Google Cloud Certified - Professional Google Workspace Administrator Sample Questions (Q91-Q96):

NEW QUESTION # 91

The legal department at your organization is working on a time-critical merger and acquisition (M&A) deal. They urgently require access to specific email communications from an employee who is currently on leave. The organization's current retention policy is set to indefinite. You need to retrieve the required emails for the legal department in a manner that ensures data privacy. What should you do?

- A. Use Google Vault to create a matter specific to the M&A deal. Search for relevant emails within the employee's mailbox. Export and share relevant emails with your legal department.
- B. Temporarily grant the legal department access to the employee's email account with a restricted scope that is limited to the M&A-related emails.
- C. Instruct the IT department to directly access and forward the relevant emails to the legal department.
- D. Ask a colleague with delegate access to the employee's mailbox to identify and forward the relevant emails to the legal department.

Answer: A

Explanation:
Using Google Vault to create a matter specific to the M&A deal allows for legal, secure, and privacy-compliant retrieval of emails. You can search for the specific emails related to the merger and acquisition, export them, and share them with the legal department without granting direct access to the employee's mailbox. This approach ensures both data privacy and compliance with organizational policies.

NEW QUESTION # 92

Your company is using Google Workspace Business Standard. The company has five meeting rooms that are all registered as resources in Google Workspace and used on a daily basis by the employees when organizing meetings. The office layout was changed last weekend, and one of the meeting rooms is now a dedicated room for management. The CEO is complaining that anyone can book the room and requested this room to be used only by the management team and their executive assistants (EAs). No one else must be allowed to book it via Google Calendar. What should you do?

- A. Delete the room from Google Workspace resources, and suggest using a spreadsheet shared with the management and EAs only for the room schedule.
- B. Move the room resource to the management and EAs group so that only they can use it.
- C. As a super administrator, create a group calendar named "Management Room," and share it only with the management and the EAs.
- D. As a super administrator, modify the room calendar sharing settings, and limit it to the management and EAs group.
