

# FCP\_FGT\_AD-7.6 Reliable Exam Cost & FCP\_FGT\_AD-7.6 Valid Exam Review

**QUESTION #221** FCP Certified Trainer - Answer to #221 (400)

open 22 traffic from the created CloudCache cluster's security group.

- C. Ensure the cluster is created with the static IP identifier and that the parameter is used in all subsequent commands.
- P. Ensure that Amazon CloudWatch metrics are configured to the CloudCache cluster.

**Answer:** A,C,P

**Explanation:**  
<https://docs.aws.amazon.com/AmazonCloudCache/latest/ug/using-ec2.html>

**NEW QUESTION #222** After reviewing an Amazon RDS snapshot from 3 days ago, a company's Dev/Test team contact asks if there are two RDS DB instances. What is the likely cause of this practice?

- A. The production DB instance is using a static identifier.
- B. The production DB instance is using a dynamic identifier.
- C. The production DB instance is using a system alias group.
- D. The production DB instance is using a custom parameter group.

**Answer:** D

**Explanation:**  
A database administrator maintains a fleet of Amazon RDS database instances that are configured to utilize the default database parameter group. A database administrator creates a custom parameter group with certain database instances. They then changes the identifier for this new parameter group since the database identifier will perform this change.

- A. After the DB instance is renamed it is deleted.
- B. Within 24 hours after the change is made to the parameter group.
- C. Immediately after the change is made to the parameter group.
- D. It is not feasible in practice to maintain the DB identifier.

**Answer:** A

**Explanation:**  
When you create a new DB parameter group with a DB instance, the modified static and dynamic parameter groups are applied only after the DB instance is renewed.

**NEW QUESTION #223** A company needs to maintain a fleet of Amazon RDS database instances that always store data in a consistent, log-structured format. The company requires fast responses for end-user queries when reading or data from the current year, and users must have access to the full 15 year dataset, when needed. This solution also needs to handle a fluctuating number of incoming queries. Storage costs for the 150 TB of data must be kept low.

**Answer:** 100

P.S. Free & New FCP\_FGT\_AD-7.6 dumps are available on Google Drive shared by Exam4Docs: [https://drive.google.com/open?id=11ajPUY0ppppop66MjG\\_KbNG-FFspcn7M](https://drive.google.com/open?id=11ajPUY0ppppop66MjG_KbNG-FFspcn7M)

The first goal of our company is to help all people to pass the FCP\_FGT\_AD-7.6 exam and get the related certification in the shortest time. Through years of concentrated efforts of our excellent experts and professors, our company has compiled the best helpful and useful FCP\_FGT\_AD-7.6 test training materials to meet all people's demands, and in addition, we can assure to everyone that our study materials have a higher quality than other study materials in the global market, at the same time, these people will be easier to be admitted to the human resources supervisor. The FCP\_FGT\_AD-7.6 learn prep from our company has helped thousands of people to pass the exam and get the related certification, and then these people have enjoyed a better job and a better life. It has been generally accepted that the FCP\_FGT\_AD-7.6 study questions are of significance for a lot of people to pass the exam and get the related certification.

One of the great features of our FCP\_FGT\_AD-7.6 training material is our FCP\_FGT\_AD-7.6 pdf questions. FCP - FortiGate 7.6 Administrator exam questions allow you to prepare for the real FCP\_FGT\_AD-7.6 exam and will help you with the self-assessment. You can easily pass the FCP\_FGT\_AD-7.6 exam by using FCP\_FGT\_AD-7.6 dumps pdf. Moreover, you will get all the updated FCP\_FGT\_AD-7.6 Questions with verified answers. If you want to prepare yourself for the real FCP - FortiGate 7.6 Administrator exam, then it is one of the most important ways to improve your FCP\_FGT\_AD-7.6 preparation level. We provide 100% money back guarantee on all FCP\_FGT\_AD-7.6 braindumps products.

## Updated and Error-free Exam4Docs Fortinet FCP\_FGT\_AD-7.6 Exam Questions

This version is designed especially for those FCP\_FGT\_AD-7.6 test takers who cannot go through extensive Fortinet FCP\_FGT\_AD-7.6 practice sessions due to a shortage of time. Since the Fortinet FCP\_FGT\_AD-7.6 PDF file works on smartphones, laptops, and tablets, one can use Fortinet FCP\_FGT\_AD-7.6 dumps without limitations of place and time. Additionally, these Fortinet FCP\_FGT\_AD-7.6 PDF questions are printable as well.

### Fortinet FCP - FortiGate 7.6 Administrator Sample Questions (Q43-Q48):

#### NEW QUESTION # 43

An administrator wants to configure dead peer detection (DPD) on IPsec VPN for detecting dead tunnels. The requirement is that FortiGate sends DPD probes only when there is no inbound traffic.

Which DPD mode on FortiGate meets this requirement?

- A. Disabled
- B. On Idle
- C. Enabled
- D. On Demand

**Answer: C**

Explanation:

The "On Idle" DPD mode configures FortiGate to send DPD probes only when no inbound traffic is detected, meeting the requirement to send probes only when the tunnel is idle.

#### NEW QUESTION # 44

Refer to the exhibit.

```
HQ-NGFW-1 # diagnose test application ipsmonitor 1
pid = 2044, engine count = 0 (+1)
0 - pid:2074:2074 cfg:1 master:0 run:1
```

As an administrator you have created an IPS profile, but it is not performing as expected. While testing you got the output as shown in the exhibit.

What could be the possible reason of the diagnose output shown in the exhibit?

- A. FortiGate entered into IPS fail open state.
- B. Administrator entered the command diagnose test application ipsmonitor 99.
- C. Administrator entered the command diagnose test application ipsmonitor 5.
- D. There is a no firewall policy configured with an IPS security profile.

**Answer: D**

Explanation:

The output shows the IPS engine count as 0, indicating no active IPS engines are running. This typically means no firewall policy is referencing the IPS security profile, so the IPS profile is not being applied or triggered.

#### NEW QUESTION # 45

Refer to the exhibits.

#### HA configuration

```
HQ-NGFW-1 # config system ha
HQ-NGFW-1 (ha) # show
config system ha
  set group-id 5
  set group-name "Training"
  set mode a:p
  set password ENC a4fb9qY4iPexFmAnZgzDY
  set hbdev "port7" 0
  set session-pickup enable
  set override disable
  set priority 200
  set monitor "port1"
  set memory-based-failover enable
  set memory-failover-threshold 70
  set memory-failover-monitor-period 50
  set memory-failover-sample-rate 10
  set memory-failover-flip-timeout 60
end
```

#### HQ-NGFW-1 System Performance output

```
HQ-NGFW-1 # get system performance status
CPU states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
CPU0 states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
CPU1 states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
Memory: 2042076k total, 1837868k used (90%), 104146k free (5.1%), 100062k freeable (4.9%)
Average network usage: 19/2 kbps in 1 minute, 19/4 kbps in 10 minutes, 19/3 kbps in 30 minutes
Maximal network usage: 36/18 kbps in 1 minute, 58/86 kbps in 10 minutes, 58/87 kbps in 30 minutes
Average sessions: 21 sessions in 1 minute, 22 sessions in 10 minutes, 21 sessions in 30 minutes
Maximal sessions: 22 sessions in 1 minute, 28 sessions in 10 minutes, 28 sessions in 30 minutes
Average session setup rate: 0 sessions per second in last 1 minute, 0 sessions per second in last 10 minutes
Maximal session setup rate: 0 sessions per second in last 1 minute, 1 sessions per second in last 10 minutes
Average NPU sessions: 0 sessions in last 1 minute, 0 sessions in last 10 minutes, 0 sessions in last 30 minutes
Maximal NPU sessions: 0 sessions in last 1 minute, 0 sessions in last 10 minutes, 0 sessions in last 30 minutes
Virus caught: 0 total in 1 minute
IPS attacks blocked: 0 total in 1 minute
Uptime: 10 days, 22 hours, 50 minutes
```

#### HQ-NGFW-2 System Performance output

```
HQ-NGFW-2 # get system performance status
CPU states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
CPU0 states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
CPU1 states: 0% user 0% system 0% nice 100% idle 0% iowait 0% irq 0% softirq
Memory: 2042076k total, 993836k used (48.7%), 690352k free (33.8%), 357888k freeable (17.5%)
Average network usage: 26/18 kbps in 1 minute, 25/18 kbps in 10 minutes, 24/18 kbps in 30 minutes
Maximal network usage: 91/27 kbps in 1 minute, 92/27 kbps in 10 minutes, 92/32 kbps in 30 minutes
Average sessions: 9 sessions in 1 minute, 9 sessions in 10 minutes, 9 sessions in 30 minutes
Maximal sessions: 11 sessions in 1 minute, 11 sessions in 10 minutes, 13 sessions in 30 minutes
Average session setup rate: 0 sessions per second in last 1 minute, 0 sessions per second in last 10 minutes
Maximal session setup rate: 0 sessions per second in last 1 minute, 1 sessions per second in last 10 minutes
Average NPU sessions: 0 sessions in last 1 minute, 0 sessions in last 10 minutes, 0 sessions in last 30 minutes
Maximal NPU sessions: 0 sessions in last 1 minute, 0 sessions in last 10 minutes, 0 sessions in last 30 minutes
Virus caught: 0 total in 1 minute
IPS attacks blocked: 0 total in 1 minute
Uptime: 10 days, 10 hours, 50 minutes
```

An administrator has observed the performance status outputs on an HA cluster for 55 seconds.

Which FortiGate is the primary?

- A. HQ-NGFW-2 with the parameter memory-failover-threshold setting
- B. HQ-NGFW-2 with the parameter priority setting
- C. HQ-NGFW-1 with the parameter memory-failover-flip-timeout setting
- D. HQ-NGFW-1 with the parameter override setting**

**Answer: D**

Explanation:

The HA configuration shows that override is disabled (set override disable), but despite this, HQ-NGFW-1 has the higher priority (200) and is acting as the primary, as indicated by its higher resource usage and uptime. Override allows the device with higher priority to take over as primary, so HQ-NGFW-1 is the primary device.

**NEW QUESTION # 46**

You have created a web filter profile named restrict\_media-profile with a daily category usage quota. When you are adding the profile to the firewall policy, the restrict\_media-profile is not listed in the available web profile drop down. What could be the reason?

- A. The inspection mode in the firewall policy is not matching with web filter profile feature set.
- B. The naming convention used in the web filter profile is restricting it in the firewall policy.
- C. The firewall policy is in no-inspection mode instead of deep-inspection.
- D. The web filter profile is already referenced in another firewall policy.

**Answer: A**

Explanation:

Web filter profiles with category usage quotas require the firewall policy to be in proxy-based (deep) inspection mode; if the inspection mode does not match this requirement, the profile will not appear in the drop-down list.

#### NEW QUESTION # 47

Refer to the exhibit.

Name	Fortinet
Color	<input type="button" value="Change"/>
Interface	port2
Type	FQDN
FQDN	www.fortinet.com
Routing configuration	<input checked="" type="checkbox"/>
Comments	Write a comment... 0/255

An administrator has created a new firewall address to use as the destination for a static route.

Why is the administrator not able to select the new address in the Destination field of the new static route?

- A. In the new firewall address, Routing configuration must be enabled.
- B. In the new firewall address, the FQDN address must first be resolved.
- C. In the new static route, the administrator must select Named Address.
- D. In the new static route, the administrator must first set the interface to port2.

**Answer: A**

Explanation:

To use an FQDN-based address object as a destination in a static route, the "Routing configuration" option must be enabled in the firewall address settings. Without this, the address cannot be selected for routing.

#### NEW QUESTION # 48

.....

The FCP\_FGT\_AD-7.6 certification costs somewhere between 100\$ and 1000\$. Thus we save your amount by offering the best prep material with up to 1 year of free updates so that you pass the exam on the first attempt without having to retry, saving your time, effort, and money! Exam4Docs offers the Fortinet FCP\_FGT\_AD-7.6 Dumps at a very cheap price.
