

FCSS_EFW_AD-7.4 training study torrent & FCSS_EFW_AD-7.4 guaranteed valid questions & FCSS_EFW_AD-7.4 exam test simulator

BONUS!!! Download part of PassExamDumps FCSS_EFW_AD-7.4 dumps for free: <https://drive.google.com/open?id=1tbAqqFkg2sYSw9GRpVnBbeWfxlBaLiRk>

Maybe you are busy with your work and family, and do not have enough time for preparation of FCSS_EFW_AD-7.4 certification. Now, the Fortinet FCSS_EFW_AD-7.4 useful study guide is specially recommended to you. The FCSS_EFW_AD-7.4 questions & answers are selected and checked with a large number of data analysis by our experienced IT experts. So the contents of PassExamDumps FCSS_EFW_AD-7.4 Pdf Dumps are very easy to understand. You can pass with little time and energy investment.

Free demos offered by PassExamDumps gives users a chance to try the product before buying. Users can get an idea of the Fortinet FCSS_EFW_AD-7.4 exam dumps, helping them determine if it's a good fit for their needs. The demo provides access to a limited portion of the FCSS_EFW_AD-7.4 dumps material to give users a better understanding of the content. Overall, FCSS_EFW_AD-7.4 free demo is a valuable opportunity for users to assess the value of the PassExamDumps study material before making a purchase. The Fortinet provides 1 year of free updates of real questions. This offer allows students to stay up-to-date with changes in the exam's content.

Certification Fortinet FCSS_EFW_AD-7.4 Book Torrent | FCSS_EFW_AD-7.4 Dumps Discount

Our FCSS_EFW_AD-7.4 exam materials allow you to have greater protection on your dreams. This is due to the high passing rate of our study materials. Our FCSS_EFW_AD-7.4 study materials selected the most professional team to ensure that the quality of the FCSS_EFW_AD-7.4 study guide is absolutely leading in the industry, and it has a perfect service system. The focus and seriousness of our FCSS_EFW_AD-7.4 Study Materials gives it a 99% pass rate. Using our products, you can get everything you want, including your most important pass rate. Our FCSS_EFW_AD-7.4 actual exam is really a good helper on your dream road.

Fortinet FCSS - Enterprise Firewall 7.4 Administrator Sample Questions (Q31-Q36):

NEW QUESTION # 31

An administrator is extensively using VXLAN on FortiGate. Which specialized acceleration hardware does FortiGate need to improve its performance?

- A. NP7
- B. 0
- C. NTurbo
- D. SP5

Answer: A

Explanation:

VXLAN (Virtual Extensible LAN) is an overlay network technology that extends Layer 2 networks over Layer 3 infrastructure. When VXLAN is used extensively on FortiGate, hardware acceleration is crucial for maintaining performance.

NP7 (Network Processor 7) is Fortinet's latest network processor designed to accelerate high- performance networking features, including:

- VXLAN encapsulation/decapsulation
- IPsec VPN offloading
- Firewall policy enforcement
- Advanced threat protection at wire speed

NP7 significantly reduces latency and improves throughput when handling VXLAN traffic, making it the best choice for large-scale VXLAN deployments.

NEW QUESTION # 32

Refer to the exhibit, which shows the output of a diagnose command.

```
FGT # diagnose debug rating
Locale      : english
Service     : Web-filter
Status      : Enable
License     : Contract
Service     : Antispam
Status      : Disable
Service     : Virus Outbreak Prevention
Status      : Disable
-- Server List (Mon Apr 19 10:41:32 20xx)
IP           Weight  RTT   Flags  TZ   Packets  Curr  Lost  Total  Lost
64.26.151.37  10     45    -5     -5   262432   0     0     846    0
64.26.151.35  10     46    -5     -5   329072   0     0     6806   0
66.117.56.37  10     75    -5     -5   71638    0     0     275    0
65.210.95.240 20     41    -8     -8   36875    0     0     92     0
209.222.147.36 20    103    DI    -8   34784    0     0    1070   0
208.91.112.194 20    107    D     -8   35170    0     0    1533   0
96.45.33.65   60    144    0      0   33728    0     0     120    0
80.85.69.41   71    226    1      1   33797    0     0     192    0
62.209.40.74  150   97     9      9   33754    0     0     145    0
121.111.236.179 45    44     F    -5   26410   26226   0    26227   0
```

What can be concluded about the debug output in this scenario?

- A. FortiGate used 64.26.151.37 as the initial server to validate its contract.
- B. Servers with a negative TZ value are less preferred for rating requests.
- C. There is a natural correlation between the value in the Packets field and the value in the Weight field.
- D. The first server provided to FortiGate when it performed a DNS query looking for a list of rating servers, was 121.111.236.179.

Answer: C

NEW QUESTION # 33

An administrator needs to install an IPS profile without triggering false positives that can impact applications and cause problems with the user's normal traffic flow. Which action can the administrator take to prevent false positives on IPS analysis?

- A. Use an IPS profile with action monitor, however, the administrator must be aware that this can compromise network integrity.
- B. Install missing or expired SSUTLS certificates on the client PC to prevent expected false positives.
- **C. Use the IPS profile extension to select an operating system, protocol, and application for all the network internal services and users to prevent false positives.**
- D. Enable Scan Outgoing Connections to avoid clicking suspicious links or attachments that can deliver botnet malware and create false positives.

Answer: C

Explanation:

False positives in Intrusion Prevention System (IPS) analysis can disrupt legitimate traffic and negatively impact user experience. To reduce false positives while maintaining security, administrators can:

Use IPS profile extensions to fine-tune the settings based on the organization's environment.

Select the correct operating system, protocol, and application types to ensure that IPS signatures match the network's actual traffic patterns, reducing false positives.

Customize signature selection based on the network's specific services, filtering out unnecessary or irrelevant signatures.

NEW QUESTION # 34

View the exhibit, which contains the output of a debug command, and then answer the question below.

```
get router info ospf interface port4
port4 is up, line protocol is up
  Internet Address 172.20.121.236/24, Area 0.0.0.0, MTU 1500
  Process ID 0, Router ID 0.0.0.4, Network Type BROADCAST, Cost: 1
  Transmit Delay is 1 sec, State DROther, Priority 1
  Designated Router (ID) 172.20.140.2, Interface Address 172.20.121.2
  Backup Designated Router (ID) 0.0.0.1, Interface Address 172.20.121.239
  Timer intervals configured, Hello 10.000, Dead 40, Wait 40, Retransmit !
  Hello due in 00:00:05
  Neighbor Count is 4, Adjacent neighbor count is 2
  Crypt Sequence Number is 411
  Hello received 106, sent 27, DD received 7 sent 9
  LS-Req received 2 sent 2, LS-Upd received 7 sent 5
  LS-Ack received 4 sent 3, Discarded 1
```

Which of the following statements about the exhibit are true? (Choose two.)

- **A. Port4 is connected to the OSPF backbone area.**
- **B. The local FortiGate's OSPF router ID is 0.0.0.4**
- C. The local FortiGate has been elected as the OSPF backup designated router.
- D. In the network on port4, two OSPF routers are down

Answer: A,B

NEW QUESTION # 35

Refer to the exhibit, which shows an ADVPN network

An administrator must configure an ADVPN using IBGP and EBGp to connect overlay network 1 with 2.
What two options must the administrator configure in BGP? (Choose two.)

- A. set ebgp-enforce-multihop enable
- B. set ibgp-enforce-multihop advpn
- C. set attribute-unchanged next-hop
- D. set next-hop-self enable

Answer: A,D

Explanation:

In this ADVPN (Auto-Discovery VPN) network, there are two hubs (Hub A and Hub B) connected via EBGp, while IBGP is used within each overlay. To ensure proper BGP routing between the overlays, the administrator must configure specific BGP options..

set ebgp-enforce-multihop enable

By default, EBGp requires directly connected neighbors. Since Hub A and Hub B are not directly connected but reach each other over an IPsec tunnel, multihop must be enabled for EBGp sessions to work.

set next-hop-self enable

In IBGP, the next-hop attribute does not change by default. When an IBGP route is advertised from a spoke to another hub or spoke, the next-hop needs to be updated to ensure proper reachability. Enabling next-hop-self forces the BGP speaker to advertise itself as the next-hop, ensuring that all spokes properly reach routes across the overlays.

NEW QUESTION # 36

.....

If you buy our FCSS_EFW_AD-7.4 preparation questions, we can promise that you can use our study materials for study in anytime and anywhere. Because our study system can support you study when you are in an offline state. In addition, Our FCSS_EFW_AD-7.4 training quiz will be very useful for you to improve your learning efficiency, because you can make full use of your all spare time to do test. It will bring a lot of benefits for you beyond your imagination if you buy our FCSS_EFW_AD-7.4 Study Materials.

Certification FCSS_EFW_AD-7.4 Book Torrent: https://www.passexamdumps.com/FCSS_EFW_AD-7.4-valid-exam-dumps.html

We guarantee that if you fail the exam after purchasing our FCSS_EFW_AD-7.4 dumps pdf we will refund the full money to you soon. They made the biggest contribution to the efficiency and quality of our Certification FCSS_EFW_AD-7.4 Book Torrent - FCSS - Enterprise Firewall 7.4 Administrator practice materials, and they were popularizing the ideal of passing the exam easily and effectively, Do you want to pass FCSS_EFW_AD-7.4 regular updates material easily?

Purchasing Music in Google Play Music, Publishing information is the backbone Certification FCSS_EFW_AD-7.4 Book Torrent of web content, and bloggers and webmasters frequently rely on embedded content from companies such as Google to enhance the quality of their sites.

Enhance Your Success Rate with PassExamDumps's Fortinet FCSS_EFW_AD-7.4 Exam Dumps

We guarantee that if you fail the exam after purchasing our FCSS_EFW_AD-7.4 Dumps PDF we will refund the full money to you soon, They made the biggest contribution to the efficiency and quality of our FCSS - Enterprise Firewall 7.4 Administrator FCSS_EFW_AD-7.4 practice materials, and they were popularizing the ideal of passing the exam easily and effectively.

Do you want to pass FCSS_EFW_AD-7.4 regular updates material easily, You will frequently find these FCSS_EFW_AD-7.4 PDF files downloadable and can then archive or print them for extra reading or studying on-the-go.

Therefore, we have created these formats so that every applicant can prepare successfully for the FCSS - Enterprise Firewall 7.4 Administrator (FCSS_EFW_AD-7.4) exam on the first attempt.
