SAP C-BCSSS-2502 Exam Syllabus Topics:

Topic	Details
Topic 1	• Sustainable Business Concepts, Compliance and Use Cases: This section of the exam measures the skills of sustainability advisors and focuses on fundamental concepts of sustainable operations. It covers key compliance frameworks, real-world use cases, and the practical applications of sustainability initiatives across industries. Professionals are expected to show awareness of how regulations and best practices shape business sustainability.
Topic 2	• SAP Sustainability Solutions, Processes and Strategy: This section of the exam measures the skills of SAP solution positioning specialists and covers an in-depth understanding of SAP's sustainability portfolio. It emphasizes the role of SAP processes in environmental, social, and governance (ESG) goals and how SAP's strategy aligns with broader sustainable business practices. The knowledge evaluated here helps in confidently mapping customer needs to relevant SAP sustainability tools.
Topic 3	• Business Value, Opportunity and Differentiators:This section of the exam measures the skills of sustainability sales consultants and covers how SAP Sustainability Solutions create business value. It evaluates the ability to identify opportunities in sustainability transformation and clearly communicate SAP's differentiators in the market. The focus is on helping professionals position SAP solutions as impactful, value-driven tools within sustainability conversations.
