- C. By streamlining the source-to-pay process, enhancing procurement activities and business performance.
- D. By offering automated regulatory updates and alerts to stay ahead of the curve and never miss a critical change.
- E. By providing the tools needed to help employees achieve their goals with career status insights and personalized role recommendation based on aspirations, skills, and career paths

Answer: A,B,D

Explanation:

Solution:

B. By empowering companies to extend their HR investments, create better employee-facing processes, and integrate data to run more efficiently SAP SuccessFactors Core HR and Payroll enable a connected cloud HR and ERP approach that helps organizations break down silos, enabling seamless employee processes and integrated people data-improving efficiency across the business SAP Learning.

D. By offering automated regulatory updates and alerts to stay ahead of the curve and never miss a critical change Core HR includes document management with automated retention rules and secure audit trails-ensuring HR compliance and proactively managing regulatory requirements SAP Learning.

E. By establishing a single source of truth for people and skills data to drive more informed business decisions The platform centralizes HR data into a shared people data model across HR and finance, enabling real-time, accurate insights and a single source of HR truth SAP Learning.

A. By providing the tools needed to help employees achieve their goals with career status insights and personalized role recommendation...

This reflects talent management capabilities, not the core HR functionality of SAP SuccessFactors HCM.

C. By streamlining the source-to-pay process, enhancing procurement activities...

This pertains to procurement and finance-not HR leadership functions.

Final correct answers (per learning.sap.com): B, D and E.

NEW QUESTION # 32

Which of the following features in SAP SuccessFactors Work Zone enhance employee productivity and engagement? Note: There are 2 correct answers to this question

- A. Data-driven payroll insights
- B. Role-based security and compliance:
- C. Collaborative workspaces
- D. Personalized guided experiences

Answer: C,D

Explanation:

A. Collaborative workspaces - SAP SuccessFactors Work Zone provides collaborative workspaces that help break down silos, encourage team interaction, and foster engagement across the organization.

B. Personalized guided experiences - The platform offers personalized, role-based guided experiences to streamline processes and present the most relevant content and tasks to each employee, enhancing productivity and satisfaction.

C. Data-driven payroll insights - That's a feature of Employee Central Payroll, not Work Zone.

D. Role-based security and compliance - While important, security and compliance features are foundational, not specifically highlighted as productivity or engagement enhancers in Work Zone.

Final answer (from learning.sap.com): A and B.

NEW QUESTION # 33

Which of the following best describes the concept of people sustainability?

- A. Providing employees with benefits such as healthcare.
- **B. Treating people ethically and fairly**
- C. paying employees a living wage
- D. Identifying the skills required to support sustainability initiatives

Answer: B

Explanation:

C . Treating people ethically and fairly - According to learning.sap.com, "People Sustainability ... focuses on treating people ... ethically and fairly" across the workforce, supply chains, and communities.

The other choices don't align with the core definition of people sustainability on learning.sap.com:

* A. Paying employees a living wage - While important, it's a specific action, not the broad concept.

* B. Identifying the skills required to support sustainability initiatives - That's tied to talent management and sustainability skills, but not the overarching definition.

* D. Providing employees with benefits such as healthcare - Important for employee well-being, but still part of tactical benefits rather than the concept itself.

Final correct answer: C. Treating people ethically and fairly.

NEW QUESTION # 34

What is the primary focus of Diversity, Equity & Inclusion in the context of people sustainability?

- **A. To promote a sense of true belonging for all employees**
- B. To ensure financial well-being and stability for all employees
- C. To prioritize physical health and safety in the workplace
- D. To maximize individual growth potential

Answer: A

Explanation:

Solution:

A . To promote a sense of belonging for all employees

According to learning.sap.com, in the context of people sustainability's Diversity, Equity & Inclusion (DEI) pillar, the focus is on:

* "treating each individual fairly and equitably, regardless of social identity ... and ensuring they feel a sense of true belonging"

B. To maximize individual growth potential - More aligned with the Empowerment & Growth sustainability pillar.

C. To prioritize physical health and safety in the workplace - Falls under the Health & Safety pillar.

D. To ensure financial well-being and stability for all employees - Linked to the Well-being & Balance pillar.

Final correct answer (from learning.sap.com): A. To promote a sense of belonging for all employees.

NEW QUESTION # 35

What is the role of SAP LeanIX in supporting the integration of SAP SuccessFactors Employee Central with other systems?

- A. Creating comprehensive reports for HR processes.
- B. Automating HR workflows
- **C. Managing complex IT landscapes**
- D. Providing data-driven insights for strategic decision-making

Answer: C

Explanation:

Solution:

C . Managing complex IT landscapes

According to learning.sap.com, SAP LeanIX is used to manage complex IT landscapes, providing a comprehensive view of application portfolios, technology dependencies, and enterprise architecture. This supports seamless integration between SAP SuccessFactors Employee Central and other systems, aiding IT governance and strategic alignment.

A. Automating HR workflows - This is a capability of SAP Signavio or BTP, not LeanIX.

B. Creating comprehensive reports for HR processes - While LeanIX can improve reporting capabilities, its primary role is

landscape management, not HR reporting.

D. Providing data-driven insights for strategic decision-making - LeanIX supports insights in the context of IT architecture, but this isn't its primary defined role in the integration scenario.

Final correct answer (from learning.sap.com): C. Managing complex IT landscapes.
