

# **NCP-EUC Quiz Torrent: Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam - NCP-EUC Quiz Braindumps & NCP-EUC Study Guide**

P.S. Free 2026 Nutanix NCP-EUC dumps are available on Google Drive shared by ActualVCE: <https://drive.google.com/open?id=1Pc-4bM9LmGOvJRcNesqL8HFt7qQt5OXB>

They all got benefits from NCP-EUC certification and now they are NCP-EUC certification holders. You can also become part of this skilled and qualified community. To do this you just need to pass the Nutanix NCP-EUC certification exam. Are you ready for this? Do you want to become a Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam certified? If your answer is positive then we assure you that you are at the right place. Register yourself for Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam (NCP-EUC) certification exam and download the ActualVCE NCP-EUC exam practice questions and start preparation right now.

The NCP-EUC certification exam is a challenging exam that tests your knowledge and skills in EUC. NCP-EUC exam consists of 60 multiple-choice questions that must be completed within 90 minutes. To pass the exam, you must score at least 300 out of 500 points. NCP-EUC Exam is computer-based, and you can take it at any Pearson VUE testing center around the world.

**>> NCP-EUC Exam Actual Questions <<**

## **Reliable Nutanix NCP-EUC Test Question, Latest NCP-EUC Test Blueprint**

It's critical to have mobile access to Nutanix practice questions in the fast-paced world of today. All smart devices support ActualVCE Nutanix NCP-EUC PDF, allowing you to get ready for the exam anytime and wherever you like. You may easily fit studying for the exam into your hectic schedule since you can access Nutanix NCP-EUC Real Exam Questions in PDF from your laptop, smartphone or tablet. Questions available in the ActualVCE Nutanix NCP-EUC PDF document are portable, and printable.

## **Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam Sample Questions (Q80-Q85):**

**NEW QUESTION # 80**

An administrator needs to manage the virtual desktop environment for a small QA group. Which two requirements would prevent a non-persistent deployment? (Choose two.)

- A. users need to access web-based applications.
- B. users need to test application installation routines.
- C. users need to log on and log off frequently.
- D. users need to test various peripherals.

**Answer: B,D**

Explanation:

non-persistent VDI is a type of virtual desktop infrastructure (VDI) that does not save any changes made by the user on the virtual machine (VM) across sessions. Non-persistent VDI uses a master image to create and delete VMs as needed.

Therefore, if the administrator needs to manage a non-persistent deployment, they should avoid any requirements that involve modifying or installing applications on the VMs, as those changes would not be saved.

### NEW QUESTION # 81

An administrator attempts to create a Machine Catalog for Windows 11 desktops in Citrix utilizing Machine Creation Services (MCS), but the desktops fail to register on startup.

What could be preventing registration?

- A. Insufficient CPU/Memory allocated to machines.
- B. No RDS Licenses are available.
- C. Time is off on the machines.
- D. Invalid characters in Machine name.

**Answer: C**

Explanation:

For a Citrix VDA (Virtual Delivery Agent) to successfully register with the Delivery Controller, it must establish a secure communication channel which relies heavily on Kerberos authentication.

A common cause for registration failure on startup, particularly in new deployments or non-persistent environments, is that the Time is off on the machines. If the system clock of the virtual desktop drifts more than 5 minutes from the domain controller or the Delivery Controller, Kerberos ticket generation fails. This prevents the VDA from authenticating with the Broker Service, resulting in a "Unregistered" state in Citrix Studio. While Windows 11 has strict hardware requirements (Option A), failing to meet those usually prevents the OS from booting or installing entirely; if the OS boots but fails to register, time synchronization is the most probable infrastructure cause.

### NEW QUESTION # 82

Users are reporting that their desktops are running slower than expected in an ESXi-based Nutanix cluster. Upon investigation, an administrator determines that desktops on one host are running slower and have higher CPU Ready times than on other hosts.

What is causing this issue?

- A. High Performance host power policy is disabled
- B. Erasure coding's increased overhead has caused a slowdown in the environment
- C. Inline Compression has been disabled on the desktop storage container
- D. High Performance host power policy is enabled

**Answer: A**

Explanation:

A high CPU Ready time means that the vCPU is waiting too long for the pCPU, which can result in poor performance and slow responsiveness of the virtual machine (VM).

According to Nutanix best practices<sup>2</sup>, one of the factors that can affect CPU Ready time is the host power policy. The host power policy determines how aggressively the host will try to save power by reducing the frequency or voltage of the pCPUs.

The recommended host power policy for Nutanix clusters is High Performance, which disables any power saving features and ensures that the pCPUs run at their maximum frequency and voltage.

This answer seems to explain why desktops on one host are running slower and have higher CPU Ready times than on other hosts, as they may be suffering from reduced pCPU performance due to a lower host power policy.

### NEW QUESTION # 83

An EUC environment is being deployed with multi-session server OS workloads. An administrator has a requirement for configuring RDS licensing for redundancy across Nutanix clusters.

Which action should the administrator take when configuring the group policy settings needed for this requirement?

- A. Set the remote desktop licensing mode.
- B. **Use the specified remote desktop license servers.**
- C. Prevent remote desktop license server upgrade.
- D. Specify the remote desktop license server security group.

**Answer: B**

Explanation:

Comprehensive and Detailed Explanation From Exact Extract of Nutanix End User Computing documents:

According to Microsoft RDS and Nutanix Best Practices:

\* GPO Configuration: The specific Group Policy Object (GPO) setting used to define which license servers an RD Session Host should contact is titled "Use the specified remote desktop license servers".

\* Redundancy: In this policy setting, the administrator can input a list of multiple license servers (IP addresses or FQDNs). If the first server in the list is unreachable (due to a cluster failure or maintenance), the host automatically attempts to contact the subsequent servers, thereby achieving the required redundancy.

### NEW QUESTION # 84

A company has decided to use Citrix Optimizer tool to prepare their gold image.

Which two actions does Optimizer take to improve the gold image creation process? (Choose two.)

- A. **Optimizes user environments for better performance**
- B. Applies best practices for securing virtual desktops.
- C. **uses built-in templates to perform optimizations.**
- D. Optimizes storage capacity usage.

**Answer: A,C**

Explanation:

The Citrix Optimizer tool is used to prepare Windows operating system images for use in a virtual desktop environment. Some of the actions that it takes to improve the gold image creation process include:

\* Optimizes user environments for better performance: The tool removes unnecessary or redundant services, features, and applications from the image, which can improve performance and reduce resource usage.

\* Uses built-in templates to perform optimizations: The tool comes with pre-configured templates that are optimized for specific environments, such as virtual desktops or server workloads. These templates can be customized based on the specific needs of the organization.

### NEW QUESTION # 85

.....

We all have the right to pursue happiness. Also, we have the chance to generate a golden bowl for ourselves. Now, our NCP-EUC practice materials can help you achieve your goals. As we all know, the pace of life is quickly in the modern society. So we must squeeze time to learn and become better. With the NCP-EUC Certification, your life will be changed thoroughly for you may find better jobs and gain higher incomes to lead a better life style. And our NCP-EUC exam questions will be your best assistant.
