PRINCE2-Foundation exam is an entry-level certification that is suitable for individuals who are new to project management or those who have some experience but want to learn more about the PRINCE2 methodology. PRINCE2-Foundation Exam covers topics such as the PRINCE2 principles, themes, and processes, as well as the roles and responsibilities of the project team members. It also covers project planning, risk management, and quality management.

The PR2F certification exam assesses a candidate's understanding of the basic concepts of PRINCE2 methodology; it evaluates the knowledge of the themes, processes, principles, and roles involved in the PRINCE2 approach. Those who pass the exam earn the PR2F certificate, which is widely recognized by organizations as evidence of a person's expertise in project management.

PRINCE2 7 Foundation written Exam Sample Questions (Q445-Q450):

NEW QUESTION # 445

When is the 'managing a stage boundary' process used?

- A. Immediately after the project board has authorized the previous stage
- B. Near the end of delivery stages
- C. Immediately after the project board has authorized the next stage
- **D. Near the end of each stage**

Answer: D

Explanation:

The 'Managing a Stage Boundary' process is used near the end of each stage of a project. This process includes the review of the current stage, preparation for the project board to authorize the next stage, updating a project plan, and, if necessary, updating the business case and project initiation documentation. NEW QUESTION # 447

Which statement about applying the 'tailor to suit the project' principle is CORRECT?

- A. A technically complex project should NOT tailor PRINCE2
- B. A project which is part of a programme should NOT tailor PRINCE2
- **C. PRINCE2 can be tailored to be used with any type of project**
- D. The tailoring of PRINCE2 is MOST appropriate for agile projects

Answer: C

Explanation:

The principle of 'tailor to suit the project' in PRINCE2 emphasizes that the methodology should be adapted to fit the project's environment, size, complexity, and specific requirements, rather than applying it uniformly.

This flexibility ensures that PRINCE2 can be tailored to any type of project, whether small or large, simple or complex, in any industry.

NEW QUESTION # 449

Which is an objective of the 'starting up a project' process?

- **A. To appoint the project management team**
- B. To select the project mandate
- C. To define the project quality management approach
- D. To approve the initiation stage

Answer: A

Explanation:

One of the objectives of the 'Starting up a Project' process in PRINCE2 is to appoint the project management team. This step ensures that the necessary leadership and management roles are filled with competent individuals who can plan, oversee, and execute the project effectively from its initiation through to closure.
