質問 # 65

How does the 'assurance' theme apply the 'deal with ambiguity' principle?

- A. By focusing assurance resources on the riskiest areas to bring greater certainty and enable better response to emerging change
- B. By focusing assurance on risks that could affect the achievement of measurable outcomes of benefit to enable benefits to be realized
- C. By designing the three lines of defence to support leaders in their decision-making, focusing leaders' attention on things they can influence
- D. By scheduling the right assurance activities to occur at the right time to add value and prevent issues that slow delivery

正解: A

質問 # 66

Which of these is a focus of the 'embed the outcomes' process?

- A. To identify when the work has been completed as planned
- B. To control the work required to manage each tranche of delivery
- C. To realize and measure benefits
- D. To maintain an acceptable balance between delivery, transition, realization of benefits, and affordability

正解: C

解説:

Comprehensive and Detailed Explanation From Exact Extract:

The "Embed the Outcomes" process focuses on supporting the adoption of new capabilities into business operations and initiating the realization and measurement of benefits.

MSP Foundation, 5th Edition explains:

"The purpose of this process is to ensure that the investing organization(s) make the required changes to adopt new ways of working and realize benefits." Hence, D is the correct answer.

質問 # 67

Which is a COMMON reason for organizations to invest in programmes of change?

- A. A clear, defined delivery path needs to be followed
- B. Embedded ways of working need to remain unchanged
- C. Organizational realignment needs to occur
- D. The Plan-Do-Check-Act cycle needs to be implemented

正解: C

解説:

Comprehensive and Detailed Explanation From Exact Extract:

One of the common drivers for organizations to undertake programmes is the need to realign strategy, structure, or operations-this is often referred to as "organizational realignment." Programmes support these changes by coordinating multiple related projects.

The MSP Foundation, 5th Edition highlights:

"Programmes of change are initiated to support strategic objectives, such as organizational realignment, regulatory compliance, or new market entry." Therefore, D is correct.

-

質問 # 68

Which is a purpose of the 'plan progressive delivery' process?

- A. It structures the projects and other work into tranches to achieve the required capabilities
- B. It monitors progress and takes corrective action to keep the programme on track
- C. It enables the organization(s) involved to understand the programme vision
- D. It incorporates the planning and management of the transition from old to new ways of working

正解: A

解説:

Comprehensive and Detailed Explanation From Exact Extract:

"Plan Progressive Delivery" involves breaking the programme into manageable tranches to deliver capabilities in a structured manner. MSP Foundation, 5th Edition explains:

"This process defines the programme delivery structure, including tranches, and sets out how the programme will deliver capabilities to achieve desired outcomes." Thus, the correct answer is B.

-

質問 # 69

Which is a COMMON reason for organizations to invest in programmes of change?

- A. The need to maintain an appropriate system of corporate controls
- B. The need to deliver effectively to meet the demand for increased regulatory compliance
- C. The need to deliver outputs using a linear mode of delivery
- D. The need for an organization to align its many investments to the organization's varied strategic objectives

正解: D

解説:

Comprehensive and Detailed Explanation From Exact Extract:

A key driver for programme investment is aligning multiple change initiatives (projects and other work) with strategic objectives to achieve business outcomes.

MSP Foundation, 5th Edition notes:

"Organizations invest in programmes to align change initiatives with strategic goals and deliver value more effectively." Thus, the correct answer is B.
