Our H19-315 Study Materials are written by experienced experts in the industry, so we can guarantee its quality and efficiency. The content of our H19-315 study materials is consistent with the proposition law all the time. We can't say it's the best reference, but we're sure it won't disappoint you. This can be borne out by the large number of buyers on our website every day. A wise man can often make the most favorable choice, I believe you are one of them

Huawei H19-315-ENU exam covers a wide range of topics, including the basics of transmission and access technology, Huawei's transmission and access products, network planning and design, and network maintenance and troubleshooting. H19-315 Exam is designed to test the candidate's ability to understand the customer's requirements, design a solution that meets those requirements, and present that solution to the customer in an effective and compelling manner. Candidates who pass H19-315 exam are expected to have a deep understanding of Huawei's transmission and access products and be able to provide effective solutions to customers.

Huawei is a Chinese multinational technology company that provides telecommunications equipment and sells consumer electronics, smartphones and computers. It is a trusted name in the field of technology and communication, thanks to its innovative products and services that offer superior performance and quality. Huawei has been offering training and certification programs to individuals and enterprises worldwide, thereby helping them gain expertise in various technology domains. One of the certification courses offered by Huawei is the HCPA-Transmission course, and the corresponding exam is Huawei H19-315.

The Pass4Test is committed to helping the Huawei HCSA-Presales-Transmission & Access exam candidates in the certification exam preparation and success journey. To achieve this objective the Pass4Test is offering valid, updated, and verified Huawei H19-315 Exam Questions in three different formats. These three different Huawei HCSA-Presales-Transmission & Access exam dumps types are Huawei PDF Questions Links to an external site.

Huawei H19-315-ENU (HCSA-Presales-Transmission & Access) Exam is a certification exam designed for professionals who want to demonstrate their knowledge and skills in the field of transmission and access technologies. H19-315 exam is specifically designed for those who are involved in the presales activities of Huawei equipment and solutions. H19-315 Exam Tests the candidate's understanding of transmission and access technologies, including their applications, features, and benefits. It also evaluates their ability to analyze customer requirements, identify potential solutions, and recommend the most appropriate products and services.

Huawei HCSA-Presales-Transmission & Access Sample Questions (Q29-Q34):

NEW QUESTION # 29

NCE-T Lite does NOT support virtualization deployment.

- A. True
- B. False

Answer: A

Explanation:

The NCE-T Lite is a simplified version of the NCE-T (Network Cloud Engine - Transport), designed for smaller-scale deployments or scenarios with limited resource requirements. Unlike the full version of NCE-T, NCE-T Lite does NOT support virtualization deployment.

Key details:

* **Deployment Model:** NCE-T Lite is typically deployed as a standalone application on bare-metal servers rather than in virtualized environments.

* **Resource Constraints:** It is optimized for environments where virtualization infrastructure (e.g., VMware, OpenStack) may not be available or practical.

* **Functionality:** While it provides essential network management and control capabilities, it lacks the scalability and flexibility of the full NCE-T platform.

Thus, the statement is correct.

NEW QUESTION # 30

All-optical network supports smooth upgrade of bandwidth, from GPON to 10G GPON, and from 10G GPON to 50G GPON, and the passive ODN network does not need to be changed.

- A. FALSE
- B. TRUE

Answer: B

NEW QUESTION # 31

What are the advantages of the GPON bearing railway fiber-to-the-train solution? (Multiple choice)

- A. P2P transmission mechanism, data transmission is more secure
- B. Passive optical network, aggregation passive without power supply

- C. Multiple protection mechanisms are safe and reliable
- D. Integrated access to solve voice, data, image

Answer: B,C,D

NEW QUESTION # 32

Which of the following statements about MS-OTN are correct?

- A. OSN 1800V, 1800II E, and 1800I E all can support MS-OTN.
- B. MS-OTN supports ODUk cross-connections.
- C. MS-OTN supports SDH, PKT, and OTN services.
- D. MS-OTN is short for Multi-Service Optical Transport Network.

Answer: B,C,D

Explanation:

The correct answers are A, B, and C. Here's a detailed explanation of each statement:

- * A. MS-OTN is short for Multi-Service Optical Transport Network: This is correct. MS-OTN integrates multiple technologies (e.g., OTN, SDH, Ethernet) into a single platform, enabling converged transport for diverse services.
- * B. MS-OTN supports SDH, PKT, and OTN services: This is correct. MS-OTN supports SDH (Synchronous Digital Hierarchy) for legacy services, PKT (Packet) for Ethernet-based traffic, and OTN (Optical Transport Network) for high-capacity transport.
- * C. MS-OTN supports ODUk cross-connections: This is correct. MS-OTN leverages ODUk (Optical Channel Data Unit-k) cross-connections to efficiently switch and route traffic at the optical layer, ensuring high performance and scalability.
- * D. OSN 1800V, 1800II E, and 1800I E all can support MS-OTN: This is incorrect. While the OSN 1800V and 1800II E support MS-OTN, the 1800I E is a simpler device designed for access networks and does not fully support MS-OTN capabilities.

NEW QUESTION # 33

Huawei full-light video back to the network, which equipment is common equipment? (Multiple Choice)

- A. MA5621
- B. P622E
- C. EA5800-X2
- D. T672E

Answer: B,D

NEW QUESTION # 34
