DAMA MD-1220 (Meta Data) Certification Exam is recognized globally and is a valuable credential for professionals who work in data management, information technology, data governance, and related fields. By obtaining this certification, individuals are equipped with the knowledge and skills needed to manage metadata effectively and efficiently, which is becoming increasingly important in the age of big data. As data grows in complexity, organizations need skilled professionals who can manage metadata to ensure the quality, accuracy, and consistency of their data assets.

The MD-1220 Certification Exam covers a range of topics related to metadata management, including metadata architecture, metadata modeling, metadata standards, and metadata tools and technologies. Candidates are expected to have a thorough understanding of these topics, as well as the ability to apply this knowledge in real-world scenarios.
