been responsible for many engineering innovations in the company and is still as keen and energetic as the day he started. Whilst he will not be part of the project team, his staff will feature in the photos for the promotional calendar.

Central Records: This group of five staff looks after all company records and document control. They now maintain all project files.

Bright Lights: This is the local office supplies company. It supplies all the stationery and office equipment needs of the company and will supply the stationery for this project.

Portraits Ltd: This is a professional photographic company with a number of excellent photographers and a history of successful work. This company has been selected to take the photos for the company calendar. It has yet been decided which of the photographers to use.

Additional Information

Extract from the Communication Management Strategy.

The project information in the table below is true, but it may not be recorded under the correct heading or be in the correct document.

Communication	1. This document contains details of how the project management team will send information to individuals working on the Calendar project, and receive information from them.
Communication procedure	2. See MNO Manufacturing Company standards for all internal company communications.
Tools and techniques	3. Use the staff newsletter to launch the label design competition and to promote the chosen label design. 4. Using the number of responses to the label design competition as a measure, report fortnightly to the Project Board on the effectiveness of the staff newsletter as a vehicle for communication. 5. Use the company website to advertise the promotional calendar to customers.
Records	6. A record should be maintained for each product of the project. As a minimum this should show the project name, product name, product title, and version number. 7. External email and correspondence relating to the Calendar project should be recorded electronically in the project folder. 8. Information received in hard copy should, where possible, should be scanned and filed as above.
Timing of communication activities	9. At the end of each stage, audit and report on the performance of the communication methods being used. 10. Highlight Reports to be provided to appropriate stakeholders, at the frequency defined in each Stage Plan.
Stakeholder analysis: Interested parties	11. Photographer. 12. Print company.
Information needs for each interested party	13. Weekly updates will be provided by email to the individual producing the staff newsletter. 14. Engineering Manager is to be consulted when preparing the staff newsletter.

Using the Project Scenario, select the appropriate response to each of the following 5 questions which have been raised by the Project Board.

The project is now at the end of the initiation stage. Having decided that the Calendar project is a relatively simple project, the Project Manager combined the Starting Up a Project process and the Initiating a Project process. No Project Brief has been produced. Instead the Project Manager used the project mandate to produce a simple Project Initiation Documentation (PIO). The PIO includes the Business Case, a product checklist and several Product Descriptions, Including the Project Product Description. Short sections are also included for each of the strategies and the controls to be applied. The Project Manager has elected to use the Daily Log to record all risks, issues, lessons and quality - results.

After the initiation stage there will be two further stages during which a small number of Work Packages will be authorized. While these are being managed, the Project Manager will hold regular checkpoints, which will support the production of weekly Highlight Reports to the Project Board.

This question provides a number of changes which may or may not be required to the Extract from the Communication Management Strategy provided in the additional information.

Which statement applies to the Stakeholder analysis: Interested parties section?

- A. Add 'Internal Creative Team'.
- B. Delete entry 12 because the printing of the calendars is outside of the scope
- C. Delete entry 11 because the photographer is internal to the project management team.
