BONUS!!! Download part of PassSureExam FCP\_FGT\_AD-7.6 dumps for free: [https://drive.google.com/open?id=1kX\\_wdVPKAcsIUTA4OCxSNSt3R73Y96ne](https://drive.google.com/open?id=1kX_wdVPKAcsIUTA4OCxSNSt3R73Y96ne)

PassSureExam to provide you with the real exam environment to help you find the real Fortinet FCP\_FGT\_AD-7.6 exam preparation process. If you are a beginner or want to improve your professional skills, PassSureExam Fortinet FCP\_FGT\_AD-7.6 will help you, let you approached you desire step by step. If you have any questions on the exam question and answers, we will help you solve it. Within a year, we will offer free update.

## Fortinet FCP\_FGT\_AD-7.6 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>• Routing: This section of the exam measures the skills of firewall administrators and covers the configuration of routing features on FortiGate devices. It includes defining and applying static routes for directing traffic within and outside the network, as well as setting up Software-Defined WAN (SD-WAN) to distribute and balance traffic loads across multiple WAN connections efficiently.</li></ul>

Topic 2	<ul style="list-style-type: none"> <li>Deployment and system configuration: This section of the exam measures the skills of network security engineers and covers essential tasks for setting up a FortiGate device in a production environment. Candidates are expected to perform the initial configuration, establish basic connectivity, and integrate the device within the Fortinet Security Fabric. They must also be able to configure a FortiGate Cluster Protocol (FGCP) high availability setup and troubleshoot resource and connectivity issues to ensure system readiness and network uptime.</li> </ul>
Topic 3	<ul style="list-style-type: none"> <li>Content inspection: This section of the exam measures the skills of network security engineers and covers the setup and management of content inspection features on FortiGate. Candidates must demonstrate an understanding of encrypted traffic inspection using digital certificates, identify and apply FortiGate inspection modes, and configure web filtering policies. The ability to implement application control for monitoring and regulating network application usage, configure antivirus profiles to detect and block malware, and set up Intrusion Prevention Systems (IPS) to shield the network from threats and vulnerabilities is also assessed.</li> </ul>
Topic 4	<ul style="list-style-type: none"> <li>VPN: This section of the exam measures the skills of network security engineers and covers the configuration and deployment of Virtual Private Network (VPN) solutions. Candidates are required to implement SSL VPNs to grant secure remote access to internal resources and configure IPsec VPNs in either meshed or partially redundant topologies to ensure encrypted communication between distributed network locations.</li> </ul>
Topic 5	<ul style="list-style-type: none"> <li>Firewall policies and authentication: This section of the exam measures the skills of firewall administrators and covers the implementation and management of security policies. It involves configuring basic and advanced firewall rules, applying Source NAT (SNAT) and Destination NAT (DNAT) options, and enforcing various firewall authentication methods. The section also includes deploying and configuring Fortinet Single Sign-On (FSSO) to streamline user access across the network.</li> </ul>

### Efficient 100% Free FCP\_FGT\_AD-7.6 – 100% Free Exam Outline | New FCP\_FGT\_AD-7.6 Exam Question

PassSureExam have the latest Fortinet certification FCP\_FGT\_AD-7.6 exam training materials. The industrious PassSureExam's IT experts through their own expertise and experience continuously produce the latest Fortinet FCP\_FGT\_AD-7.6 training materials to facilitate IT professionals to pass the Fortinet Certification FCP\_FGT\_AD-7.6 Exam. The certification of Fortinet FCP\_FGT\_AD-7.6 more and more valuable in the IT area and a lot people use the products of PassSureExam to pass Fortinet certification FCP\_FGT\_AD-7.6 exam. Through so many feedbacks of these products, our PassSureExam products prove to be trusted.

### Fortinet FCP - FortiGate 7.6 Administrator Sample Questions (Q16-Q21):

#### NEW QUESTION # 16

Refer to the exhibit.

What would be the impact of these settings on the Server certificate SNI check configuration on FortiGate?

- A. FortiGate will close the connection if the SNI does not match the CN and SAN fields
- B. FortiGate will close the connection if the SNI does not match the CN or SAN fields.
- C. FortiGate will accept and use the CN in the server certificate for URL filtering if the SNI does not match the CN or SAN fields.
- D. FortiGate will accept the connection with a warning if the SNI does not match the CN or SAN fields.

**Answer: A**

Explanation:

With the Server certificate SNI check set to Strict, FortiGate enforces that the SNI must match either the Common Name (CN) or Subject Alternative Name (SAN) in the server certificate; otherwise, it closes the connection.

#### NEW QUESTION # 17

An administrator wants to configure dead peer detection (DPD) on IPsec VPN for detecting dead tunnels. The requirement is that FortiGate sends DPD probes only when there is no inbound traffic.

Which DPD mode on FortiGate meets this requirement?

- A. Enabled
- B. On Idle
- C. On Demand
- D. Disabled

**Answer: A**

Explanation:

The "On Idle" DPD mode configures FortiGate to send DPD probes only when no inbound traffic is detected, meeting the requirement to send probes only when the tunnel is idle.

#### NEW QUESTION # 18

Refer to the exhibit, which shows a partial configuration from the remote authentication server.

Attribute	Value	Vendor	Actions
Fortinet-Group-Name	Training	Fortinet	 

Why does the FortiGate administrator need this configuration?

- A. To authenticate and match the Training OU on the RADIUS server.
- B. To authenticate only the Training user group.
- C. To set up a RADIUS server Secret.
- D. To authenticate Any FortiGate user groups.

**Answer: B**

Explanation:

The Fortinet-Group-Name attribute is used to restrict authentication to users who belong specifically to the "Training" user group on the RADIUS server.

#### NEW QUESTION # 19

Refer to the exhibit.

### Edit Address

Name	Fortinet
Color	 <span>Change</span>
Interface	 port2
Type	FQDN
FQDN	www.fortinet.com
Routing configuration	<input type="checkbox"/>
Comments	Write a comment... 0/255

An administrator has created a new firewall address to use as the destination for a static route. Why is the administrator not able to select the new address in the Destination field of the new static route?

- A. In the new static route, the administrator must select Named Address.
- B. In the new static route, the administrator must first set the interface to port2.
- C. In the new firewall address, the FQDN address must first be resolved.
- D. In the new firewall address, Routing configuration must be enabled.

**Answer: D**

Explanation:

To use an FQDN-based address object as a destination in a static route, the "Routing configuration" option must be enabled in the firewall address settings. Without this, the address cannot be selected for routing.

#### NEW QUESTION # 20

Refer to the exhibit.

The predefined deep-inspection and custom-deep-inspection profiles exclude some web categories from SSL inspection, as shown in the exhibit.

For which two reasons are these web categories exempted? (Choose two.)

- A. The resources utilization is optimized because these websites are in the trusted domain list on FortiGate.
- B. These websites are in an allowlist of reputable domain names maintained by FortiGuard.
- C. The FortiGate temporary certificate denies the browser's access to websites that use HTTP Strict Transport Security.
- D. The legal regulation aims to prioritize user privacy and protect sensitive information for these websites.

**Answer: C,D**

Explanation:

FortiGate's temporary SSL certificate may cause access denial to sites using HTTP Strict Transport Security (HSTS), so such sites are exempted from deep SSL inspection.

Legal regulations require exemption of certain categories to protect user privacy and sensitive information, so these web categories are excluded from SSL inspection.

## NEW QUESTION # 21

.....

If moving up in the fast-paced technological world is your objective, Fortinet is here to help. The excellent FCP - FortiGate 7.6 Administrator (FCP\_FGT\_AD-7.6) practice exam from Fortinet can help you realize your goal of passing the Fortinet Treasury with FCP - FortiGate 7.6 Administrator (FCP\_FGT\_AD-7.6) certification exam on your very first attempt. Most people find it difficult to find excellent Fortinet Treasury with FCP - FortiGate 7.6 Administrator (FCP\_FGT\_AD-7.6) exam dumps that can help them prepare for the actual FCP - FortiGate 7.6 Administrator (FCP\_FGT\_AD-7.6) exam.
