Valid Braindumps PEGACPDC25V1 Free | New PEGACPDC25V1 Test Prep

The PEGACPDC25V1 exam requires the candidates to have thorough understanding on the syllabus contents as well as practical exposure of various concepts of certification. Obviously such a syllabus demands comprehensive studies and experience. If you are lack of these skills, you should find our PEGACPDC25V1 study questions to help you equip yourself well. As long as you study with our PEGACPDC25V1 practice engine, you will find they can help you get the best percentage on your way to success.

Pegasystems Certified Pega Decisioning Consultant 25 Sample Questions (Q17-Q22):

NEW QUESTION # 17

U+- Bank uses Pega Customer Decision Hub" for their one-to-one customer engagement. The bank now wants to change its offer prioritization to consider both business objectives and customer needs.

Which two factors do you configure in the Next-Best-Action Designer to implement this change? (Choose Two)

- A. Engagement policies
- B. Contact policies
- C. Context weighting
- D. Business levers

Answer: C,D

NEW QUESTION # 18

U+ Bank uses a scorecard rule in a decision strategy to compute the mortgage limit for a customer. U+ Bank updated their scorecard to include a new property in the calculation: customer income.

What changes do you need to make in the decision strategy for the updated scorecard to take effect?

- A. The score calculation is independent of the strategy and no change is required.
- B. A new proposition filter needs to be configured in the strategy to filter on customer income.
- C. Add a new Group By component for the mortgage limit calculation.
- D. Remap the scorecard property in the decision strategy for the change to take effect.

Answer: A

Explanation:

The score calculation is independent of the strategy and no change is required. When you use a scorecard component in a decision strategy, you only need to specify the name of the scorecard rule and the output property that will store the score value. The scorecard rule itself defines how the score is calculated based on the input properties and factors. Therefore, if you update the scorecard rule to include a new property in the calculation, you do not need to make any changes in the decision strategy for the updated scorecard to take effect. NEW QUESTION # 19

U+ Bank has recently implemented Pega Customer Decision Hub. As a first step, the bank went live with the contact center to improve customer engagement. Now, U+ Bank wants to extend its customer engagement through the web channel. As a decisioning architect, you have created the new set of actions, the corresponding treatments, and defined a new trigger in the Next-Best-Action Designer for the new web channel.

What else do you configure for the new treatments to be present in the next-best-action recommendations?

- A. No need to do anything. The strategy is auto-generated.
- B. Modify the Next-Best-Action Framework strategy to cater to the new web channel.
- C. Create a channel strategy specifically for web.
- D. Change the generated decision strategy.

Answer: A

Explanation:

When you create a new trigger in the Next-Best-Action Designer, Pega Customer Decision Hub automatically generates a decision strategy for that trigger and channel. You do not need to create or modify any strategies manually. Verified References: Pega Academy - Decisioning Consultant - Creating triggers

NEW QUESTION # 20

U+ Bank wants to use Pega Customer Decision Hub[™] to display a credit card offer, the Standard Card, to every customer who logs in to the bank website.

What three of the following artifacts are mandatory to implement this requirement? (Choose Three)

- A. Customer engagement policies.
- B. Real-time containers.
- C. A business structure.
- D. An action and the associated web treatment.
- E. Customer contact policies.

Answer: B,D

NEW QUESTION # 21

U+ Bank implemented multiple customer journeys for its customers. The goal of the bank is to present the most relevant action for the customer to increase the chance of a positive outcome. U+ Bank is sure that customers see the next best action, regardless of the current journey that they are in.

Which statement is true about customer journeys in Pega Customer Decision Hub?

- A. Customers can participate in multiple customer journeys simultaneously.
- B. Active customer journeys become inactive when Pega AI detects a better action outside the journey.
- C. Actions outside a customer journey are upweighted to ensure that the system also takes them into consideration.
- D. Customers are placed in all available customer journeys from the start to ensure that the system takes all actions into consideration.

Answer: A

NEW QUESTION # 22

.....

Users using our PEGACPDC25V1 study materials must be the first group of people who come into contact with new resources. When you receive an update reminder from PEGACPDC25V1 practice questions, you can update the version in time and you will never miss a key message. If you use our study materials, you must walk in front of the reference staff that does not use valid PEGACPDC25V1 Real Exam. And you will get the according PEGACPDC25V1 certification more smoothly.
