問題 #101

A marketing manager notices emails clustered with images that are inconsistent with branding guidelines. Which step should they take to restrict the types of content within the content slot?

- A. Configure Content Blocks to only be usable within approved templates.
- B. Under user permissions, select limited template access.
- C. Configure restrictions within a Content Area for approval block types

答案: C

解題說明:

To ensure that the content within email templates adheres to branding guidelines, you can configure restrictions within a Content Area to limit the types of content blocks that can be used. This ensures that only approved types of content are used in the email, maintaining consistency with branding guidelines.
