NEW QUESTION # 40

BIA stands for

- A. Business Information Availability
- B. Business Improvement Activities
- C. Business Impact Analysis
- D. Business Importance and Availability

Answer: C

Explanation:

Business impact analysis (BIA) is the process of identifying and prioritizing the organization's functions and processes based on their importance to the organization's objectives, and assessing the potential impacts of a disruption to those functions and processes over time. The BIA helps to determine the recovery time objectives (RTOs), recovery point objectives (RPOs), and resource requirements for each function and process, as well as the interdependencies and dependencies among them. The BIA provides the basis for developing recovery strategies and plans. Verified References: <https://www.ready.gov/business-impact-analysis><https://drii.org/resources/professionalpractices/EN>
