NEW QUESTION # 56

in which two scenarios should a consultant recommend multi day service appointment? Choose 2 answers

- A. Jobs can take longer than the available resources hours in a day.
- B. jobs require multiple stages of work performed by different resources.
- C. jobs need to be performed at the same site on the same day of the week.
- D. jobs require consecutive days of work and can span over weekends.

Answer: A,D

Explanation:

Multi-day service appointments are used when jobs can take longer than the available resources hours in a day or require consecutive days of work and can span over weekends. Jobs that need to be performed at the same site on the same day of the week or require multiple stages of work performed by different resources can be handled by single-day service appointments with appropriate scheduling policies and optimization rules.
