CheckPoint 156-561 Exam Assessment - Realistic Examinations Check Point Certified Cloud Specialist - R81.20 (CCCS) Actual Questions Pass Guaranteed Quiz

They check each CheckPoint 156-561 practice test question and ensure the top standard of Check Point Certified Cloud Specialist - R81.20 (CCCS) (156-561) exam questions all the time. So you can trust TestKingFree CheckPoint 156-561 practice test questions and start CheckPoint 156-561 exam preparation with confidence. The TestKingFree is a leading platform committed to making entire Check Point Certified Cloud Specialist - R81.20 (CCCS) (156-561) exam preparation simple, quick, and easy for everyone. To fulfill this objective the TestKingFree are offering top-rated and real Check Point Certified Cloud Specialist - R81.20 (CCCS) (156-561) practice test questions in three different formats.

CheckPoint Check Point Certified Cloud Specialist - R81.20 (CCCS) Sample Questions (Q171-Q176):

NEW QUESTION # 171

Which appliance type does the Check Point management control with a single policy?

- A. Physical and Cloud
- B. Virtual and Cloud
- C. Physical, Virtual and Cloud
- D. Physical

Answer: C

NEW QUESTION # 172

Which is not a Pillar of the Framework for the Cloud?

- A. Cost Optimization
- B. Scalability
- C. Reliability
- D. Performance Efficiency

Answer: B

Explanation:

<https://emergencetek.com/aws-five-pillars-of-a-well-architected-framework/#:~:text=AWS%20and%20their%20partners%20use,performance%20efficiency%2C%20and%20cost%20optimization.>

NEW QUESTION # 173

The best practice for CloudGuard Network deployments utilizes the Hub and Spokes Model.

Which of these statements is the most correct for this model.

- A. All traffic that enters and exits each spoke must travel through a hub.
- B. A Spoke can ONLY consist of a single virtual machine in a dedicated subnet shared between the VM and the Hub.
- C. The Hub and Spoke model is applicable ONLY to multi-cloud environments. The Hub includes all the Security Gateways in all cloud environment. Each Spoke includes all resources of a Data Center in a single Cloud Environment.
- D. All the security components including SMS, Northbound and Southbound Security Gateways and East-West VPN Gateways will be deployed in one Hub.

Answer: A

Explanation:

In short, the cloud environment is set up as a system of connections in which all spokes are connected to a transit hub, and all traffic to and from the spokes traverses the transit hub.

NEW QUESTION # 174

With the goal of building a cloud adaptive policy, what is a powerful cloud element which provides a key and value pair, that can be imported into Check Point security policy and updated dynamically?

- **A. Tags**
- B. IP addresses
- C. Network Access Control Lists
- D. Cloud asset names

Answer: A

Explanation:

Tags are a powerful cloud element that provide key-value pairs and can be imported into Check Point security policies. Tags are often used to classify and categorize cloud resources dynamically. By leveraging tags, Check Point can create adaptive security policies that automatically update as resources are added, modified, or removed in the cloud environment.

This enables more flexible and efficient security management that aligns with the changing nature of cloud infrastructure.

NEW QUESTION # 175

What service provides just in time privileged access to Azure AD and Azure resources?

- A. Azure Powershell
- B. Active Directory Federated Services
- **C. Privileged Identity Management service which is part of Azure Active Directory**
- D. Azure IDP

Answer: C

Explanation:

The Privileged Identity Management (PIM) service, which is part of Azure Active Directory (Azure AD), provides just-in-time privileged access to Azure AD and Azure resources. It helps manage, control, and monitor access within Azure AD, ensuring that users only have elevated access when absolutely necessary, thus minimizing the risk of over-permissioned users.

NEW QUESTION # 176

.....

CheckPoint Certification evolves swiftly, and a practice test may become obsolete within weeks of its publication. We provide free updates for Check Point Certified Cloud Specialist - R81.20 (CCCS) 156-561 exam questions after the purchase to ensure you are studying the most recent solutions. Furthermore, TestKingFree is a very responsible and trustworthy platform dedicated to certifying you as a specialist. We provide a free sample before purchasing CheckPoint 156-561 valid questions so that you may try and be happy with its varied quality features.
