## A quick introduction to Microsoft Power Platform Fundamentals PL-900 Exam:

Microsoft Power Platform Fundamentals PL-900 Exam is designed to test the skills of those who want to join the Microsoft Technology Partner Program (MPT) as a Power Architect. It also aims to bring more attention towards Power BI and Power Analytics as the two major focus areas for promotion within the partner program. If you have a basic understanding of the Power Platform components, you will find it easier to pass the exam. Learning to use the features of these Microsoft products is a whole different part. The exam tests your skills in architecting Microsoft Scale-out Private Cloud Solutions, which could be used for various businesses and large entities. The Microsoft PL-900 Exam will measure your capacity in working with different servers that are used in cloud services. It will test your skills in designing a private cloud solution that includes a scalable infrastructure. It also will measure your knowledge in designing a cloud solution with Microsoft Azure Stack where you have Azure with Windows Server + SQL Server, and with the help of Virtual Machines deployed on Linux.
